DOWN THE BACK STRETCH

Off to Halifax. The following were shipped for Halifax Thursday and have arrived there...

victories in hard fought contests with the greatest pacers in America.

The dam of Marjorie M., Louise G. was by John R. Gentry, 2.00%, familiarly known as "the little red horse."

A change of shoes sometimes brings startling results. Fax Volo in the first heat of the 2.13 class was nowhere.

Darky Gratton, 2.02%, was suffering from a quarter crack which opened considerably a few days before the Free For All here.

Speaking of repair jobs, the sulky which Golden, 2.12, was hooked to when the accident occurred on Tuesday was considered a total wreck.

Billy Cope, 2.10%, the track record buster, will not participate in the race meeting at Halifax and perhaps nowhere else for a while.

Marjorie M., whose 2.07% on Thursday, August 25th, at Charlottetown, created a near sensation, is six years old and was sired by that gallant race horse Napoleon Direct, 1.59%, dam Louise G.

Gaiety McGregor, 2.07, who raced here in the 2.13 and Free For All and Lillian, 2.08%, winner of the 2.22 Trot and Pace, are full sisters, both having the same sire and dam.

Among the entries in the 2.24 Trot and Pace at Halifax we notice the name of Susie Bell, entered by S. A. Rockford, Shediac, N.B.

Uncle Steve Phillips of Washington Court House, Ohio, is in his nineteenth year, yet he drove Frederick McKinney in the third heat of a race in Ohio a few weeks ago, time 2.13.

All the horses was one of those raced at the last Matinee of the Gentlemen's Driving Club of Boston, were destroyed when two nights later the stables and the clubhouse at the Charles River Speedway were burned to the ground.

The Horseman says: "Gosh, I'd like to see this said farm boy who make good in the city. What he was talking about was that at the County Fair, Elkhorn, Wisconsin, it was announced that immediately after the races on Friday a truck load of pigs would be turned loose in front of the Grandstand and all present could help themselves to a winter's supply of pork.

Here's a good one. A bay trotter named "Sunny" radiated \$810.40 worth of sunshine by winning a heat at the last Cleveland, Ohio

race meeting for a two dollar ticket. Pretty good odds! The best odds we know of locally was Peter Dawes, \$21.50 for two.

The greatest race meeting that has been held in New York state for years was that given by W. H. Cane at Goshen, mile track two weeks ago. The Hambletonian stake for three year old trotters with a value of \$48,000.00 was raced there.

Walter Dear, 2.02% won the International Trotting Race at Copenhagen, Denmark, August 22, best time 2.08. Legality, 2.02 who was the star trotter of American tracks in 1930 was second.

Reference to the above, the best and fastest trotters in America in recent years have nearly all been sold for export to Europe.

The great Brockton Fair the most wonderful exhibition in the eastern United States, has out a wide swath in the value of the purses given for racing events.

The Charlottetown Driving Park track and grounds are being cleaned up after the big Fair. Tons of paper, cardboard and refuse have been thrown around and it takes a lot of work to make things look tidy again for Labor Day when the Labor Union Sports with some matinee races will be pulled off.

The McIntyre boys, George and Jim, visited Charlottetown yesterday. They are thinking of putting on a race meeting the end of September. There has been a lot of request for it from various centres, horse fans who want to see another battle before the curtain is finally rung down.

Dr. H. M. Parshall, of Urbana, Ohio, is the leading driver in the United States this year, having eighteen victories to his credit. He has been the leading driver now for four years, ever since the retirement of Thomas W. Murphy, the incomparable.

Tommy Murphy, whose name was a household word a few years ago as the wizard of the sulky, has been connected with the runners since his retirement from piloting trotters and pacers. For quite a while he trained for Mrs. Henry Payne Whitney and his good judgment was responsible for the breeding and development of several thoroughbreds that are now making turf history in the United States.

A new record for three year old trotting geldings was established in the second heat of the Hambletonian stake at Goshen recently when Hollywood Dennis won in 2.01 1/2.

Eula H. who it will be remembered won the Free For All at Charlottetown Exhibition 1931, has been beating some of the best free for allers in Maine winning all her recent starts. At Skowhegan she paced a mile in 2.06% the fastest of the meeting.

Ankabar, 2.01 1/2, who a few years ago was sold for \$65.00, on August 11th at Hartford won the famous Charter Oak trot with a purse of \$5,000.00. Ankabar has won five events this year and looks good for quite a few more.

Mac I Win, a three year old pacer by Mr. McElwin, has won all his starts except one this year, beating among others, Rip Hanover. Rip holds the world's record for two year old pacers made against time last year, 2.00%.

Bronx by Belwin who was one of the worst actors ever known on a race track several years ago, was reformed by taking strenuous measures with him. He could trot fast but would refuse to leave the wire, so they tied him all up and left him on the track for a couple of hours. This reformed him and he became the terror of the half mile tracks. Last year it was thought he had outlived his usefulness, but this year he was taken to the mile tracks and recently took a record in a winning race of 2.03%, three seconds faster than his former half mile track record.

The outstanding pacer of the year is Zombro Hanover, 2.00 1/2, who went through his career of racing

Max Schmeling, who is to fight Mickey Walker on his arrival at New York was asked to talk over the radio. He became somewhat mixed when broadcasting when he said: I am in good condition for my fight with Jimmy Walker.

Labor Day

With the weather favoring, the Laborers' Protective Union will enjoy one of the biggest days' sport since its inauguration. Much preparation has been made and every detail, big and small has been attended to.

In the afternoon the big sports meet will be held at the Exhibition track where open athletic events, union events, horse racing and other attractions will be staged.

Every person, man, woman and child who can possibly attend will no doubt be present.

Friends Of The Orphans

Following the custom of other years, the L. P. U. will have as their guests on Monday afternoon the children of both orphanages. These little children, who no doubt are well cared for in the respective institutions nevertheless look forward to Labor Day, as their day, with as much anticipation as any of us. It is therefore a fine gesture on the part of our labouring fraternity to have as their guests the little boys and girls of St. Vincent's and Mt. Herbert.

last year without we believe a defeat. This year campaigned by Billy Hudson he has won every race with the exception of one and in that race he was defeated by the Canadian pacer Guy the Tramp, 2.02 1/2.

For quite a while he trained for Mrs. Henry Payne Whitney and his good judgment was responsible for the breeding and development of several thoroughbreds that are now making turf history in the United States.

The fastest heat by a trotter over a half mile track this season was that of Morley Frisco in winning the 2.18 Trot at Carthage, Ohio, August 13th, when he trotted in 2.04%. The world's record for a third heat on a half mile track was made by Dewey McKinney when he stepped in 2.04%. Carthage track is one of the fastest tracks in the U. S. A.

Big Black Boy is the name bestowed on a full brother of Louis Direct, 1.58%, who a few years ago was the greatest pacer in America and was sold to parties in Australia where he has recently raced.

In Australia and New Zealand the races are conducted over grass tracks and the horses race the opposite way from this country.

In Germany and in fact nearly all through Europe, horse races are nearly all handicaps and are what is known as dashes, that is one heat affairs.

St. Stephen, N. B., will hold races September 21st, 22nd and 23rd in connection with their fall fair. The events are free for all, purse \$250.00, 2.14 mixed, 2.16 mixed, 2.18 mixed, 2.25 mixed 2.25 trot, all purses of \$200.00. Entries close September 10th with Frank Littlefield, race Secretary, St. Stephen, N. B.

Labor Day Sports

At a meeting of Labor Day committees it was decided to put on the following events in addition to their program that is on display in the windows about town.

One class of horse racing among the Horsemen's Association. Truckmen's events: Class A Horse Race. Old Men's Race. Wheel-barrow Race.

Rovers Vs. Stars

The fourth game of the City League play-off will be played Monday morning at 10.45 o'clock at A. A. Grounds. This game should draw a bumper crowd and will take place directly after L.P.U. parade. Carson, who defeated the Stars in the second game will be the Rovers choice to start the game while "Big Geo." Ayres will oppose him.

Another Play-Off

Mr. E. Harris, manager of the Harris Sluggers, Summerside, has received word that the Sluggers must be prepared to meet the Louisville Neptunes, champions of New Brunswick in Summerside Labor Day in the first game of a home and home series for the N.B., P.E.I., intermediate title, the winners playing off with N.S. champs for the Maritime gonfalon.

YORK Rifle Club

The second shoot of the Club for the Salver and other prizes requires but a glance over the scores and the good list of sports below to give an idea of the conditions.

The leaders for the Trophy and Salver are now very closely grouped and it is anyone's chance yet. A number of new members have joined up and the time passes merrily on.

Special prizes for the younger shots are being chosen and it is the intention of the club to post these with the conditions in the Club House on Wednesday.

It is most encouraging to see so many of the younger men taking part in this the most manly sport of them all.

ANCHORS VS. FALCONS

The fans are in for a treat this afternoon when the Anchors, champions of the Industrial and Home Brew as well as the Eastern Twilight Leagues, meet the Falcons, classy City League team, at Victoria Park. This much-talked-of game is the result of a demand by the many followers of the Anchors that the West End will be at the Anchors home grounds this afternoon en masse. It is a real treat for the Anchors' kid battery, MacFarlane and Chipman, as it will be their first time in big company. It will be the first time for the other kid members of the team, but it is just another ball game for old Bill and Tucker Ryan, Tarry Prowse, Hooker White and Kick McMahon.

The Anchors will be backed strongly by the fans as a lot of talk has got around that has caused the teams to be ready to jump at each other whenever they meet on the streets. "Lefty" said his team will be out to win and the Anchors are ready for the word.

The time is 2.30 p.m.; the place Victoria Park; batteries are likely Anchors, Archie McFarlane and Jackie Chipman; Falcons, Hudson and Simpson.

"Ah, sir," whined the beggar, "it's sad to be old and bent." "I daresay," replied the callous young man, "but it's almost as bad to be young and broke."

RACING AT WOODSTOCK

WOODSTOCK, N. B., Sept. 2—Straight heat wins were the order at the closing card of the Woodstock Exhibition harness races here yesterday. Three classes produced some excellent racing and a fairly large crowd saw an excellent program. The weather was fine and hot with a southerly breeze.

The 2.14 trot was the feature of the day, this class completely stealing the thunder from the free-for-all. Peter Pokey took the event in the fastest time of the meet. Driven by John Willard, one of the deans of eastern drivers, he came within an ace of smashing the track trotting record in the third heat.

Peter Pokey was pressed from the start by Edna McKiyo and coming into the back stretch it looked as if the record would be broken. The mare broke for a moment, however, coming around the turn, and Willard coasted in easily.

Exact figures were not available tonight, but it was thought that his time of 2.11 1/4 tied the mark established by Bill Sharon some years ago.

Northern Knight took the free-for-all handily, but some of the finishes were close, especially the first one. Lillian, a Bangor entry was the class on the field in the 2.26 trot and pace, with Peter Dillon furnishing some stiff opposition and Silver Evans speeding up the time by stepping off the first half in each heat at a fast clip.

The summary: 2.26 Trot and Pace, Purse \$150 Lillian, (Hannifan), J. Kelly, Bangor 1:11 Peter Dillon, (Avery) Dr. L. D. McIntosh 2:27 Silver Evans, (Haley), F. Haley, Fort Fairfield 3:31 Bessie King (McKinney) J. L. McKinney, Presque Isle 4:4 Minnie Brady, (Sadler), R. Sadler, Perth 6:41 Lady Fine, (Martin) D. M. Martin, Edmundston 5:64 Time: 2.14 1/4, 2.14, 2.15 1/4.

Free-for-all Northern Night, (Donnelly) A. E. Webber, Bangor 1:11 Lady Patch, (Knight) F. E. Knight, Fort Fairfield 2:21 Sadie Dillon, (Johnston) R. Hannifan, Hunt and Johnston, Fort Fairfield 3:34 Van Lou (McKinney), J. L. McKinney, Presque Isle 4:4 Time: 2.13, 2.13 1/4, 2.13 1/4.

A film producer had been rather testy with a temperamental lady film star. After a tirade he looked at her, grinned and said, "You look as though you were going to bite me." "Don't worry," said the lady caustically, "I'm not allowed fat."

A. Younker and E. Knight, Montague, 6-3. B. Livingstone and E. McFadyen Charlottetown, were defeated by J. Burden and H. Douglas, Montague, 6-1.

J. G. Murdock and J. McFadyen Charlottetown, defeated H. L. Mabey and M. Douglas, Montague, 6-3
