Leaving Summerside on Friday morning at 7 o'clock Stephen reached the City at noon on Saturday after nineteen hours actual paddling. At times the canoe was hampered with adverse tides, but persistence won. The canoe was stranded for two hours on a sand bar at Victoria, as the tide was going out. "I'll give you the canoe if you want to take it back," says Mr. Pond. He intends shipping the craft back to the Western Metropolis.

BAND ENJOY OUTING—The members of the League of the Cross Band had an enjoyable "turn out" yesterday when they spent a day at West River Bridge. The intention was a trip to Bonshaw but the motor boat was considered too large to negotiate the narrow river above the West River Bridge. However the bandmen enjoyed the day which brought back memories of old camping days on McNally's Island and many stories were told as the crowd sat around after a hearty meal, consumed in real picnic style. The boat left on return home just before the rain.

Work is progressing favorably on the airport at Upton Farm and will be completed on Saturday night in good time for the Trans-Canada Air Pageant which will be held here on August 23 and 24, according to a message received by The Guardian last night from the Canadian Press. PASSING OF ELDERLY RESIDENT OF BEDEQUE—Many friends will regret to hear of the death on Saturday morning of Mrs. Alice Henderson at the age of 84 years, at the residence of her son, Mr. James C. Henderson, Central Bedeque. Mrs. Henderson had been in failing health for some months and her death was not unexpected. She was the widow of the late James Henderson of Bedeque, and had lived all her married life in Bedeque. Before her marriage she was Miss Alice Blatch of Charlottetown. Her passing will be deeply mourned by a large circle of friends as her quiet disposition and kindly nature had endeared her to all who knew her. Sincere sympathy is extended to her only son, Mr. James C. Henderson, who is left to mourn. The funeral took place on Monday at North Bedeque and was largely attended. S.

A VISITORS' APPRECIATION—One of the most delightful gardens in the Province, is that of Mrs. L. E. C. Ferguson, Meadow Lea, New London, which is ideally located facing the Bay, while in the background is seen the old historic Geddie Memorial Church. With a love and appreciation for the beautiful, this energetic lady has collected many rare flowers, vines and shrubs, which she can readily call by name, from different countries. These she has trained over trellises and rustic arches with true artistic skill. Her unique and roses perfume the air, while the flowers are a riot of color to the eye. A sun dial and bird-baths are conveniently placed while inviting seats and an ideal summer house invite the visitor to linger. In Mrs. Ferguson's commodious home, visitors are cordially welcomed, and revel in the wonderful antiques she owns. Many of these are over two hundred years old, and others are reminders of loving romances of the early settlers when a visit to Charlottetown was made on horseback. It is certainly a connoisseurs' paradise.

Mr. James Paton, President, in introducing the proceeding said it was now 41 year since the Association held its first Exhibition. Among the Charter members were 17 lawyers, 31 merchants, and 45 others including insurance agents, bank managers, doctors, livery stable men, hotel keepers and one farmer. Of the original 126 shareholders, there were only 18 subscribers outside of Charlottetown. Due credit must be given to those gentlemen for their public spiritedness in establishing this great Provincial Fair. The Exhibition was looked forward to for months by thousands of our people. Coming as it did between haymaking and harvest, it was an opportune time for the farmer and his family to enjoy an inexpensive and well-earned holiday. Young and old mingle with their friends, thus stimulating mind and body. It also afforded an opportunity to those having ambition to improve their products and live stock.

He has also secured pictures of the Exhibition and of Lieut. Governor Dalton's visit to H. M. S. Delhi and Vice Admiral Haggard and Aides returning their visit at Government House. Mr. Roos is personally acquainted with many of the R. C. A. F. pilots who are taking part in the Trans-Canada Air Pageant and hopes to renew acquaintance with them when they come here.

A description of the motion pictures on which Mr. Roos is working, and which is to be circulated throughout the United States and Canada, follows:

Judging began at the Provincial Exhibition yesterday morning and continued throughout the day. There was an attendance of upwards of 4,000 which was slightly above that of the first day last year. Every feature of the Big Fair, whether of an educational or recreational nature, was going full swing, and last evening the Midway and Main Building was thronged with spectators.

Judging was begun yesterday morning in the live stock sections. This work is partly completed in the Holstein, Ayrshire, and Guernsey cattle classes, and is completed in the heavy horse classes, Jerseys, Shorthorns, and the sheep classes will be judged today, and it is expected that the work in the Main Building will be completed today. From point of quantity the exhibits exceed the record of last year, and the quality in most cases appears superior. The booths in the Main Building attract much attention and many favourable comments are heard on the ingenuity shown by the various firms.

The sight-seeing trips are being thoroughly enjoyed by the visitors who are all prominent educationalists, and on their first visit to the Garden Province. They intend touring the Maritimes before sailing from Yarmouth for their homes.

PAINFULLY INJURED

—Serious injuries were sustained by Miss Olive Ritchie, Charlottetown, yesterday morning when a motor car, driven by a Summerside lady, in making the turn off Great George to Kent Street, ran up over the curb, striking Miss Ritchie, who was on the sidewalk, with such violence, that she was dragged a considerable distance and picked up unconscious with both legs broken, one at the ankle, the other just below the knee. The injured lady was driven at once to the P. E. Island Hospital by Mr. William Gillespie. Though suffering severely from shock and possibly from internal injuries, Miss Ritchie's condition last evening was reported as well as could be expected.

SAD NEWS RECEIVED—Mrs. Louis Leard of Summerside has received the sad news of the sudden death on August 4th of Mr. George Money in Winnipeg. The late Mr. Money was Mrs. Leard's son-in-law having married her daughter, Mildred Newsome, who predeceased her husband some few years ago. He was a native of London, Ont., but went to reside in Winnipeg where he met his wife.

The same letter that conveyed the news of Mr. Money's death brought the news of the death of his eldest son, Kenneth Newsome, after a long illness. The boy was only 21 years of age. There are left to mourn two other children Miss Margaret and Master Allen. Island friends join in extending sympathy to Mrs. Leard and her bereaved grandchildren. S.

Arsenault, who is survived by his mother, Mrs. Beauvois Arsenault, and two sisters, Denise and Ethel, Summerside, died shortly after he was taken to the Prince County Hospital. The accident occurred on the western road just beyond the bridge at the extreme west of the town and directly opposite the rifle range.

FERRY FIRE—Considerable damage was caused by a fire in the hold of the Rocky Point Ferry yesterday morning about 11 o'clock. On account of the heavy smoke the firemen had great difficulty in coping with the blaze. Streams of water were poured into the interior of the craft and the fire was finally extinguished. The machinery in the ferry was not injured, and after the water was pumped out the Hillsboro was able to make her scheduled trips. The fire equipment was out for three quarters of an hour. A fire fighting boat was also sent from H. M. S. Delhi. A hole was chopped on the deck just above the locker where the fire started. A stream of water was directed through this hole, and other hose lines were led through the engine room. The locker was filled with spare parts, paint and waste used in cleaning the engines. No official estimate on the damage has yet been made, but a member of the crew believed it would be in the vicinity of \$1,000.

Jenkins to have the Trans-Canada Air Pageant held at the Upton Field on Monday, August 31, as it will be impossible to hold the Pageant on August 24, as was hoped, due to the fact that it was impossible on account of wet weather to have the new work on Upton Field ready in time. The brilliant naval uniforms and the handsome gowns worn by the ladies added a colorful touch to a most attractive scene. The guests spoke in the highest terms of the splendid hospitality of His Honour and Mrs. Dalton.

"Billy Holm is a great fighter and with good care and strict attention to business, he will go far in the boxing game." These were the sentiments expressed by Jack McKenna last night after he had knocked Holm out in the sixth round of a scheduled ten round bout.

The end came two minutes and twenty seconds in the sixth round, when McKenna, after punching Holm almost groggy and "into position," hooked him to the solar plexus with his left and crossed him with a semi overhand right to the jaw. Holm wavered for a moment, while McKenna hesitated, then scenting a K. O. turned for his corner as the plucky Dane keeled over on his right side with a dazed and unconscious look on his face. As Referee Jack Hern counted over him, he did not make one attempt to rise—Holm was truly "out" in every sense of the word.
