ABSOLUTELY CURES STOMACH TROUBLE AND INDIGESTION

The question as to how long you are going to continue a sufferer from Indigestion, Dyspepsia or out-of-order Stomach is merely a matter of how soon you begin taking some Diapiesin.

If your Stomach is lacking in digestive power, why not help the stomach to do its work, not with drastic drugs, but a re-enforcement of digestive agents, such as are naturally at work in the stomach.

People with weak Stomachs should take a little Diapiesin occasionally, and there will be no more Indigestion, no feeling like a lump of lead in the stomach, no heartburn, Sour risings, Gas on stomach or Belching of undigested food, Headaches, Dizziness or Sick Stomach, and, besides, what you eat will not ferment and poison your breath with nauseous odors. All these symptoms resulting from a sour, out-of-order stomach and dyspepsia are generally relieved in five minutes after taking a little Diapiesin.

Go to your druggist and get a 50-cent case of Pape's Diapiesin, and you will always go to the table with a hearty appetite, and what you eat will taste good, because your stomach and intestines will be clean and fresh, and you will know there are not going to be any more bad nights and miserable days for you. They freshen you and make you feel like life is worth living.
