

Double Capacity

The Imperial Biscuit Co., Ltd.

take pleasure in announcing to the Fox Breeders of Prince Edward Island that they have doubled the capacity of their plant. This has been made necessary by the insistent demand for IMPERIAL FOX BISCUITS throughout Canada. In the United States the demand is satisfied by the Imperial Biscuit Co., Inc., of Sackets Harbor, N. Y.

IMPERIAL FOX BISCUITS have been the backbone of the feeding schedule of nearly all the successful ranches on Prince Edward Island. They represent the highest form of nutritional value. Their formula has been thoroughly tested and year after year proved most satisfactory. All ingredients used are the purest and best money can buy.

NOW is the time to start in feeding heavily with Imperials so as to give your foxes long, silky guard fur and good clear under fur. Foxes fed with IMPERIAL BISCUITS are noted for glossy and healthy appearance.

Practically all the prize-winning foxes at the Fox Shows and Exhibitions and almost all bringing the highest pelt values, including the highest pelt in the recent London Sale, were the result of feeding with IMPERIAL FOX BISCUITS.

INSIDIOUS EYE STRAIN
We use this adjective advisedly. Sufferers from Eyestrain may have perfect vision and therefore do not suspect the presence of any eye defect. The motive power of the entire human organism is Nerve Energy. Normal eyes, it is computed utilize about 20% of this Nerve Energy, but when Eyestrain is present, a much larger proportion is required. Hence defective eyes, through their consumption of an excessive amount of Nerve Energy, may seriously affect the functioning of other organs of the body, and produce ill health. **HAVE YOUR EYES EXAMINED** **G.
