BANDSMEN REMEMBERED.—The members of the 105th Battalion band wish to thank Mr. W. J. Brawlers city, for music which he kindly donated to the band.

MARRIAGE ANNOUNCEMENT.—Mrs. William Acorn, City announces the engagement of her daughter Hannah, formerly of Boston, Mass., to Alexander Coady, son of Mr. and Mrs. John Coady, City, wedding to take place June 27th.

A WORTHY EXAMPLE.—Miss Mary E. Compton, a loyal pupil of Bangor School spent Victoria Day in working for the "Students Gift Fund," with the result she added \$7.15 to wards securing another field kitchen for our soldier boys. This should encourage all the boys and girls to do a share. It is not too late to begin. Mary Compton doubtless realized that the boys are busy fighting for us even on holidays and her holiday like theirs was spent in working for others.

THANKSGIVING.—The Annual Thank Offering Service of the W. M. church on Sunday evening, June 11th After special music by the choir, M. A. Murray of O'Leary, now of the Siege Battery, Charlottetown delivered a missionary address which was much appreciated by the large audience present. A pleasing feature of the programme was a chorus by the Mission Band entitled "Missionary Bells." The thank offering this year amounted to \$48.00.

WEDDING BELLS.—At the Study in the Mansie Kilross, by the Pastor on Tuesday afternoon, June 13th Mr. Malcolm J. Gillis and Miss Catherine McDonald, both of Grand View were united in marriage. Mr. Duncan McDonald, brother of the bride and Miss Florence McDonald accompanied the parties. Mr. Gillis is a successful farmer and Miss McDonald a lady well and favorably known in the community. They go to housekeeping at once with the best wishes of their many friends.

A SAD CASE.—A case sad in the extreme and without precedent in the history of Emyvale in transpiring at the home of Frederick and Mrs. Hag an. One child contracted whooping cough, and stealthily it crept until the entire family of eight children became prostrated with this dire disease in its most malignant form. An infant two months old succumbed followed by a boy two years. The third one developed pneumonia whilst the fourth lies in the shadow of death, from heart trouble. The last child is a bright girl of ten years. Medical advisers are of the opinion that the heart cannot stand the terrible strain to which it is subjected and after each paroxysm the parents with breathless anxiety watch to see if the spirit has flown. The heart felt sympathy of the whole community is extended to Mr. and Mrs. Hag an and the writer feels assured that the same sentiment will be awakened in all Guardian readers in this exceptional case.
