CHARLETON AND VICINITY.

On Thursday evening last, the young people of Charlton held an interesting moonlight picnic at Nathan Bell's shore. The evening was whittled away by bathing, playing games, etc., and was enjoyed by all.—Mrs. Chas. Doull of Charlton, returned home, after spending the week-end in Seartown, with her daughter, Mrs. Fred McQuarrie.—(Capt. Rory McLeod, Lloyd Howatt and Jimmy McLeod of Truxon, paid a flying visit to Charlton on Tuesday evening.—Mr. and Mrs. Frank Howatt, and Mrs. Russell MacDonald, Charlton, were motorists to Summerside on Saturday afternoon.—Miss Vivian Howatt, Charlottetown, is spending her vacation at the home of Miss Doris Campbell, Cape Traverse.—Mrs. Frank La Voie and little son Jack, of U. S. A., and Miss Diana Dougherty of Victoria, are spending a few days in Charlton, the guests of Mrs. H. C. Muttart.—Miss Amelia McDonald of Charlton is visiting her aunt, Mrs. Ernest Inman of Truxon.—Mr. and Mrs. Robert Carmichael and family have recently left Charlton to take up their new residence in Albany, where they have purchased the farm from Mrs. Thomas Bell.—Miss Mary O'Connor, one of Holman's most popular clerks is spending her holidays at her home in North Charlton.—The Messrs. Henry Muttart and Arthur Stewart have recently completed at Charlton Sidling, a beautiful house for Cook Howatt.—Mrs. Gordon Linkletter of Summerside, and Mr. Stanley Linkletter of U. S. A. paid a visit to Charlton on Thursday, at the home of Mrs. Fred Bell.—Miss Ruth Caruthers of Charlton spent Thursday evening in Berlin.—Miss Velda Campbell of Cape Traverse spent Thursday afternoon with Miss Helen Campbells of Charlton.—Miss Dori Campbell, Charlton, spent the week-end in Charlottetown, the guest of Miss V. Howatt.—Mr. Lloyd Crozier of Summerside, is spending his holidays with his aunt, Mrs. Samuel Caruthers.—Mr. John Haslam of Springfield, spent the week-end in Charlton, the guest of Mr. and Mrs. Albert Muttart.—Mr. Joseph McDonald, Charlton, is visiting his grand-parents, Mr. and Mrs. Joseph McDonald of Crapaud.—Miss Flora A. Campbell, of Summerside spent the week-end with Mr. and Mrs. Frank Howard, Charlton.

COUNTESS GOES AS DELEGATE TO TORO CONVENTION

OTTAWA, August 17.—A Countess will mark her ballot in the selection of a permanent party leader at the Conservative convention to be held in Winnipeg next October 11. An announcement made tonight by the National Committee organizing for the meeting stated that the Countess of Ashburnham, of Fredericton, N.B., will be one of the fully accredited delegates at the Winnipeg gathering, from the Constituency of York-Sunbury.

"It is a nice suit," admitted the prosperous-looking man. "Paid \$80 for it last year. And if you don't believe me, I'll show you the summons."

Sometimes a woman's dimples make dents in a man's heart.

SURE WAY TO GET RID OF BLACKHEADS

There is one simple, safe and sure way that never fails to get rid of blackheads; that is to dissolve them. To do this, get two ounces of peroxide powder from any drug store—sprinkle a little on a hot, wet cloth—rub over the blackheads briskly—wash the parts and you will be surprised how the blackheads have disappeared. Big blackheads, little blackheads, no matter where they are, simply dissolve and disappear. Blackheads are a mixture of dust and dirt and secretions that form in the pores of the skin. The peroxide dissolves and the water dissolves the pores free and clean and in their natural condition.

Prospects Bright For Big Grain Crop

(Special To The Guardian)
MONTREAL, August 17.—Seldom in the history of the West have prospects been so bright for a general heavy yield of grain as in the case this season according to C. C. Groff of the Department of Agriculture of the Canadian National Railways who returned last week from an extended trip through the West in connection with the farmers marketing tour to the old land now being organized by the Railway Company.

"Of all the 22 years I lived in the West" stated Mr. Groff, "I do not remember a season in which the crops were so uniformly good or agricultural conditions generally so promising as this year. Especially is this true of Alberta where some districts are having their first bumper crop in several years. The outcry in the Spring over the very unseasonable weather has turned to rejoicing of the luxurious growth of the grain crops induced by the almost perfect growing weather which has since been experienced. The luxuriance of the hay crops and the prairie grasses is also most marked.

"When I left the West ten days ago the prospects were for a 400,000,000 bushels yield of wheat in the prairie provinces. Of this Alberta expects to produce considerably more than 150,000,000 bushels, the greatest crop in its history. Saskatchewan has suffered a little in certain districts from rust and an early frost and Manitoba crops have been more affected by the very wet Spring and the development of rust than Provinces further West. This may result in the reduction of the yield somewhat and will affect the quality in certain districts but generally speaking the West is now beginning to harvest a tremendous crop of grain that is expected to set some new records in individual yields. The average yields in Alberta should reach 28 or 30 bushels over the record area of 6,200,000 acres of wheat. Along the Canadian National lines northeast of Calgary and east from Edmonton through Alberta and Saskatchewan some of the most beautiful stands of grain ever seen are now being harvested. The Peace River country expects to ship out about 8,000,000 bushels of grain this season compared with less than five last year.

"The wheat pool sign up is now proceeding for the second five year period throughout the west and the prospects are for a larger membership than ever. If there is any impression abroad that the wheat pools are weakening of the yield some of this in the number of contracts that are being signed nor in the enthusiasm that pervades the meetings. I sat through the two day session of the annual gathering of the Manitoba wheat pool at Brandon where harmony prevailed."

The prospects are that there will be a considerable representation of western farmers in the marketing excursion to Europe which the Canadian National Railway is now organizing. Many of the farmers, organizations are considering sending delegates and there is a keen appreciation of the value of the tour in giving Canadian farmers a knowledge of Agriculture and marketing methods in other countries. Some of the western departments of agriculture will also probably be represented."

Monthly Review P. E. I. Protestant Orphanage

The month of July although not remarkable for receipts of donations has seen several important matters much improved and without any diminution a number of new faces have arrived to increase our list.

Apart from the ordinary children's ailments no serious illness has appeared and all have been successfully vaccinated.

Anyone who may doubt the abundant health of the children will have it dissipated by a visit to the home any fine day during meal-time when the children are served on the lawn seated in a circle.

The work of improving the grounds is steadily advancing; the Grading is almost complete and the new fences being put up cannot but add greatly to the appearance of the surroundings.

Our Financial Problems still remain, in fact if anything they are increased.

A number of splendid donations in kind have been received, among them being an excellent box of clothing from Edith Cavell, L. O. B. A. S'Side.

Cash donations during the month although not large were nevertheless thankfully received as follows:

Kimberly L. T. B. City 13.00—New Glasgow W. I. 14.05; A Friend in U. S. A. 10.00; Collections Orange Service Margate and Kensington 24.58; Vernon Moore Crapaud, 1.00; W. C. Collett, Boston 10.00; Geo. H. Deacon Free-town West 1.00; Victoria West L. O. L. 85.00; King William L. O. L. Kingston 45.33; Braden Jolly S'Side, 85.00; Princess Mary Lodge Crapaud 320.00; Coll. Albion per Miss Creed 99.61; Mrs. Edgar Heartz, East Royal 225.00; Kenmare L. O. L. Ellerslie 97.77.

As intimated Finances present the most serious problem—we have the Home—we have the Children, but we have NOT the means necessary to carry on as we should.

Besides the funds necessary for Maintenance there are many repair bills to be met; where there are so many children the wear and tear is also a factor and the necessary housecleanings cannot be done for nothing.

In connection with our Endowment Fund we trust no one has been misled into believing the revenue from that source is of any very large benefit. The interest from this Fund is now only about \$250.00 a year for the Contagious Interest must accumulate for a time and the Bequest of the late Alex. Stewart is not payable till 1932, almost five years.

It is time that not only the Board but all friends of the Home should begin to think seriously and assist in devising plans for immediate relief. The Bank overdraft is mounting up and it must not be permitted to grow much larger.

A considerable amount of Debt yet remains to be paid from the Drive Funds and this can only be done as Pledges are paid up. The Debt has been funded in the Bank of Nova Scotia and as the payments arrive they are credited directly against that Debt.

There are still several pledges unpaid, in fact plenty to clear our entire Debt and it does seem a pity that they still remain unpaid.

If we have your name on a pledge—Now is the accepted time! This year is so full of difficult and serious problems in our Orphanage work that it is better here to boldly ask your assistance and then turn the page to brighter things and Hope.

The brighter things are our prime object—THE CHILDREN. They are unconsciously a mighty force in the world. They have their part in most good books. No home can be quite complete without them. Quarrels are short-lived where they are, and a sad heart is refreshed by their smile.

It is quite true that the Orphanage children have many conveniences that we as children did not enjoy but do you envy them for that? Their Home over their heads and beautiful, they are well cared for and well trained and yet there is a something lacking, a something that can be felt as soon as you mingle with the little ones and read aright the same appeal in every eye.

How deeply thankful we should all be as we recall our own childhood's Happy Home and Mother—Dear Old Mother shodding daily the light of her love and smile upon each of her little flock.

How we would all exert ourselves if it were possible to fill this emptiness in the lives of these children in our Institution, but we cannot and so you are asked to do the next best thing—to bring to them LIFE and a fair chance to become useful citizens. There is a friend at you read this over, study it well; it has been well studied in preparation and its aim is to convince you that, no matter what criticisms you have heard or opinions formed, this fact still stands, the Management is running your Institution Honestly and Fairly and need your assistance before they can go much further.

It costs money to send after your payment on Pledge or person-services. A number of new members joined.

Service in the United Church was held at the usual hour of 11 a. m. Rev. M. K. Charman, pastor.

Magistrate: "Do you mean to say such a physical wreck as he is gave you that black eye?"
Complainant: "Well, yer honor, he wasn't a physical wreck till after he gave me the black eye!"

"Somebody told me today that I was good-looking."
"When was that?"
"Today."
"No, I mean when were you good-looking?"

Select Your Nib By Colour!

You can now select—with confidence—exactly the nib best suited to your style of writing.

The Colour signifies the kind of nib.

A Fine, Broad, Stub, Flexible or Stiff nib may be selected at a glance. With the colour to guide you there can be no mistake.

Try Waterman's New Number Seven \$7.00

Guaranteed since 1883 and until 1983—one hundred years of pen service.

Which is your Colour?

RED—STANDARD—suits most writers. A splendid correspondence nib. Medium flexibility. For home and general use.

GREEN—RIGID—tempered to armour-plate hardness. Will not shade even under heavy pressure. Unequalled for manifolding. The Salesman's friend.

PURPLE—STIFF, FINE—writes without pressure. Makes a thin, clean line and small figures with unerring accuracy. Popular with accountants.

PINK—FLEXIBLE, FINE—as resilient as a watch spring. Fine, tempered point, ground fine to shade at any angle. Preferred by Stenographers.

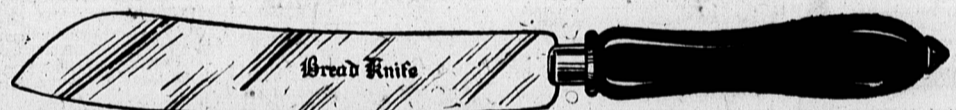

BLUE—BLUNT—an improved stub nib. Makes a broad line. May be held in any position. The choice of rapid writers.

YELLOW—ROUNDED—a different nib. The point is ball shape. Makes a heavy characteristic line without pressure.
