mental Farm, Charlottetown. They came by special train, so as to have full time to enjoy the outing, and arrived at the Farm at about 10.30 o'clock. This Institute is understood to have the largest membership of any in the Province and is doing excellent work. The visitors were full of admiration of the beauty and excellent arrangements of the Farm and the great variety of the grains, grasses, fruits and vegetables that are under cultivation there. After partaking of a bounteous repast in the grove they were shown over the Farm by Mr. Clark, who explained the work that is being carried on and replied to many questions as to the methods of cultivation, the different varieties of crops, fruits and flowers, the tile draining system and other matters. At two o'clock the party were photographed, and then repaired to the shade of the trees on the lawn where some short addresses were delivered. Mr. McCready was called upon to "break the ice" and made that his text for an optimistic address, touching upon the car ferry and the development that must follow it. He also spoke of the great promise of our oyster fisheries, which the provincial Government are undertaking to restore and develop. United States Consul Frost was next called upon and delighted his Acadian hearers by beginning his address in the language of old France. He very warmly praised the Island and its people, spoke enthusiastically of the beauty and fertility of the land and the happy and prosperous conditions that prevail. A number of apt and humorous anecdotes called forth considerable hilarity. Hon. A. E. Arsenault, in moving a vote of thanks to Mr. and Mrs. Clark, spoke very warmly of the excellent work that has been done at the Farm, and the happy conception of making it a place for festive gatherings such as this, where people from the rural districts could meet from time to time amid beautiful surroundings and at the same time become better informed as to what is being done to promote and uplift the farmer's calling.

TUESDAY

Dr. J. F. Clark of Colorado who has been absent from this Province for forty-five years, has been here visiting relatives and friends at his old home, Commercial Cross, and in Charlottetown. Needless to say he saw many changes and improvements. He was accompanied from Whitman, Mass, by his sister, Mrs. J. Musick. They left yesterday morning on return home via Pictou. While in Charlottetown the doctor was the guest of his nephew A. E. Sabine of Prowse Bros.

A Pownal correspondent writes that it is pleasing to read so many good reports of road-makers in this Province.—The Pownal School District is to be congratulated on having secured the services of such a competent man as A. A. Moore, whose natural adaptability in road making is proving itself in the ship-shape condition of the roads in this locality. A considerable amount of work has been accomplished at small cost and it is a pleasure for men to work under a foreman who so thoroughly understands his work.

Tom Longboat the fleetfooted Indian arrived last night by the Northumberland to be in readiness for his race with Freh Cameron on Thursday evening on the grounds of the Abegweit Club. Tom is a typical Indian athlete, straight and clean as an arrow, with muscles of steel and a chest capable of carrying enough air for any distance he may choose to undertake. As our readers know he holds the world's record for fifteen miles, 1 hour 18 minutes and ten seconds. He is in splendid form for the race which will undoubtedly be the fastest ever seen in this province. Fred Cameron arrives tonight. Although beaten in his last encounter with Longboat he is still game and whoever wins will have to work for it. Longboat is accompanied by his wife and before leaving the Island will probably visit the Lenox Island Reservation.

Miss Elise Henderson of Pasadena, Calif., who is spending the summer at Union Road, has returned from Charlottetown, where she spent a few days.

John Wheatley, Charlottetown, who met with an accident some few weeks ago while out driving, by being thrown against the wagon wheel, is able to be out again.

Funeral will take place on Wednesday morning to St. Dunstan's Cathedral, thence to Catholic Cemetery.

The death of Sister St. Philip music teacher at Rustico Convent which occurred at the Charlottetown Hospital Sunday evening at 7 o'clock, has caused much regret. About ten days ago she was taken ill with appendicitis while attending the retreat at Notre Dame Convent. An operation was performed from the effects of which she never recovered. The sad affair has cast a gloom over the sisters at the Academy. Sister St. Philip was a native of Quebec and was only 20 years of age. Her body was forwarded to Montreal yesterday morning for interment in the cemetery of the Mother House.

Many citizens in Charlottetown will hear with regret that Dr. McLaughlin has decided to locate in Western Canada where he is at present, with Mrs. McLaughlin and Miss Pearl. The Doctor has disposed of his practice and residence on Prince Street to Dr. Ross of Alberton who came to Charlottetown yesterday to locate. Dr. E. J. Kier of Mill River has decided to take over Dr. Ross' practice in Alberton. While regretting the departure of Dr. McLaughlin and family The Guardian heartily welcomes Dr. Ross and family to Charlottetown. Dr. Ross' card will be found elsewhere in this issue.

The death occurred under very sad circumstances of L. D. McKenzie, 98 Fitzroy Street, Charlottetown, yesterday morning. The deceased complained Sunday night of an oppressive feeling, as if he were smothering and at his request his wife left him and went to sleep in another room. At an early hour she looked in his room and found him sleeping easily, and later in the morning she called again and was horrified to find him dead. The coroner Dr. Johnson who was sent for pronounced death due to heart trouble and considered an inquest unnecessary. The late Mr. McKenzie was a tailor and formerly belonged to Morell and has been a resident of Charlottetown only for a short time. He leaves to mourn a widow and one daughter.

When a young woman she attended the Wyoming Seminary. Mrs. Chappell went to the Far East as a teacher under the auspices of the Women's Foreign Missionary Society of the Methodist church. For twelve years she was an instructor in Methodist schools, first at Yokohama, and then at Tokio. She was married in 1890 to Mr. Chappell, of the Aoyama Gakuin, and a native of Charlottetown, P. E. I. She leaves her husband and three daughters. The latter are the Misses Mary, Constance and Jean. The Misses Mary and Constance were to have been graduated this summer.

THIRTY YEARS OF DISFIGURING ECZEMA CURED

"Ever since I was a little girl, thirty years ago, I suffered tortures from eczema in one of its worst forms. The disease runs in my family, and mine was of a scaly and most disfiguring kind. The eczema formed in round rings, and then scales all over my face and limbs. I have been smothered from head to foot. I was born in Leamington, which is famous for its sulphur baths and pump waters, and one would think that after taking the treatment there regularly as I did, the disease would long ago have been cured, but it was not. I attended the Hospital for years and years, so you will see I gave it a fair trial. Everyone in the town knew of my case. My face was disfigured very badly. A doctor told me that I should never get rid of it. I spent pounds in doctors' bills, and I attended several hospitals but nothing did any good. Then one day an uncle of mine recommended the Cuticura Remedies. I try them at once and in a few days the itching and burning completely ceased, and I began to look in splendid condition. Then I bought a box of Cuticura Ointment, and this cleared my skin wonderfully. In a few weeks' time all traces of the scaly eruptions had completely disappeared. Now my skin is clear and healthy, and thanks to the Cuticura Remedies I am completely cured of eczema. All my neighbours were astounded. The Cuticura Remedies are worth their weight in gold, and one tablet of Cuticura Soap goes further than four cakes of cheaper soaps. It has brought happiness into my home." (Signed) Mrs. Butler, 17, Francis Rd., The Osteria, King's Norton, Birmingham, Eng., July 26, 1910.

Cuticura Soap and Ointment are sold everywhere, but those who wish to try them without charge may do so by sending to Pester Drug & Chem. Corp., 62 Columbus Ave., Boston, U. S. A., for a liberal sample of each, post-free, with 32-p. skin book.

from Mount Allison University, Canada, but they were recalled to Japan on account of the illness of their mother. Miss Jean Chappell was already in Tokio.—The sympathy of a wide circle of relatives and friends in Charlottetown will go out to the family in their far away home.

Yesterday morning the Pastime Club Boys, twelve in number left for St. Peters to camp. This is the third year for them to spend their vacation in this beautiful spot and the boys were certainly glad to get away, although the day was not very promising looking when they started it did not by any means lower their spirits any and all were in great excitement getting off. The boys this year purchased a large tent and besides this one they took with them two other smaller tents. They intend making this the banner year at camp for they will be adding more to their number before the week end. The following leaves this morning on the eastern train: W. Doucette, T. Trainor, Wm. Brawders, Leo Doucette, P. McQuaid, W. Coyle, J. Conroy, J. Herron, F. McCarey, J. J. Connolly, F. Trainor and A. Cullen, they were followed on the evening train by F. Skerry, H. Murphy and E. Hughes and will be joined by this morning's train by A. A. Trainor, E. McCarey, and A. Hennessey. On Saturday they will have another crowd with them, namely: E. Trainor, A. McDonald, A. Joy, P. Doyle, I. Hughes, Wm. Morgan, G. McQuaid, some to spend the last week and others to pass Sunday with the boys. The song they were singing on boarding the train this morning was: "We're going to St. Peter's to have a little fun. We're all united just like one, The boys of the Pastime Club."

Probably the most surprised man in Charlottetown, for a few minutes, was F. R. Newsom, Secretary and Business Manager of the Guardian, when, to celebrate the anniversary of his birthday, the full staff of night and day operatives walked into the general business office and asked for an audience with him. While cogitating whether the invasion was a strike or a rebellion, his surprise was relieved when Mr. Hoel, President and Managing Director, proceeded to read the address given below and Ray McDonald brought forward and presented Mr. Newsom with a handsome fitted suit case. The suit case is of black bull sea lion grain, with fine brass lock and side catches, leather lined and fitted with solid black ebony brushes, nickel hand mirror, comb, safety razor, headed nickel toilet bottles, etc., in short everything in the toilet line required by a gentleman.

A Physical Wreck

Suffered Tortures from Nervousness. Miss Marguerite Lees, 91 Robert St., Hamilton, Ont., writes: "I was a wreck, reduced in body, and despondent. I suffered tortures from nervousness, and was totally unfitted for work. A friend recommended Hood's Sarsaparilla. I commenced taking it and by the time the second bottle was consumed I knew that I was mending. Gradually I grew well. I have used Hood's since. I would not be without it on any account, and do most enthusiastically endorse every word in its favor. Get Hood's Sarsaparilla today. Sold by all druggists everywhere."

The Kingsboro Baptist Church was filled to its utmost capacity on both services on Sunday, the pastor, Rev. H. R. Bell, officiating. In the morning the congregation was glad to greet Rev. Mr. Mellick, a native of Elmira, who is resting before returning to his parish at Yarmouth. Mr. Mellick assisted at the service, offering prayer. The pastor delivered an excellent discourse on "Worship" treating his subject from the 1st Corinthians 1:17-23. His sermon was clear and convincing, speaking showing the sinfulness of worry and in prayer in all things, as suggested in the text, found the remedy. In the evening his subject was "Decision" and, as in the morning, he used apt illustrations and graphic word pictures to effectively impress the desired points in the minds of his hearers. Though but a short time with this congregation Mr. Bell and his wife are already held in high esteem by the people of the district and as their circle of acquaintance becomes larger lasting ties will result.
