

The Taking Cold Habit
The old cold goes; a new one quickly comes. It's the story of a weak throat, a tendency to consumption. Ayer's Cherry Pectoral breaks up the taking-cold habit. It strengthens, heals. Ask your doctor to tell you all about it. We have no secrets! We publish the formula of all our medicines. J. C. Ayer & Co., Lowell, Mass.

JOHN ROBERTSON, the oldest resident of Avondale, N. S. died on Saturday, the 17th inst., at the age of 94 years. Deceased was born in Piedmont and was the oldest son of the late Alex. Robertson of that place. He was by trade a stone-mason. While still a young man he worked a good many years in P. E. I., later he settled on a farm and married a daughter of the late Deacon McDougall. His wife died several years ago, leaving a family of two sons and one daughter, all residing in the United States. Mr. Robertson was all his life a member of the old kirk and a supporter of the conservative party.

At the home of Angus and Mrs. McPhee of Hopefield on the evening of the 22nd inst., their daughter Miss Jennie A. was married to William J. Hamilton of Lynn Mass, Rev. S. D. McPhee, cousin of the bride officiating. The bride wore white silk organdie trimmed with lace and looked charming. Miss Clara Conrad acted as bridesmaid while Murdock MacPhee, brother of the bride supplied the groom. Mr. Hamilton is a prominent business man in the city of Lynn. He is chief of the Calsonian Clans at Lynn and an active Mason. Mrs. Hamilton will be greatly missed in social circles here. Her departure will be a loss to the choir of the Presbyterian Church at Little Sands of which she has been a talented member. Mr. and Mrs. Hamilton will cross by the Minto in a few days en route for their future home at Lynn. Their numerous friends heartily wish them bon voyage over the sea of life.

The second anniversary of Steadfast Division, Hampton, was celebrated on the 21st inst. with a grand concert and entertainment. The hall was well filled. The celebrity which this place has had in the past for its high grade entertainments was more than sustained. Special mention ought to be made of the readings by Clement T. Flood and A. D. MacDonald; of the drills whose success is due Miss Jimima MacPhail, also the splendid duet by Misses Ethel and Mary Inman. Rev. A. D. MacDonald, G. W. P. presided in his usually happy manner and in a well adapted opening address briefly declared the attitude of the Sons of Temperance towards the liquor traffic and reminded his hearers of the influence and stimulus for good Steadfast Division has been in the settlement since its inception and of its consequent claim upon their recognition and support. A good sum was realized which goes towards paying the debt on the division organ.

The Guardian's correspondent at Murray Harbor South writes—A very enjoyable evening was spent on the 21st inst. under the auspices of the Young Men's Literary Association. One of the features of the entertainment was James Brooks' Graphophone. There were also some very eloquent speeches delivered.—D. Brehaut owner of "Sunny Dave" and Preston Prowse owner of "Sunny Jack" have been making things quite interesting on the Harbor ice—Oscar Roberts is about to build on the "Burns" estate.—Some of our farmers have gone into hog raising.—The Temperance Hall of this place is undergoing repairs. It is to be completely renovated.—A petition to have the Southern Railroad extended to Cape Bear is being circulated. The idea is to dredge the bar and have the winter boats call at Beach Point and thus save a great deal of expense and time.—Mrs. G. Garrett has arrived home.—Capt. Horace Hyde is about to return to his ship at Halifax.—Thomas Roberts has returned again after spending the winter at Boston.

The "Island Condition Powder"—is a preparation that gives entire satisfaction whenever it is used—Horses should be prepared for the spring work with a good tonic and blood purifier—We have hundreds of testimonials in its favor these speak volumes—one 25c full lb package.—A. At Beach Point on March 7th Jane Reid, aged 90 years, widow of the late William Irving, departed this life at the residence of her son, William T. Irving. She had a family of five sons and three daughters, three of whom with her husband, have preceded her to the better land. Mrs. Margaret Miller, Murray Harbor North, and Lucy Leeton, Maine, U. S. and two sons on the old homestead and David in the western part of Island. Of the brothers and sisters of the deceased all lived to be very old people most of them having reached 80 years. In early life she became a faithful member of the Presbyterian church. She retained her faculties till the end of her long life and often astonished her visitors with her knowledge and memory of Scripture truths as well as of other events. Many are living today who can testify to her many good qualities of hand and heart in hour of trouble and sorrow. She suffered no pain at any time, but passed peacefully away trusting in the finished work of her Lord and Saviour.

EATEN OUT OF HOUSE AND HOME

How a Confirmed Dyspeptic Developed an Appetite Like a Corn-husker's and Cleaned Out Everything in Sight.

The wife of a leading druggist of Des Moines tells how her brother was changed from a dyspeptic without appetite to a prodigious eater. "My brother, who is a lawyer in Chicago, came to visit me and I hardly knew him on his arrival he was so thin and run down. I had not seen him for years and was much alarmed at his appearance. He told me not to worry as he had been in this condition for years as a result of chronic dyspepsia. I asked him what he had done for it, and he said he had done everything—taken every remedy he had ever heard of and consulted doctors without number, none of them helped him. I asked him if he ever took Stuart's Dyspepsia Tablets, and he said he hadn't and what was more he wouldn't. He had sworn off taking medicine of any kind.

"I had my husband bring home a box from the store and I actually made him take one or two of the tablets after he had eaten. They made him feel so much better that he offered no further objection. He had not taken the one box before he was greatly improved and three or four boxes cured him of dyspepsia and gave him a wonderful appetite. He came near eating us out of house and home. My, but it did me good to see him eat. He gained fifteen pounds before he returned home, and he writes me that he has not been troubled with dyspepsia since."

Stuart's Dyspepsia Tablets actually do the work assigned to them. They relieve weak and overburdened stomachs of their work of digestive action. Their component parts are identical with those of the digestive fluids and secretions of the stomach and they simply take up the grind and carry on the work just the same as a good, strong, healthy stomach would do. On this account Stuart's Dyspepsia Tablets are perfectly natural in their action and effects. They do not cause any unnatural or violent disturbance in the stomach or bowels. They themselves digest the food and supply the system with all the nourishment contained in what is eaten and carry out Nature's plans for the sustenance and maintenance of the body.

Stuart's Dyspepsia Tablets, by thus relieving the stomach of its work, enable it to recuperate and regain its normal health and strength. Nature repairs the worn and wasted tissues just as she heals and knits the bone of a broken limb, which is of course not used during the process of repair. Stuart's Dyspepsia Tablets are for sale by all druggists at 50 cents a box. One box will frequently effect a perfect cure.

How Much For Your Eyes?

Would you voluntarily consent at any price to dispose of your eye sight?

I think not, and yet perhaps you are one of those who, by neglect, are irretrievably losing at least a portion of their eyesight.

If your eyes need help, the most likely way to assist them is by wearing glasses, properly fitted.

My business is to properly fit glasses. This I do as cheaply as is consistent with good work.
