SERIOUSNESS OF THE SITUATION IN ROUMANIA.

LONDON, Nov. 21.—The military experts in the morning newspapers call attention to the seriousness of the situation in Roumania, where the Germans and Austrians report they have reached the railway which runs from the Danube to Craiova at a point which threatens to flank the Roumanian army south of Vulcan Pass. The Daily Mail says:

"The enemy claims to have attained his first objective, namely, an advance to the Roumanian plain. His new position endangers the Roumanian flank and may cause a rapid retirement. This news is brave, as the presence of the enemy on the railway would compel the retreat of a large part of the Roumanian line."

The Daily Chronicle says:

The German success, if true, is very serious. It means that the German attempt to cut off the southwest porjectoin of Roumania has gone far toward accomplishment. The position of Roumanian army at Orsova is precarious and it will be lucky if it extricates itself without a loss. The new advance does not aim directly at Bucharest, but gives the Germans an excellent base from which to do so."

A Message To Thin Weak Scrawny Folks

An Easy Way to Gain 10 to 30 Pounds Of Solid, Healthy Permanent Flesh.

Thin, nervous, undeveloped men and women everywhere are heard to say, "I can't understand why I do not get fat, I eat plenty of good nourishing food." The reason is just this: You cannot get fat, no matter how much you eat, unless your digestive organs assimilate the fat-making elements of your food instead of passing them out through the body as waste.

What is needed is a means of gently urging the assimiliative functions of the stomach and intestines to absorb the oils and fats and hand them over to the blood, where they may reach the starved, shrunken, run-down tissues and build them up. The thin person's body is like a dry sponge—eager and hungry for the fatty materials of which it is being deprived by the failure of the alimentary canal to take them from the food. A splendid way of working to overcome this sinful waste of flesh building elements and to stop the leakage of fats is to try Sargol, the famous flesh building agent that has been so widely sold in America in recent years. Take a little Sargol tablet with every meal and see if your cheeks don't quickly fill out and rolls of firm, healthy flesh form over your body, covering each bony angle and projecting point. All good druggists have Sargol or can get it from their wholesaler, and will refund your money if you are not satisfied with the gain in weight it produces as stated on the guarantee in each large package. It is inexpensive, easy to take and highly efficient.

If you find a druggist who is unable to supply you send $1.00 money order or registered letter to the National laboratories, 74 St. Antoine St. Montreal and a complete ten days treatment will be sent you postpaid.

NOTE—Sargol is recommended only as a flesh builder and while excellent results in cases of nervous indigestion, etc., have been reported, care should be taken about using it unless a gain of weight is desired.

LETTER FROM ENGLAND

The following letter was received by Mrs. Thomas Kenny, Morell, from her son, Pte. George Kenny of the 193rd Battalion, who crossed to England a short time ago:

Surrey, England.

Nov. 2, 1916.

Dear mother,—Just a few lines to let you know I am still alive. I just got back to camp today. I had been up to London on a six days' leave. It is quite a city when you compare it with Charlottetown. I saw some wonderful sights there. I was to mass in Westminster Cathedral It is a handsome church I could not begin to describe it I am in the best of health, and weigh 190 pounds. We get much better food than we did in Aldershot There is not a bit of difference in the drill here and what we had in Canada. It is not at all hard. I wrote to Martin when I came over, but got no answer yet. My transfer is all ready now when he comes over here, I can go right to him.

Well, mother, I wish you would send me a couple of pounds of twist as we cannot get it here, and also subscribe to the Guardian for me for six months. I will be here that long, anyhow. Give my love to all the family, and don't worry about me, for my fate is in God's hands, and He does all for the best.

Tell father not to work too hard. I'll be back to help him after I've had a shot at the Huns.

I must close now, as it is almost "Lights Out." Good-bye, mother,

Your loving son,

GEORGE.

THEY WERE RUNDOWN

For that reason it is important that when you find you tire easily, when your nerves are troublesome or your work is irksome, you should strengthen your system immediately with the blood-enriching, tissue-building food in Scott's Emulsion which contains the purest cod liver oil and is free from harmful drugs.
