Happenings of the Week

Miss Gertrude Hyndman was a visitor in Calgary on Tuesday evening enroute to her home in Edmonton, after spending the summer months with her parents, Hon Mr. Justice Hyndman and Mrs. Hyndman at their summer cottage, Qualicum Beach, Vancouver Island. On Monday in Vancouver, they were present at the marriage of Mr. Louis Hyndman and Miss Louise McDonald.

The Calgary Herald of last Wednesday reproduces a photograph of Mrs. Louis David Hyndman, who was formerly Louise Fairchild, daughter of Mrs. George Brown McDonald, of Los Angeles and Seattle. Mrs. Hyndman's marriage to Mr. Louis David Hyndman, eldest son of Hon. Mr. Justice Hyndman and Mrs. Hyndman of Edmonton, was solemnized quietly in Vancouver on Monday, of last week, and following a honeymoon spent at Qualicum Beach, Vancouver Island, Mr. and Mrs. Hyndman will go to Edmonton, where they will make their future home.

CENSUS IS DIFFICULT PROBLEM FOR NATION

OTTAWA, Ont., Sept. 26.—One of the first duties to which Hon. H. H. Cleverly, as Minister of Trade and Commerce, will give his attention is the settling of plans and arrangements for the 1931 census. Taking of the census is one of the most extensive acts of organization and administration carried out by government, and although the actual count will not be made until June 1, 1931, preparations are fully underway in the Dominion Bureau of Statistics here and will be completed at an early date.

The more important matters calling for decision at the moment are the general lines which the census will follow, and exactly what shall be the scope of the questions. As the census is the "stock-sheet" of the nation, settling once and for all some of the most important measurements by which the national business must be transacted for another ten years, the form and content of the several questions to be asked have to be given exceedingly careful consideration.

In Canada the decennial census is broadly limited to two great subjects, (1) population and (2) agriculture. For industry and many other subjects the Dominion Bureau of Statistics has now satisfactory machinery distinct from the census.

One of the subjects of population a number of useful questions will probably be asked. It has already been suggested as a result of the census conference on unemployment, to include among these certain questions which will permit a scientific study to be made of the whole problem of seasonal and periodic unemployment in Canada. This is a new departure, though the United States Census which was taken in April last, affords a precedent, and its results will undoubtedly be of permanent value. Another new feature is the collecting of a list of trading establishments of all descriptions which will subsequently be used as basis for a thorough investigation into internal trading activities. It is hoped also to make a beginning through the population census of certain social problems, noticeably those connected with charitable, correctional and other institutions.

All preparation will virtually have to be completed during the early autumn, in order to clear the way for the large amount of field organization and preparatory work necessary before the huge machine required to take the census is made ready for operation. The latter will require a staff of probably not less than 15,000 enumerators, commissioners and others who must reach every nook and corner of the country.

The Canadian census coincides in point of time with the census of Great Britain, Australia, New Zealand and other countries of the Empire, and as it follows the same general lines most valuable series of data and comparisons for the whole Empire will be the result.

PROPERTY CHANGES—Mr. John Spence, Hunter River, disposed of his stock and farming implements at public auction on Friday of last week. The farm, with this year's crop, has been sold to Mr. Peter Martin, previous to the sale, who, having immediate possession, intends moving with his family to their new home this week.

CONDITION IMPROVING—The condition of Mr. Frank M. Stewart, now in the Prince Edward Island Hospital suffering from severe facial lacerations and cuts to the head received when he fell down a bank near Tea Hill during an outing Thursday evening, is reported improved. Last evening he was resting comfortably, and yesterday was conscious periodically. Mr. Stewart was found about 8 p. m. Thursday evening by members of the outing party with his head partly under a ledge of rock. It is surmised that his fall was broken by his striking a projection in the bank and that he was thrown forward on his face on the rocky beach. The Guardian joins with his many friends in wishing him speedy recovery.

CURRAN—MCEACHERN NUPTIALS—A very pretty wedding took place at St. Joachim's Church, Vernon River, on the morning of Sept. 3rd, when Mary, eldest daughter of Mr. and Mrs. Albert Curran, Summerville, became the bride of Mr. Joseph McEachern, son of Mr. and Mrs. Alexander McEachern, Webster's Corner. The marriage ceremony was performed by the pastor, Rev. P. D. McGuigan, and during the Nuptial Mass, various selections were rendered by Mr. and Mrs. P. J. Brothers and Mr. J. A. O'Keefe. The bride looked very winsome in a gown of white duchess satin, bridal veil, caught with orange blossoms, and carried a bouquet of sweet peas and roses. The bridesmaid, Miss Lucy Curran, sister of the bride, was prettily gowned in pink chiffon with hat and shoes to match, and carried a bouquet of pink sweet peas and roses.

The bride and groom were the recipients of many beautiful and costly gifts, including cheques, linen, glass and silver ware, testifying to the popularity of both. The bride was one of our fair Island school teachers, and the groom a very successful cheese-maker, employed by the East River Cheese Factory. (Patric's please copy)

PERSONALS Mrs. Anne West-Saunders, City, is spending a few days at York, the guest of W. C. and Mrs. West.

Mrs. Angus Cameron, and Mrs. W. J. Monaghan, returned home last night after a pleasant visit with friends in Halifax and Sackville.

WANT HALIGONIAN FOR RACE

LUNENBURG, N. S., Sept. 26.—Efforts are being made to secure the schooner Haligonian, commanded by Captain Moyle Crouse, as an entry for the fishing schooner race that is scheduled to take place off here on the first of October during the Fisheries Exhibition and Fishermen's Regatta. This schooner competed with the Bluenose in a Provincial race off Halifax some years ago, and is considered a fast sailer. The entry along with two others already secured, the Margaret K. Smith, Captain Frank Whynacht, and the Alsatian, Captain Harold Corkum, should make the event one of unusual interest. The Margaret K. Smith, a smart contender, won the race last year over the Leah Beryl and Shirley B. Corkum, two newly launched and untried vessels. The prizes offered are: First prize \$375; second, \$325; third, \$300. The Arras, Captain Barkhouse, will officiate as committee boat.
