Every ring bears the standard "W. W. W." representing a 45 years test in wearing qualities. Look inside grandmother's ring and see if it is not a "W. W. W." They are made in all widths and in 10k, 14k, and 18k. Of all rings the Wedding Ring should be the best.

OXYGEN THERAPY

The statement of Mr. C. Fraser MacTavish that I am not now in the employ of the Maritime Oxypathor Co. is recalled for, as I announced the fact several times in four Island papers. All the Oxypathors I have sold or rented were my own personal property, having been paid for in advance. I still have a number of Oxypathors for sale which I will dispose of at a liberal discount. I have no intention of going out of the Oxygen Therapy business, having accepted the agency of the Parador Oxygen Co., the Parador being the latest and most improved oxygenating machine on the market.

CASE SETTLED.—Before Justice of the Peace Molyneux, Southport, in the case of Ings vs Forbes decision was given in favor of the plaintiff Ings. The defendant was fined \$10 and costs pending good behaviour.

WEDDING BELLS.—A pretty wedding took place at the home of the bride's brother, Mr. Archibald Linkletter, at Linkletter when Miss Ada Bell Linkletter was united in marriage to Mr. Clifford Wright of Middleton in the presence of about seventy guests. The bride was very becomingly attired in a suit of cream voile and carried a bouquet of lilies and apple blossoms. The many beautiful and valuable presents received indicated the high esteem in which the bride and groom are held. Rev. Chas. E. Armstrong was the officiating minister.

MEETING AT WINSLOE.—In answer to a request sent the Department of Agriculture by the people of Winsloe, Miss Katherine James, Supervisor of Women's Institutes, held a meeting in the Hall there on Saturday afternoon. Quite a number of women were present and listened with interest to a detailed description of the aims and scope of the movement, its aims, and scope. After some discussion, it was decided to hold another meeting on July 2nd, to further consider organization, when it is hoped the women of Harrington as well as North and South Winsloe will be present. Further notice of this July meeting will be published later.

RUNAWAY SATURDAY.—A serious accident was narrowly averted on Saturday afternoon by the courage and presence of mind of Mr. George Brady, Charlottetown. A horse owned by Dr. Pethick, and attached to a rubber tired runabout, driven by two ladies, became suddenly frightened and started to run up King Street. The driver found it impossible to control her horse which was going at a swift pace. Mr. Brady who happened to be on King Street, saw the ladies grave predicament and started at a swift pace to catch the frightened beast. He succeeded and pluckily stopped the runaway thus avoiding what would otherwise have been a very serious accident.

SPRINGFIELD.—At the regular monthly meeting of the Springfield Women's Institute there was a large attendance of members and visitors. After a discussion of the most suitable name for the Institute, it was decided to leave the matter over till next meeting. The Supervisor then gave some suggestions for Institute meetings and later one of the younger members was elected to look out for clippings regarding the work of older Women's Institutes on the Island and elsewhere and these were to be brought and read at the next meeting. By such means the interests of the individual society will be broadened and helpful, ideas gained for use in future meetings. After some minor business matters were disposed of, the Supervisor gave an interesting talk on the canning of fruits and vegetables, which contained many useful hints and directions on this important branch of housekeeping. Several ideas on this subject were exchanged among the members and different processes on the preservation of meats, fruits and vegetables were discussed. Such instructive and social meetings are a great advantage to the women of any district and doubtless the attendance will grow from time to time, when it is realized that they are of such lasting good in the community.

TEMPLE-WILSON.—At 7 o'clock, Thursday evening, the wedding took place at Waverly of Louella, daughter of Mrs. Margaret Temple, and Thomas Albert Wilson, says a Halifax exchange. The spacious drawing rooms were beautifully decorated, the bride and groom standing under an arch of white flowers. Little Miss Margaret Temple acted as flower maid. She carried a very dainty basket of flowers composed of lilies of the valley and maiden hair fern. Misses Lillian McQuinn and Chevy Wilson were the ribbon bearers, both being prettily dressed in white with blue trimmings. The bride, one of the most popular young ladies of Waverly, looked charming in a handsome gown of white and groom standing under an arch of white flowers. The ceremony was performed by Rev. F. M. Milligan, a Pine Hill classmate of Mr. Wilson. The wedding marches were rendered by Mrs. Lottie Crosby, sister of the bride. After the ceremony the guests assembled in the dining room where Misses Lillian McQuinn, Chevy Wilson and Jean Travis, Regina Lottie Crosby and John McQuinn assisted in serving a very dainty luncheon, the room being tastefully decorated with white carnations, maiden hair fern and English Ivy. The bride's going-away gown was of tan bedford cord, with hat to match. Mr. and Mrs. Wilson left by motor for the Bras d'or Lakes, where the honeymoon will be spent. PRaise OF DR. PRINGLE.—R. E. Knowles, writing his impressions of the Presbyterian Assembly Conference held at Toronto says of Dr. Pringle who has a wide circle of friends in Charlottetown:—"Dr. John Pringle was at his best at the Home Mission meeting in St. Andrew's Church. The stalwart John has not been so much in evidence at this Assembly as at others. But he is not an extinct volcano yet—nor likely to be till friends and acquaintances are asked to accept this intimation: if indeed then, Pringle has glorious inspirational powers, for which he deserves but little credit. He is about as responsible for them as an Aeolian harp is for its music—it is the far-wandering winds that provide the melody. And by the same token, and for the encouragement of some of the rest of us, if a man is born a handspike, he is no more to be blamed for that than the Aeolian harp is to be praised. Pringle knows how to blend truth in the abstract with life in the concrete, which is a supreme necessity for great preaching—Spurgeon said that his two great aids were the Bible and The London Times. Pringle is temporarily in Nova Scotia, but no one can hear him without remarking that he is suffering from a rush of Klondike of the heart."
