At the Police Court yesterday morning the case of Grace Hawkins vs John Hawkins, for assault was postponed till Wednesday. The assault and battery case of Margaret Donovan vs Thos Hughes was adjourned till Friday for judgment. A. P. Allen and John Hughes were also up for drunkenness. Allen was dismissed and Hughes adjourned till Friday.

HATTIE AND MELVIL, the well-known and popular druggists of Halifax had one of the best exhibits at the recent Nova Scotian Exhibition. In the centre of space in the building occupied by the firm was a pyramid which was used for a display of their different lines of fruit juice and well known syrups. The firm also deals in Park's Perfect Emulsion a well known and effective medicine.

THE Guardian has received copies of the Exeter Times with extended references to the death of the Rev. M. Urice Swaby at one time rector at Milton P. E. I. The deceased was ordained deacon in St. Paul's church here and admitted to priests order by the Right Rev. Bishop Medley of Fredericton. He ministered for some time on the Island and for fourteen years in the dioceses of Fredericton and St. Andrews.

THE marriage took place yesterday morning at St. Dunstan's Cathedral of James Hennessy to Miss Margaret Kelly. The ceremony was performed by Rev. Dr. Monaghan. The bride was attended by her sister, Miss Annie Kelly, while the groom was supported by his brother, Mr. Andrew Hennessy. After a sumptuous wedding breakfast was partaken of, the bridal party left by the west bound train en route to St. John, where they will spend their honeymoon. The Guardian extends congratulations.

AN exhibit at the Halifax Exhibition of special attraction to agriculturalists was that of the London Fence Machine Co. in charge of J. W. Boulter of Albany P. E. I. "London" Fence Machine has won many friends. It has never failed to please its customers. The demand last year exceeded the output, but the manufacturers have enlarged their factory and are able this year to offer the popular machine, with several valuable new improvements added, at a much less figure than ever before. They have spared no expense in securing a high standard of perfection and are satisfied with the results obtained. For genuine hard service, rapid work, equipment to meet all requirements, and build the best all-round fence the machine have no equal.

As at St. John, the Exhibit of Red Rose tea—the brand which is the favorite with so many people—at the recent Exhibition in Halifax was the subject of much favorable comment by the large numbers of visitors. The posters hung in various prominent places proclaimed the well known fact that "Red Rose tea is good tea." A souvenir King Edward calendar which contains pictures of all England's rulers of that name, was given away. It is unique in its way and much sought after. Red Rose tea and the Red Rose tea booth were equally popular.

### A Great Strain.

No one disputes the fact that we are living in a "rapid" age; it is rush, rush, rush from morning until night and competition is so fierce that the struggle does not cease until the machine is worn out. Women, too, even when surrounded by every comfort because infected by the common spirit, and what with their clubs and many social duties, have no time to give thought to their physical well-being, until suddenly they are brought to a sharp realization of the fact that nothing in their lives is so important as attention to correct, or rational living. It may surprise the readers to learn that women are more prone to piles than men, and in most cases, because it is difficult to impress upon them the importance of regular movements of the bowels; irregularity means straining at stool, and straining means piles, with the certainty (under the usual methods of treatment) that the sufferer will "have them always with her;" by "usual methods" is meant the application of salves and lotions, (or as a last resort) a surgical operation. If there is a complaint which entails more distress and suffering upon those afflicted, than piles, or hemorrhoids, it is not known to the writer; fortunately, however, there are learning that there is a remedy that effectually cures all forms of piles; it is known as the Pyramid Pile Cure, is in suppository form, is applied directly to the parts, and does its work quickly and painlessly; it is sold by drug gists for fifty cents a package, or will be mailed by the makers to any address, upon receipt of price. Mrs. John H. Caston, 2942 Arch St., Chicago, says: "I must write you that I was cured of a very aggravating case of itching and bleeding piles by the use of the great remedy Pyramid Pile cure, even after several physicians had claimed there was no cure except an operation. I am well now, and owe all to this valuable remedy. I cannot say enough for it." Write the Pyramid Drug Co., Marshall, Mich. for their little book on the cause and cure of piles.

### KILLS BROTHER FOR DEER.

WASUE, Wis., September 26.—Andrew Arment, aged 30, who lived at Marathan City, fourteen miles west of here, was shot and killed this morning by his brother John. Going out on a hunting trip they became separated and John finally spied what he thought was a deer and fired at it. Going to where the supposed deer had dropped he was horrified to find the brother lying dead with a bullet hole through his body.

### FIGHTING IN BULGARIA.

CONSTANTINOPLE, September 26.—Three hundred Bulgarians vs. Lithonians, who were surrounded by Turkish troops in the Vilayet of Solonica, succeeded in forcing the cordon after a sanguinary fight, during which both sides suffered severe losses. Reinforcements of troops have been sent in pursuit of the Bulgarians.
