**—SPEAKS AT EUROPE** — There was a good attendance at the High School Auditorium on Thursday when Dr. G. E. Wilson, Professor of history at Dalhousie University delivered a most informative lecture on the situation at the present time in Europe. Mr. Wilson traced events from 1871 up to the present time showing that the situation is really a matter of history and that the dominant factors are imperialism, militarism and nationalism, these three things have always been the chief factors for war. He felt that all should try to face the facts as they are and not be buoyed up by a false optimism. Dr. E. T. Tanton very ably presided. Miss Mary Silliphant gave a violin selection at the commencement of the lecture. A vote of thanks was tendered to Dr. Wilson for his interesting address, moved by Rev. E. G. Davies and seconded by Rev. L. R. Allen. —S.

**"TIRED" ALL THE TIME**

She felt miserable—drag—low in vitality—lower in spirits. She didn't think of her kidneys, until a friend suggested Dodd's Kidney Pills. At once she felt better. The "washed out" feeling was soon replaced by clear headed energy and restful sleep. Headache, backache, lassitude and other signs of faulty kidneys disappeared. 112

**NO KNOWLEDGE OF ALLIANCE**  
SUCCOUCHE, N. B., Dec. 11.—I have no knowledge of any such alliance. Premier Dystart said at his home here tonight regarding a charge that an "unnatural political alliance" of Premiers Hepburn and Dystart had conspired to oust Prime Minister Mackenzie King from national leadership of the Liberal Party.

**Montreal Selects New Mayor Today**

MONTREAL, Dec. 11 (CP)—Out of a crowd of some 125,000 ballot slips tomorrow will emerge a new Mayor to head Montreal's civic administration for the next two years.

The city of running Canada's largest city will go to one of three candidates. They are Camille Houde, who already has held the office three times; Charles A. Gascon, a merchant appealing on a platform of "business-like" city hall administration, and Candide Rochefort, young member of an unsuccessful Quebec Liberal and an unsuccessful candidate in the last civic election.

**Ukrainia Battles For Independence**

PRAGUE, Dec. 11 (CP-Havas)—With intense activity going on in the Carpathian Ukraine, provisions here declared tonight it was apparent a long and bitter fight for Ukrainian independence has begun. The pro-government newspaper, "A Zet," asserted this fight will seal the destiny of the Soviet Regime.

The Carpathian Ukraine police force has been organized, with reporting assistance from Nazi Germany, as well as a Ukrainian semi-military organization to be called the "Sich." The name recalled the former greater Ukraine since it means an "entrenched camp," and thus evokes for Ukrainians the historic Cossack camps of the 17th century which waged warfare against Poland.

## PAN-AMERICAN PEACE ACCORDS LOOM BRIGHT

### United States And Argentine Bury Differences To Present Common Front.

BY ANDRUE BERDING  
Associated Press Foreign Staff  
Dec. 11—(AP)—The north and south poles of pan-Americanism—the United States and Argentina—seemed in agreement today as the first week of the pan-American Conference executive work opened with prospects of attaining outstanding accord for the preservation of peace in the new world.

The two nations whose disagreement in the past have marred several pan-American Conferences appeared through their representatives at the United States Secretary of State, Cordell Hull, and the Argentine Foreign Minister, Jose Maria Cantillo, to be in agreement on most of the principles to be followed.

The warm handshake, almost an embrace, which Cantillo gave Hull when the latter finished a speech Saturday was deemed by delegates today as being symbolic of a new feeling between the two countries.

**Must Be Sincere**

Mr. Hull told the conference "there must not be a shadow of a doubt anywhere as to the determination of the American nations not to permit the invasion of this hemisphere by the armed forces of any power or any possible combination of power" or by their political activities.

Hull warned that "mankind is tragically confronted once more by the alternatives of freedom or serfdom, of order or anarchy, of progress or regression, of civilization or barbarism."

An "ominous shadow falls athwart our own hemisphere," he said. Each American nation had to decide for itself what measures to take "to meet its share of our common interest and responsibility."

**Will Be Prepared**

But as far as the United States is concerned, Mr. Hull said, "let no one doubt for a moment that, so long as the possibility of armed challenge exists, the United States will maintain adequate defensive military, naval and air establishments."

He spoke following two other keynote speeches by Dr. Carlos Concha, Peruvian Foreign Minister and permanent president of the conference.

The steering committee approved for consideration a Cuban resolution against "racial persecution" and decided to have it circulated among the delegates.

The resolution named no nations, but was understood to be directed against German anti-Semitism.

Cantillo told the delegates that all American nations were ready to maintain a common front against any menace to the independence of sovereignty of any of them. Cantillo formerly was Argentine ambassador to Italy and a delegate to the League of Nations.

The Steering Committee fixed Dec. 27 as the day for the closing meeting of the conference, but delegates agreed that the actual work should be completed by Dec. 23.

## Party Of Refugees Arrive At Halifax

HALIFAX, Dec. 11 (CP)—Seven German Jews seeking refuge from Nazi persecution, arrived in Halifax Saturday night aboard the liner Duchess of Athol, en route to Australia.

The refugees were unwilling to talk during their brief stay in Halifax, and left almost immediately for British Columbia, where they will embark on another vessel for Australia.

## The measure of A GOOD CITIZEN

*"No personal possession definitely reflects the character of a man and his love for his family more than does Life Insurance. Adequate Life Insurance means to a man that sense of security and contentment that allows him to much better enjoy the happiness of his worldly goods, as he has that consolation and peace of mind that, whatever happens to him, he has played the game as a worthy citizen."*

—T. F. KINGSMILL, Retiring Mayor of London, Ontario.

Throughout Canada there are hundreds of thousands of men who measure up to this standard of good citizenship. Their savings in Life Insurance accomplish a two-fold purpose. First, they guarantee that their families will continue to have food, clothing, shelter and other necessities of life. Secondly, they guarantee for themselves financial independence in old age.

As good citizens, these men also gain satisfaction from the fact that their accumulated savings in Life Insurance are invested in Dominion, Provincial and Municipal securities—industries and utilities—homes, farms and schools—for the benefit of all Canada.

"J. F. W." says—"That statement is only true with regard to the grading of butter and the sale of it." He is wrong again, it was actually made in connection with the dumping duty, not in reducing the price charged to consumers.

He says—"The correspondent in question says the decline in the price is due to the importation of butter from New Zealand and Australia." Another misrepresentation. I never made any such statement. But I did say, "That removal of the Dumping Duty and treaty reduction of the regular tariff, permitting easy competition from southern dairies, had made the danger of competition so great, that those accustomed to speculate and buy for storage and winter sales were unwilling to invest against a game with loaded dice."

His No. 9 where he misapplies the term "Whopper" is another of his home-created straw men which he pummels so injudiciously. If he will correctly interpret the King's English as published, and not in wording of his own. He twists the summer and winter's yearly average to substitute for my specific statement a reduction of the regular tariff, permitting easy competition from southern dairies, had made the danger of competition so great, that those accustomed to speculate and buy for storage and winter sales were unwilling to invest against a game with loaded dice.

He then says my "claim that under Mr. Bennett a commission was appointed to stabilize the price of butter in Canada at 24c. That is incorrect." He had better again refer to the Federal blue books, and learn his mistake. I had said and understood as being referred to a Royal Commission, where I should have said that he "commissioned" dealers, (in simple words of the Board) to buy surplus butter at 24c, which was done, the butter shipped to England, and netted over 24c.
