NEW CLASHES HEIGHTEN TENSION IN PALESTINE

19 FEARED DEAD IN CRASH OF U. S. AIRLINER

WRECKAGE IS SIGHTED ON MOUNTAIN PEAK

No Sign Of Life At Scene Of Crash—Rescue Efforts Underway.

(A. P. by Guardian's Special Wire) SALT LAKE CITY, Utah, Oct. 18—Nineteen persons probably crashed to their deaths when the United Airlines' palatial "Mainliner" shot into a peak high in the Uinta Mountains, air searchers said tonight.

"I don't see how anyone could be alive there," said Wesley Meyers, western Wyoming rancher, after a flight over the wreckage of the plane which carried 15 men and four women.

"We flew as close above the wreckage as we dared and could see not a sign of the 19 people it carried," said Carl Reynolds, Salt Lake City photographer. "The front of the plane is all smashed in and the wings are sheared off."

The ship was located from the air today in the high Uinta Mountains on the Utah-Wyoming border.

Asturians Stubbornly Resist Rebel Advance On Gijon

BENDAYE, Franco-Spanish Frontier, Oct. 18—The Spanish Government's dramatic throwing Asturian troops, harassed by aircraft and artillery, stubbornly resisted today the insurgent advance toward Gijon, last important Government stronghold on the northern coast of Spain.

The Asturians hastily dug new lines of fortifications as they were forced to fall back. Insurgent planes bombed Villaviciosa, their immediate objective, and raided the outskirts of Gijon. Villaviciosa is about 25 miles east of Gijon.

Military dispatches said the insurgent troops advanced beyond Colunga, 35 miles east of Gijon, and began cleanup operations in recently occupied territory in the hope of finding caches of war materials.

Insurgents said their lines continued to hold back the Government offensive against Zaragoza in northeastern Spain. Fuentes de Ebro, about 15 miles southeast of Zaragoza, was described as in ruins.

Plan Joint Action At Parley Today

Police Chief Shepherds Island Geese On Last March

MANSFIELD, Mass., Oct. 18—It was a big parade, all right and Police Chief Rufus Ring had to be called to keep the participants in line.

Fourteen hundred geese, brought by train from Prince Edward Island, waddled through the streets to a farm for fattening.

The next time the "marchers" go on display they will be all dressed up on Thanksgiving dinner plates.

French Craft Scour Bay For Freighter

(A. P. by Guardian's Special Wire) ST. JEAN DE LUZ, France, Oct. 18—French warships today searched the Bay of Biscay for the freighter Cens which disappeared after broadcasting an appeal for help, saying she had been halted by insurgent vessels.

Naval authorities expressed the belief the 2,384 ton vessel had been taken to an insurgent port.

SHERBROOKE FIRE CLAIMS FOUR LIVES

(By The Canadian Press) SHERBROOKE, Que., Oct. 18—Burns and injuries claimed the life of one man late today as bodies of three others were sought in jagged, smoldering debris that once was the 75-year-old Grand Central Hotel, destroyed by fire of undetermined origin at an estimated loss of \$100,000.

Death of Robert Cooper, 25, of Sherbrooke, one of 12 persons injured while fleeing from windows of the four-story brick building, boosted to four the tentative list of deaths.

Police and firemen said there had been no chance of escape for Stewart Grose, 28, Oswald Charlewood, 31, and Lancelot Stewart, 32, all of Sherbrooke. The three were listed as missing.

Critically Injured Still in critical condition was Octave Cameron, 31, of Quebec, who suffered from burns and shock. Condition of 10 other men and women was reported serious but not critical.

Grose, restaurant owner who lived at the hotel with Cooper, Charlewood and Reggie Reed, another of the injured, apparently sacrificed his life in an effort to reach the imprisoned Charlewood. Cooper already had led two persons to safety and shouted that he was going back after his roommate. He was never seen again after dashing through a flaming doorway.

Flames Spread Rapidly The flames, originating in the rear section of the building, situated in the heart of the downtown business area, spread so quickly guests and employees who were called immediately the flames were discovered had no time to dress. Most of them fled in night attire, some with their skimpy clothing smouldering.

To Claire Lapierre, hotel serving girl, went the credit for saving of many lives. She raced through flames to help others escape.

Will Renew Search For Missing Fliers NEW YORK, Oct. 18—Sir Hubert Wilkins, noted Australian explorer, said today he plans to take off tomorrow on the first lap of a flight to Barrow, Alaska, to renew the quest for six Russian fliers lost somewhere in the vicinity of the North Pole.

Sir Hubert said he would take off with his chief pilot, Air Commodore Herbert Hollick-Kenyon of Winnipeg, on a test flight to the midwest tomorrow afternoon, flying the big Lockheed electric plane in which Dick Merrill hopped the Atlantic last May.

Island Bishop To Assist At Ceremony HAMILTON, Ont., Oct. 18—(CP)—Consecration of Rev. Joseph Francis Ryan as Bishop of Hamilton tomorrow will be attended by Roman Catholic Church dignitaries from all parts of Canada and the United States.

Most Rev. John Thomas McNally, Archbishop of Halifax and former Bishop of Hamilton, will officiate at the ceremony which will be held in the Cathedral of Christ the King. Those assisting will be Most Rev. John Thomas Kidd, Bishop of London, Ont., and Most Rev. Joseph A. O'Sullivan, Bishop of Charlottetown.

Track officials, however, declined to say whether this course would be followed daily in the face of Governor Robert E. Quinn's adamant stand against allowing the meet to open.

Japanese Advance Is Slowed Down

(By Lloyd Lehrbas, Associated Press Foreign Staff Writer) (Tuesday) SHANGHAI, Oct. 19—The advance of the Japanese army down the two great railroads linking North China with the south has been slowed down, according to authoritative advices today from points along the southern banks of the Yellow River, the great stream that divides North China from the rest of the nation.

In the east, the Japanese threat to Tsinan, capital of Shantung Province, was lessened when the column operating along the Tientsin-Pukow railroad withdrew 15 miles northward to Ping-yuan-shien from Yuchengshung where their line had threatened the Chinese Tsinan River positions 30 miles from Tsinan.

A portion of the eastern forces was transferred to bolster the Japanese drive that is meeting stiff resistance 150 miles to the west of the Peiping to Hankow railroad.

Reports from North China yesterday said that an armored train had penetrated to Hantan, 28 miles in advance of the main Japanese forces at Shuntshu and an equal distance from the Chinese base at Changtseu in Honan Province. This would place the farthest Japanese advance 250 miles southwest of Peiping and only 15 miles from the Hopenhanon provincial border.

At Shanghai, a battle was being fought 10 miles northwest of the city in the sector between Tang and Liehang, where the Japanese pounded the Chinese defences.

In what was described as the severest single encounter of the two-month old conflict around Shanghai, Chinese authorities said 1,400 Chinese and 3,000 Japanese died fighting for the Chinese supply bases at Tang.

Bandits Rob Jewelry Store In Hollywood HOLLYWOOD, Oct. 18—(AP)—The jewelry store of Hal Roach, movie producer, and L. H. Driver, patronized by many film notables, was robbed of jewels valued at \$150,000 today.

Two men entered the store through a back door and with adhesive tape forced them into a vault. The robbers were looting the store when a postman entered. At pistol point he was forced into the safe. The men fled in their automobile which was found abandoned several miles away.

Elected To Federal Seat By Acclamation (By The Canadian Press) NORTH SYDNEY, N. S., Oct. 18—Matthew MacLean, Sydney Mines magistrate, became the new member of parliament for the Cape Breton North-Victoria federal constituency by acclamation tonight.

He was nominated by a Liberal Party convention to contest the federal by-election made necessary by the death of D. A. Cameron, K.C., the sitting member, in Montreal.

SEEK COURT REFERENCE ON LEGISLATION

Premier Aberhart Makes Public Brief Defending Bills Submitted To Ottawa. (C. P. by Guardian's Special Wire) EDMONTON, Oct. 18—Defence of the validity and soundness of three bills passed by the Alberta Legislature and referred to the Governor-General-in-Council for consideration was made in a brief submitted to the Federal Government by the provincial administration. The brief was made public here today by Premier Aberhart.

The three bills—dealing with newspapers, taxation of banks and regulation of credit—were dealt with in the 900 word submission that also proposed a court reference on the question of the Federal Government's right to disallow the legislation of any province.

Deny Federal Power After declaring the three bills were sound legislation and denying Federal right of disallowance, the brief declared the important question of disallowance should be settled by the courts and that all provinces would be vitally interested in the decision.

Should any question be raised as to constitutional validity of the bill to "ensure the publication of accurate news and information," the brief declared the important question of disallowance should be settled by the courts and that all provinces would be vitally interested in the decision.

Britain Moves To Curb Rising Tide Of Arab Terrorism

Authorities Take Stern Measures In Effort To Suppress Widespread Violence. JERUSALEM, Oct. 18—(AP)—Heavy casualties were inflicted on a large band of Syrians attempting to cross the Palestine frontier today, unconfirmed reports said, as the government of British-mandated Palestine retaliated for recent outrages.

Military sappers, army engineer units, blew up homes of Arabs involved in raiding a derailed train Friday, the reports stated, and at the same time blasted two houses in Lydda in punishment for the burning of new airport buildings there Saturday.

Strong guard detachments patrolled many Holy Land districts to prevent further violence.

The Government Gazette announced that Sheik Hussam ed Din Jarallah, considered one of the likeliest successors to the Moslem Mufti as president of the Palestine Supreme Council, had accepted appointment to a Commission administering Moslem funds.

His acceptance was seen as foreshadowing Arab cooperation with the Commission. The other two commissioners are British officials.

British authorities, concerned with the rising tide of Arab terrorism, hit back today with destruction of terrorists' homes and collective fines on Arab towns where recent disorders took place.

Residents of Lydda were permitted to leave their homes for only two hours each day to make purchases and take care of their cattle. This 22-hour "curfew" was ordered for three days while troops scour the area for wreckers of the armidrome.

Curfew was maintained at Jerusalem, where sporadic killings continued. An Arab was slain early today and a Moslem and an Armenian photographer seriously wounded. Later another Arab was wounded in a clash in one of the Jerusalem suburbs.

A detachment of the second Black Watch Battalion sped toward Daharia near Hebron, after Arab terrorists raided a police post and forced the policeman in charge to turn over arms and ammunition.

Jaffa, on the coast, was shaken by new violence when terrorists hurled bombs at the central police headquarters. Authorities warned Jews against leaving Jaffa.

Reports of clashes from all parts of the country indicated that tension was approaching a climax following the escape of the Grand Mufti of Jerusalem, Haj Amin El Hussein, to Syria from his refuge in the Mosque of Omar.

(The Grand Mufti, interviewed by a Near East correspondent of the Paris Soir, warned Great Britain against "involving itself in the death" with the Arab-Moslem world, and declared the Arabs will never compromise in their opposition to Jews in Palestine. "Let the British be on their guard," he said. "The policy they are following in Palestine is alienating the sympathies not only of the Arabs of Palestine but of all countries of Arab race and of the entire Moslem world.")

THREE R. C. A. F. FLIERS KILLED

Two Trenton Crash Victims Hail From Maritimes. (C. P. by Guardian's Special Wire) TRENTON, Oct. 18—In fog and mist that hung heavily over the Royal Canadian Air Force camp here, three fliers met death today when a diving plane smashed head-on into a second machine piloted by a student officer. The accident occurred at noon.

All members of the R. C. A. F. Corps, the dead are R. L. Doucett, 25 year old pupil flier from Shediac, N. B.; Flight Lieutenant J. A. MacInnes of Trenton and Flight Sergeant E. F. O'Connor of Ottawa. Doucett and O'Connor were killed instantly and MacInnes died before an ambulance could get him to Belleville Hospital, 12 miles away.

The Department of National Defence at Ottawa announced a court of inquiry had been appointed to investigate the crash.

Four Killed As Fog Blankets British Isles LONDON, Oct. 18—(CP-Havas)—Four persons were killed and more than 20 injured in England today in accidents due to a heavy fog, particularly dense in the London district, which blanketed the British Isles.

Highway traffic precautions were redoubled as nightfall brought no relief, and it was feared the casualty list would grow. The Air Ministry announced the fog would probably last a day or two longer.

Accused Of Injuring British Fascist Chief LIVERPOOL, Oct. 18—(CP-Havas)—George Olsen Melander, accused of throwing a stone here on Oct. 9 which inflicted head injury on Sir Oswald Mosley, was freed today until the British Fascist Leader has recuperated sufficiently to testify.

Staggering Deficit Forecast By United States President WASHINGTON, Oct. 18—(AP)—President Roosevelt hiked his estimate of the United States federal deficit for this fiscal year to \$277,000,000 today, forecasting the Treasury would run \$95,245,000 into the red by next June 30.

Revamping the budget issued last April, the President whittled his estimate of revenues by \$256,000,000, bringing the figure down to \$9,650,410,000. He said spending would be \$21,000,000 greater than anticipated and would total \$7,345,655,000 exclusive of \$200,000,000 for debt retirement.

The estimated gross deficit of \$95,245,000 included the \$200,000,000 to be spent for paying off debt. Exclusive of this, the net deficit was forecast at \$95,245,000, compared with a forecast of \$418,000,000 last April and a net deficit of \$2,707,347,000 in the fiscal year ended June 30.

Mr. Roosevelt gave no reason for his sharp reduction in the revenue estimate for this year, but authorities assumed it was predicated on the severe stock market decline and recent downswings in various business indices.

The President said numerous factors had arisen since last April to increase spending, including expanded outlays for the railroad retirement program, legislation authorizing unemployment gas refunds under the social security act and extension of the public works administration for two years.
