THOUGHT BABY'S EAR WOULD DROP OFF

Body and Head Mass Bleeding Sores. Suffered Beyond Description. Physician Could Not Even Relieve. Kept Under Opiates. Cured by CUTICURA.

My infant was one mass of bleeding sores which extended to his head, and we thought one of his ears would drop off. His sufferings were beyond description, and he had to be kept under opiates. Our physician did everything for his relief; I became utterly discouraged. My attention was called to a CUTICURA testimonial. I bought the CUTICURA, CUTICURA SOAP, and CUTICURA RESOLVENT. The result was simply marvellous. After the third day the opiates were discontinued, he was free from pain and terrible itching, and in *seven weeks was cured*, with a clean, smooth, baby skin. J. C. HARDWICK, Clare, Ga.

A foot race was contested within the town limits Friday evening which developed considerable interest—more perhaps on account of its being a test of the relative merits of certain specifics, than for the speed shown. Mero, Oxien and Oysters were being discussed. The discussion resulted in a challenge for a 100 yards dash. A timer was selected— and the representatives of the world's three greatest remedies lined up. "Go! and they went, Oxien slightly leading, his rivals close at his heels. Mexo made a clean run and showed good speed, but oysters tripped and lost ground. The relative positions were held to the finish,—the magnificent staying powers of Oxien bringing its champion under the wire an easy winner, Mexo, second, Oysters third. It is rumored the two last named, claimed a foul and that the race will be run over again.

THERE are no doubt many GUARDIAN readers are unacquainted with the little episode in the history of P. E. Island, known as the siege of Malpeque. The following extract from the official report of the "Land Commissioner's Court, held during the summer of 1860, to inquire into the differences relative to the rights of land-owners and tenants"—is probably all that has been published about it, although there is a good deal of unwritten history that is less reliable. "Mr. Alex. Stewart of Lot 18 before the Court—I am a grandson of the man who was instrumental in bringing the first British settlers to this country. "I could state facts which would astonish you, among other things the seige of Malpeque was remarkable. "Com. Howe. I have heard about the siege of Derry, etc, will you tell us something about the siege of Malpeque? "Mr. Stewart — Governor Fanning issued orders for a muster of militia about the year 1802, which order was disregarded by the inhabitants of Malpeque. The Governor being indignant at their disobedience forthwith ordered a detachment of soldiers and others to accompany him to Malpeque. On his arrival there not a man was to be found, all had fled to the woods. After remaining some days, and threatening what he would do, if he could but take them, the people not making their appearance, he had at last to pledge himself to do them no injury providing they would muster; they having been made acquainted with these promises, immediately came and mustered. The Governor, on being asked if they might dismiss, replied that they might go to h—; when he returned to Charlottetown, he drew up a despatch, representing the whole Island as in a state of rebellion, and that he had besieged Malpeque, the principal stronghold of the rebels, and completely subdued them. He at the same time gave a list of the killed and wounded, accompanying it with a draft for no inconsiderable amount to defray the expenses of the siege. One of the officers, who was represented as being wounded, but who merely got his trousers torn, on his way thither, applied for, and received a pension."

QUAINT SAYINGS.

It is interesting and instructive to read bright and well constructive advertisements. Messrs. C I Hood & Co., of Sarsaparilla fame, must have been at a great feast and taken everything home with them. They are using a bright selection of quaint old sayings and proverbs as the starters in a series of clever advertisements, wherein the proverbs are neatly turned and paraphrased to fit the subject matter. The public like this breezy advertising, as it reminds of other proverbs and opens up discussion.

MADAME WALLACE.

Cured of Female Weakness by Dodd's Kidney Pills.

Montreal, April 17.—The ladies of this city are rapidly coming to realize the value of Dodd's Kidney Pills, as a specific for all Female Troubles.

Mdme. Sarah Wallace, modiste, 338 Papineau ave., has had an experience that goes to show that no other medicine can equal Dodd's Kidney Pills for Female Troubles.

Mdme. Wallace writes:—"I suffered for three years with Female Weakness, and none of our physicians could relieve me. I was advised to try Dodd's Kidney Pills, and I had only used one box when I felt better, Now I am cured, and have taken only two boxes."

Dodd's Kidney Pills always cure Female Troubles.

Erysipelas and Salt Rheum.

BURDOCK BLOOD BITTERS CURED MR. EDWARD WHITE OF VICTORIA CORNERS, N.B., FIVE YEARS AGO.

HE HAS NEVER HAD ANY RETURN OF THESE DISEASES SINCE.

The triumphs of Burdock Blood Bitters over diseases that other remedies and even doctors' treatment seem powerless to cure, render it without doubt the grandest and greatest medicine of the times.

The cases being recorded from day to day show how thorough and far reaching are the cures B.B.B. makes and no case illustrates this more satisfactorily than that of Mr. Edward White of Victoria Corners, N.B.

We will permit Mr. White himself, together with his friends and neighbors, to amply verify the statement made on behalf of B.B.B., that when it cures you, you're cured to stay cured. This is the letter Mr. White wrote in 1894:

"For twelve years previous to the past few months I have been a sufferer from the worst kind of Salt Rheum. I tried twelve different doctors, besides many patent medicines, but received no benefit. Last January I was advised to try B.B.B. by the Postmaster here. I soon perceived a decided change for the better and it only took six bottles to make a complete cure."

EDWARD WHITE.

At the same time Mr. E. H. Cox, a neighbor of Mr. White, wrote the following:

"I know Mr. White and am aware that he has suffered for about twelve years from Erysipelas and Salt Rheum and has tried many doctors but all have failed to cure him.

"I had the opportunity of examining his arms, shoulders and breast, and found them covered with sores, but after using one bottle of B.B.B. they had healed up so that large scabs and scales fell off. I advised him to keep on using B.B.B.

"His face was fairly baked and so rough and sore that the skin cracked open. The itching and burning were almost unbearable.

"He continued the use of B.B.B., until now every symptom of the disease is gone.

"I write this in justice to B.B.B. as the facts are true in every respect."

E. H. Cox.

Then Mr. White's wife corroborated his story, she wrote:

"I cannot express in a letter how my husband has suffered during the past twelve years. I have seen the skin all peel off his face three times in a week with that awful Salt Rheum. He has spent everything for medicines and doctors' bills but nothing did him any good until he took B.B.B. He has taken six bottles and is now cured. He used to scratch his flesh all night, but now sleeps well and is free from disease."

Backing up and endorsing all these statements made we have the testimony of three of the best citizens in the community.

We have known Mr. Edward White for the past ten or fifteen years and can certify to the genuineness of his letter and to the facts of his case as stated by himself.

J. B. BOWSER, Merchant and Postmaster; JAMES W. BOYER, Manufacturer; THOS. W. LETSON, Justice of the Peace.

MR. EDWARD WHITE.

Now comes the proof of the permanency of this wonderful cure—and we have it in the following letter just received:

"It is now about five years since I was cured of a terrible attack of Salt Rheum and Erysipelas which afflicted me for about twelve years. I had tried almost everything including doctors' medicine, but could get no relief until I took Burdock Blood Bitters.

"Although my case was so bad it only took six bottles of the B.B.B. to make a thorough cure. Indeed, so lasting and permanent has the cure been, that during these past five years since I was cured there has been not the slightest sign of the disease returning. I believe that B.B.B. has driven it so completely out of my system that it will never bother me again.

"I always praise B.B.B. as the best remedy for any skin or blood disease, and I firmly believe that if it could cure a case of Salt Rheum as bad, and as of many years standing as mine, that it can cure sores or skin disease of any kind."

EDWARD WHITE.

And the permanency of the cure is corroborated by well known fellow citizens of Mr. White.

This is to certify that we have known Mr. E. White for a number of years past and believe his statements with reference to his cure to be true in every particular and are aware that he has had no return of the Salt Rheum since he was cured some years ago by Burdock Blood Bitters.

Urbanities Are Short Sighted

Short sight is more common in town than among country folk, for the simple reason that townspeople have less need for long sight. But it is not a proof of physical degeneracy, as can be seen in a case of the Germans, who are a notoriously short-sighted people.

AN INTERESTING CASE.

Mr. W. G. Phyall, proprietor Bodega Hotel, 36 Wellington Street East, Toronto, says.—"While living in Chicago I was in a terrible shape with itching and bleeding piles, I tried several of the best physicians and was burnt and tortured in various ways by their treatment to no avail, besides spending a mint of money to no purpose. Since coming to Toronto I learned of Dr. Chase's Ointment, I used but one box and have not been troubled with pains in any shape or form since.
