NATIONAL FISH WEEK STARTS NEXT MONDAY

MONCTON, N. B., Oct. 20 (Special)—Statistics for the month of September 1932 show that 4,047 lbs. of fish were landed during that month in the Maritime Provinces and the Magdalen Islands with a value of \$436,271, according to the Natural Resources Department of the Canadian National Railways. This represents a decrease of approximately seven per cent in quantity and thirty-two per cent in value as compared with the same month last year.

The chief varieties in order of value were cod, lobster, herring, haddock, Oysters, halibut. Of these the oyster is the only one to show an increase of 200,000 lbs., with a decrease for Prince Edward Island returns of 420,000 lbs. Unfavorable weather conditions greatly interfered with lobster fishing.

With Canada's national fish week commencing Monday Oct.

STEADY CLIMB IN BUSINESS IS INDICATED

Trend Is Upward But Not Surging, Asserts U.S. Summary.

(By Victor Eubank, Associated Press Financial Writer)
NEW YORK, Oct. 20—A varied assortment of data indicating that the trend of business is still upward appears in the mid-October reports of editors of 115 publications, made to Associated Business Papers, Inc.

Show Progress

While the editors failed to find any great forward surge in any line of business, the statistics and reports collected during the first half of the month gave evidence of progress in a number of lines, including building department store sales, advertising and such general barometers of business as electric power consumption and the movement of freight.

Small gains in many department stores throughout the country were interpreted as a particularly cheerful sign.

Renewed Rioting Breaks Out In Kingston Prison

Heavy Firing Heard Within Walls Of Portsmouth As Darkness Fell Last Night.

(Canadian Press)
KINGSTON, Ont., Oct. 20—Heavy firing broke out within the walls of Portsmouth Penitentiary as darkness fell tonight.

KINGSTON, Ont., Oct. 20—(By The Canadian Press)—More than 200 maddened convicts, defiant in the face of machine guns and rifle fire, rioted in open mutiny tonight in Portsmouth Penitentiary. Seven hundred mates howled their approval from the iron barred cell block confines of Canada's great penal institution. One prisoner fell wounded before the fitful rifle fire of troops summoned for the second time in four days from Kingston barracks by distressed prison officials. Prison authorities,

FIRST RESOLUTION PASSES HOUSE BY LARGE MAJORITY

LONDON, Oct. 20—(A.P.)—The first of the financial resolutions giving effect to the trade decisions reached at the Ottawa Imperial Conference was adopted by the House of Commons today 451 to 84. The series of resolutions will carry out Britain's undertaking to give preference to Dominion products in exchange for preferences to British products in Dominion markets.

Hospital Report Sounds Warning

(Canadian Press)
TORONTO, Oct. 20—"Hospitals of Canada are facing a very serious situation and much anxiety is being expressed by leading hospital administrators and trustees concerning the future," declares the report of a study by the Canadian Hospital Council, federation of hospital associations in Canada.

The report indicates a general and steady falling off in private ward patronage during the past three years and a relative, and in many instances, actual increase in public ward patronage. "As public ward service whether to paying or to indigent patients is, in most provinces, provided considerably below actual cost, the drop in private

LIBERAL AMENDMENT OPPOSING TRADE PACT RULED OUT OF ORDER

Speaker's Decision Given In Parliament Yesterday. Slashing Criticism Of Liberal Obstructionist Made By Postmaster General.

(Canadian Press)
OTTAWA, Ont., Oct. 20—Ridiculing the suggestion that any coercion had been practiced by Canada in connection with the Canada-United Kingdom agreement, Hon. Maurice Dupre, Solicitor-General, continued his speech in the House of Commons today. The Liberals, he asserted, had two monopolies. They had a monopoly of inconsistency and also a monopoly of constitutional questions. As the Minister of Railways had expressed it on another occasion, the Liberals

Majority Of 222 Is Preliminary To Adoption Of Trade Agreements

Free Traders And Laborites Muster Only 69 Votes On Govt. Motion In British Parliament — Vote On The Agreements Tonight.

LONDON, Oct. 19—With benches now scarcely half filled the House of Commons yesterday continued debate on the United Kingdom's Ottawa Conference trade agreements with the Dominions. It was a day generally for back-benchers of the various parties with only occasional flashes of yesterday's excitement brought by announcement that the most favored nation trade pact with Soviet Russia would be abrogated.

On a motion of procedure incidental to resolutions on the agreements proper the government secured a majority of 222. The vote was on a government motion to

Brokers Are Treated Like Other Prisoners

OTTAWA, Oct. 20—In clear-cut and very emphatic language, Hon. Hugh Guthrie, Minister of Justice, told the House of Commons today that the 10 brokers released from imprisonment had been treated like any other first-offending prisoner or "pick-pocket."

The general practice of clemency had governed each case, the Minister declared. Each released broker had served half his sentence, his conduct had been reported upon favorably by the warden and he had earned six days remission for each month of his incarceration for good behaviour.

"That was the rule applied in all brokers' cases," Mr. Guthrie stated. "They were treated just as other prisoners, precisely. When they served half their term, if they were first offenders they were granted ticket of leave upon the condition that they should report to magistrates or police officers as required, and if their conduct continues good to the end of the term for which they were sentenced they will not be called upon to serve any further sentences in a penal institution on that charge."

In one of these instances only, the Minister had computed as part of the broker's penal incarceration the three months this man had spent in jail before his trial as he was unable to put up bail. Many judges counted this incarceration as part of the sentence; but this had not been done in the particular case. Several members applauded this statement of the Minister.

Additional to the 10 who had been liberated, two others in Ontario had been freed for the purpose of deportation to the United States and had been deported, Mr.

SADIE KING NOT GUILTY

(Canadian Press)
PICTOU, N. S., Oct. 20—A Pictou County Supreme Court jury tonight acquitted Sadie King, 19 year old New Glasgow girl, of murdering her sister's infant child, but convicted her on a charge of concealment of birth.

It was the second time in two days Sadie King had faced a jury. Yesterday the jury were discharged after failing to reach agreement in more than four hours consideration. Today a new selection from the panel were out two hours and forty-five minutes to bring back their verdict of not guilty.

They were sent back by Mr. Justice J. A. Chisholm and returned in 20 minutes with a conviction for concealment of birth.

Tomorrow Sadie's sister Matilda goes on trial for the infant's death. Both are defended by J. Henry MacDonald, with Rod MacLeod acting for the Crown.

Not The Best Of Friends

MONTREAL, Oct. 20—(C.P.)—Mrs. Raoul LaCasse, and Mrs. Angeline Lo-selle, neighbors, apparently are not the best of friends. In fact they disagreed so much, it has been disclosed in court here, Mrs. Lo-selle deeded it wise to separate with a line her half of their common back-yard. But it seems Mrs. LaCasse dared to cross this line and is alleged to have hit her neighbor with a broom handle, and then with a baseball bat. As the women were leaving the court, Mrs. Lo-selle turned to her neighbor and advised her to keep to her own side of the "equator."
