The Lord Nelson

The Duchess of Athol, in addressing the girls of Blackheath High School, remarked that knitting was a wonderful soother in life, performing the same office for women as the cigarette or pipe does for a man, but in an infinitely better way. This homely advice is timely, but the pert young misses who are addicted to tobacco may stick to their cigarettes and knit at the same time, thus making assurance of being soothed doubly.

EVERYTHING IN HARDWARE

AFTER THIRTY-THREE YEARS.—Mr. James P. Ryan, Santa Ana, California, is at present enjoying a holiday in the province after an absence of thirty-three years. Mr. Ryan belongs to St. Peter's, and has been visiting the old place, where he sees many changes, all for the better. He misses old faces and friends of his youth, but sees in the rising generation youths not of inferior calibre to those of his own day, and feels with the improved education and

outlook in life, these will make still further progress in the improvement of Agriculture in the Province. Mr. Ryan has been royally entertained by his friends and expresses his keen appreciation of the hospitality and good will extended to him on all sides. Mr. Ryan leaves tomorrow on return home via Boston, Niagara and Salt Lake City. In Santa Ana Mr. Ryan made good in both the hotel and real estate business.

ANTI EMIGRATION OFFICER.—Among the visitors to the Province at present is Father T. M. Gill of the Department of Immigration, Ottawa, whose duty it is to try and help our young people from emigrating and to induce those who have already emigrated to the United States to return home. Father Gill is having a look

round to see conditions here so that he may be in a position to speak of them from first hand knowledge. He has written and published under the pen-name of "Sabbattis", a very interesting book on the folly of leaving the old homestead of the bright lights of the city, entitled "The Lure of the City," and it has been placed on sale at the local book stores. Although it concerns more particularly Nova Scotia it is equally applicable to this province, and may be read with profit by our young people.

Miss Gladys MacKinnon and her sister Miss Jean MacKinnon, daughters of Rev. John MacKinnon, Baddeck, C. B., are the guests of Rev. and Mrs. J. M. McLeod, City, Monday

will remember Miss Gladys MacKinnon, as the leader of song, in Dr. MacLean's evangelistic meetings in the Maritime Provinces, a few years ago. They are enjoying their trip to the Island, which compares favorably with Baddeck the beautiful, the home of the late Dr. Bell, of telephone fame.

WARNING!

MISLED by the red color, some motorists are paying 3c. extra per gallon for gasoline that has no premium qualities.

You can get Imperial Ethyl performance only from Imperial Ethyl Gasoline. It gives you greater mileage, greater power and smoother operation because to it is added the costly Ethyl compound which of itself is colorless and which will never be found except in Ethyl Gasoline.

Imperial Ethyl Gasoline is colored red for one reason only—so that it will not be used for cleaning and other purposes for which the Ethyl compound makes it unsuitable. As there is no purpose served by red dye alone it seems reasonable to assume that other gasolines are colored red so that motorists will be led to believe they are getting the Ethyl product.

Red dye is cheap—you can dye a hundred gallons of gasoline red at a cost of only one cent. Why pay 3c. a gallon premium for this red dye, especially when it does not improve the gasoline's quality?

When you pay a premium for gasoline be sure you get premium quality. You can be sure if you look to see that the Ethyl Trademark is on the pump that serves you.

IMPERIAL OIL LIMITED

Imperial Oil Products are made in the Maritimes. When you buy these better gasolines and oils you are directly promoting the home prosperity of the Maritime Provinces.
