RED CROSS MEETING—The Cross Road "Alerts" held their regular Junior Red Cross meeting in the schoolroom on Friday, April 6th. The meeting opened by singing "Oh Canada." Roll call was answered by twenty-two members. Minutes of previous meeting were read and adopted. Reports of committees were received, and new committees were appointed. To raise funds a guessing contest was put on, and 46c was realized. Roll call for next meeting is to be answered by the name of a flower. The following is the programme: Opening chorus, "The Old Spinning Wheel," reading, by Claude Wood; solo, Alecia Jenkins; recitation Olive Stewart; trio, Norma MacCallum, Louis MacNeill and Madelyn Stewart; reading, Isabelle MacKinnon; solo, Shirley Smallwood; recitation, Jean MacRae; song, Helen Wood, Katie and Rita Molyneux; reading, Austin MacCallum; chorus, "Be a Man." Meeting closed by singing the National Anthem. (Patriot please copy).

HONOR OLDEST MEMBER—

The W. M. S. of the United Church of Hamilton met at the Mansie April 8th. The meeting fell on the 78th anniversary of the birth of the oldest living member, Miss Fanny Nelson. "Miss Fanny," the diminutive in size is mighty in influence. Her memory is the wonder and envy of all. She memorizes all that is read to her, and she has a new poem at each meeting. Her simplicity and faith coupled with her sense of humor makes her presence a joy. The president, Mrs. John David MacFarlane, in a graceful speech presented her with the Missionary Pin. "Miss Fanny" in her own words was naive and charming. The 21 members and guests wished her many happy birthdays and her usual good health so that her continued presence may be an inspiration to all. The hostess Mrs. Johnson served a very lovely birthday cake bearing 78 lighted candles. "Miss Fanny" withdrew "the ring" from her serving amid much laughter. The room was radiant of spring with blooming hyacinth, freesia and tulips. The missionary program with the singing of several hymns was uplifting. The Society is using Dr. Hodgkins book, "Living Issues in China," for study, and find it deeply interesting and broadening.

LONG RIVER W. I.

The regular monthly meeting of Long River Women's Institute met at the home of Mrs. Ernest Dunning. Meeting opened with Institute Ode and Creed. Roll call was answered by seventeen members and six visitors. The minutes of the previous meeting were read and approved. The several committees gave their reports and the following new ones were appointed: School, Mrs. D. A. Campbell, Mrs. Joseph Dunning; Sick, Mrs. Everette Paynter, Mrs. Murdoch MacLeod; Program, Mrs. Elmer Payne; Reading, Mrs. Patrick; by Mrs. W. E. Johnston; diet, "Where the River Shannon Flows," by Mrs. Ernest Dunning and Miss Mae Found; diet, "That Tumble Down Shack in Athlone," by Mrs. Murdoch MacLeod; and Miss Mae Found; reading, "The Birth of St. Patrick," by Mrs. Oscar Johnston; chorus, "Tipperary," by members; fish contest, won by Mrs. Bruce Bell and Mrs. D. A. Campbell. Three members paid their fees. Next meeting to be held at the home of Mrs. Oscar Johnston, March 10th after an illness of several months at the age of ninety-three years. The funeral was largely attended. Service at the home was conducted by the Rev. Mr. Pierce and at the grave in Belfast Cemetery by Rev. Mr. Griffiths.

MRS. EUNICE McRAE

Mrs. Eunice MacRae, widow of the late Roderick D. MacRae, Point Prim, passed peacefully away at the home of her daughter, Mrs. Arthur Irving, Cherry Valley, on March 10th after an illness of several months at the age of ninety-three years. The funeral was largely attended. Service at the home was conducted by the Rev. Mr. Pierce and at the grave in Belfast Cemetery by Rev. Mr. Griffiths.

MORE CANARIES ENTER CANADA

The approach of spring brings statistics to show that for the past twelve months there has been a definite increase in the number of canaries brought into Canada. Canadian National Express officials, concerned with the travel comfort of warblers from Germany and England, state that throughout the depression there has been a tendency to view canaries as purveyors of good cheer and therefore a domestic necessity instead of a luxury. White canary-blessed homes are found from coast to coast in Canada, there is reason to believe canary-minded that Montreal. The latest shipment will be allotted to adopted homes early in April.

ITCH STOPS IN 30 MINUTES

If your skin itches, burns, cracks, peels, or if you suffer from Eczema, Athlete's Foot, or Cracked Itch, you can find relief in 30 minutes. Itch stops in 30 minutes and quickly soothes your skin, get Dr. Nixon's Itch Remedy. It is a famous English Skin Specialist, and made especially for skinners who suffer from itchy skin. It is a sure relief and heal your skin to your entire satisfaction or money back or return of empty package. Ask your Drug Store for Dr. Nixon's Itch Remedy today.

FLOWERING SHRUBS

Among the best flowering shrubs recommended for Canadian conditions are: Hardy types) Spiraea, Rusus, Fox Shrub and Caragana—(Less hardy) Forsythia, Japanese Rose, Mock Orange, Hydrangea, Lilac, Hamamelis, and Weigela. Among small flowering trees are: European Mountain Ash, Double Flowered Crab, Yellow Wood, Catalpa and Japanese Tree, Lilac.

Confederation Life Association. The conservative principles which have guided the Confederation Life Association in the investment of policyholders' funds have always been fully justified. The Confederation Life Association's Salary Continuation Plan is of vital importance to men earning \$2,500 a year or less. If your salary is not more than \$200 a month, you will be well repaid by writing for particulars of this plan. It will be of real help to you and your family. Address our head office. RINGWOOD

On the night of March 22, about a hundred young people from Rocky Point and surrounding districts gathered at the home of Miss Norma Currie, to bid farewell to Miss Astina Mutch, prior to her departure for the P. E. I. Hospital to take up the study of nursing. Mr. Ernest McNeil acted as chairman for the evening. An address was read by Miss Ruth Langill and a purse was presented by Miss Thelma Smith. Miss Mutch then thanked her friends in her usual charming manner. All joined in singing "For She's a Jolly Good Fellow," and "Should Auld Acquaintance Be Forgotten." Refreshments were then served. The remainder of the evening was spent in dancing. Mr. R. Alcorn very capably provided the music. The following is the address:

Rocky Point, March 22, 1934

Dear Astina: We, your friends and Austina, have gathered here to bid you adieu on the eve of your departure from our midst, and to wish you well in your chosen profession. You will be most sorely missed in the district where there are so few young people. Always interested in the life of the community and ever willing to do your part, and often more than your part, in any enterprise social or otherwise, your going will leave a gap which cannot be filled. By your cheerful and friendly disposition and your readiness to help others you have endeared yourself to all.

Though you have been away from home before you have been associated with us at all times. Now however, your vacation will necessarily separate you from the social life of the community, as your studies and duties will take up nearly all your time.

In following the noble calling of nursing you will have many trials but also many compensations, and we feel assured of your success. With the gifts you possess of good health and ready sympathy we feel you will be indeed what is often termed a "born nurse."

We all join in wishing you every good fortune, and ask you to accept the accompanying small gift as a token of our good wishes. Signed on behalf of your friends, RUTH LANGILL

The members of Ringwood Women's Institute called at the home of Miss Astina Mutch on March 24, to extend to her their best wishes on the eve of her departure for Charlottetown. Mrs. H. Georvont on behalf of the Women's Institute presented Miss Mutch with a purse, and Mrs. J. MacDougall read the following address:

Rocky Point, March 24, 1934

Dear Astina: It was with sincere regret we learned you were going to leave us, and it is to extend to our our wishes upon the occasion of your going to study nursing that we, your fellow members of Ringwood Women's Institute, have come here this evening. For years you have been a member of our Institute, having joined when quite young, and have certainly been a valued member, always faithful in attending meetings and ever willing to help in all our various activities. With your sunny disposition you have helped along our meetings and contributed largely towards many pleasant social hours. From our small circle you will be greatly missed. We are pleased that you have selected such a noble profession and proud to send forth to the good work of ministering to the sick and suffering one so abundantly endowed with the most essential qualities for this vocation. Being so well qualified for this work we feel you are bound

Oh My Head! How It Aches!

Headaches are one of the most aggravating troubles a person can be tormented with. Those dull throbbings indicate there must be something wrong with the system. However, whatever the cause, you will find in Burdock Blood Bitters a remedy to work in such a way that the headaches will eventually disappear and you will not be further troubled with them.

BURDOCK BLOOD BITTERS

GARDENING

FIRST PLANTINGS

Vegetables are divided into three main planting groups. First to go in will be those things that are very hardy and will stand a fair amount of frost. These should be sown just as soon as the soil can be worked up nicely in the spring. For the most part they consist of the type of which the leafy part is eaten like lettuce and spinach, though also included will be the radish, garden pea, onions, beets and carrots. Later when the weather has turned definitely warmer, and there is little danger of frost, in goes the second group, such as beans, cabbage plants, potatoes and corn. These are followed by melons, squash, cucumbers and pumpkins, vegetables that cannot stand any frost whatever and will not make growth until both the air and soil are warm. The above are general rules only, and all rules are made to be broken occasionally. As the very first vegetables of any variety are the ones most appreciated, it is always a good plan to risk a few seeds of each variety and a few plants of every box, very early. If they escape frost, they will be ready long before the regular supply and if frozen they are of little value. With most vegetables, too, successful planting is desirable, a little of the seed will be planted each week or ten days, so that the harvest will be spread over weeks instead of days. To further extend the season, good gardeners select early, medium and late varieties of their favorite vegetables.

FLOWER PLANTING

Flowers also divide themselves into main planting groups. The first to be sown are those very hardy kinds which naturally reproduce themselves in Canada. Cosmos, California Poppy, Alyssum, Calendula and Candytuft are very hardy and can be sown first thing in the spring. In the second group are the Zinnia, Marigold, Nasturtium, Stocks Aster and Petunia, which do not stand serious frost, and of the tender things, which must be held back until all dangers of freezing is over are the Dahlias, Cannas, and Gladioli. As the latter are all bulbs and do not come up until a week or so after planting they may be risked within a few days of the arrival of really warm weather.

SEED

Special emphasis cannot be laid on seed. Other factors may be beyond control but the gardener has absolute check over this foundation. The weather, soil and position may be ideal but without good seed, specially selected to suit Canadian conditions, the garden is going to be a failure. There is no guarantee that a flower which has given wonderful results in Great Britain or the Southern States will go equally well in this country and because of this the average gardener is well advised to secure his seed and nursery stock from a reliable Canadian source.

LAWN WORK

As it is impossible to do much general sowing to a lawn already established it is most important to get the very best seed when first starting out. There is a great range in price here just as in tobacco because both products, in the commercial stage, are made up of blended mixtures and absolutely depend on the proportion of the higher grade lines which go into the mixture. A good lawn grass mixture is composed of at least half a dozen grasses. Some of these are quick growers, which come along quickly the first year and protect the later starting, finer stemmed, but really permanent grasses which will go to make up the lawn in the years to come. It is these permanent grasses which are the most expensive, but without a large proportion of them, the mixture will not make a satis-

CROSS ROADS SCHOOL

Following is the standing for the month of March: Grade X Sr.—1, Keith Kennedy; 2, Helen Wood; 3, Edgar MacCallum and Katie Molyneux, equal. Grade X Jr.—1, Claude Wood; 2, Wallace MacKinnon. Hilda O'Donnell, teacher.

LONG RIVER SCHOOL

Honor roll for March: Grade IX—1, Mollie Fitzsimmons; 2, Layton Dunning; 3, Rita Fitzsimmons. Grade VIII—1, Archie Campbell; 2, Waldo Paynter; 3, Evelyn Found. Grade VII—1, Juanita Campbell. Grade VI—1, Eiva Paynter; 2, Arthur Johnston; 3, Vivian Paynter. Grade V—1, Ruby Campbell; 2, Margaret Cousins; 3, Vivian Paynter. Grade IV—1, Bobbie Dunning; 2, Marguerite Brown; 3, Jas Brown. Grade III—1, Irene Paynter; 2, Jeanette Brown; 3, Eunice Campbell. Grade II—1, Verne Paynter and Jean Cousins; 2, Jean Campbell; 3, Willard Constable. Grade I—1, Margaret Paynter. Perfect attendance: Juanita Campbell, Eiva Paynter, Marguerite Paynter, Bobbie Dunning, Eunice Campbell, Jeanette Brown, Irene Paynter, Verne Paynter, Jean Campbell, Margaret Paynter. —Carrle Woodside, Teacher.

AN OFFICER'S TREACHERY REVEALED

(C. F. by Guardian's Special Wire) MONTREAL, April 8.—A German secret service agent, who had joined the Canadian forces and been promoted to sergeant, gave away to the enemy detailed plans of the Canadian attack on Vimy Ridge, Col. Wilfrid Bovey, formerly of General Sir Arthur Currie's staff in France, stated in a public address here.

Col. Bovey's address came on the 17th anniversary of that famous engagement in France. He is now director of extra-mural relations at McGill University. Careful preparations had been made during the last six years in tobacco growing tests show that good quality tobacco can be grown in Australia but in many cases it was either being grown in unsuitable localities or inefficient cultural practices had been adopted.

PAPER COMPANY RAISES SALARIES THIRD TIME

THREE RIVERS, QUE., April 7. An increase in salary of six per cent for employees of the Canadian International Paper Company re-announced here today, marking the third time in seven months the company has increased its wage rates. The new wage scale has retroactive effect to March 15. At the same time the company announced its wage increase, it stated the last of its eight paper machines would be put in operation at the end of the month.

AN OFFICER'S TREACHERY REVEALED

an interview with our sergeant spy. He had remembered every detail. In another sector of the front we found a printed copy. All the troops in the neighborhood knew the day and hour of our attack, where and how it was to be made, they even knew which route our tanks were to follow. "The immediate result was not affected, Vimy Ridge was taken, but the task was harder than we expected. The Germans were able to make counter preparations which cost us a great many casualties."

AUSTRALIA ENCOURAGES TOBACCO GROWING

With the object of encouraging cultivation of better grades of tobacco, Australia has voted the sum of \$100,000 per annum for five years for educational purposes. At the present time imports of tobacco into Australia are valued at roughly \$5,000,000, states the Agricultural Department of the Canadian National Railways. A report issued by the Australian Tobacco Investigation Committee covering the operations during the last six years in tobacco growing tests show that good quality tobacco can be grown in Australia but in many cases it was either being grown in unsuitable localities or inefficient cultural practices had been adopted.

LOUISIANA ENCOURAGES TOBACCO GROWING

With the object of encouraging cultivation of better grades of tobacco, Louisiana has voted the sum of \$100,000 per annum for five years for educational purposes. At the present time imports of tobacco into Louisiana are valued at roughly \$5,000,000, states the Agricultural Department of the Canadian National Railways. A report issued by the Louisiana Tobacco Investigation Committee covering the operations during the last six years in tobacco growing tests show that good quality tobacco can be grown in Louisiana but in many cases it was either being grown in unsuitable localities or inefficient cultural practices had been adopted.

JEWISH APPLICANT NOT ORTHODOX, ONLY "FAIR"

TORONTO, April 7.—Judge J. Parker, presiding in naturalization court today, discovered a new variety of relig on. "What is your religion?" he asked an applicant. "Jewish," was the reply. "Orthodox?" queried the Judge. "Just fair," was the answer. The court went no further and granted the application.

LORD TENNYSON TO WED

SANTA BARBARA, CALIF., April 7.—Lord Tennyson, grandson of the late English Poet Laureate, and Mrs. Joseph William Donner, widow of a member of a prominent Buffalo, N. Y. family, plan to marry here on April 14, it was disclosed today. Lord Tennyson, who is in the British diplomatic service, filed application for a marriage license yesterday. Mrs. Donner, who gave her age as 30, was born in St. Louis and is the daughter of Mrs. Howard Ething, of Montecito, near here. Her husband died a few years ago. She has a son, seven, and a daughter, four. Lord Tennyson, 44, succeeded his father as baron in 1928. He was divorced in 1927 from Clarissa Tennant, daughter of the first Baron Glenconner. They married in 1928.
