was talking about. I over took prisoner
on the road. I asked him about
Skerry. He told of going down
to the field with Skerry and of what
took place there, which was practically
the same as that given by former
witnesses. After letting the horse
go prisoner said they sat down and
had a drink together after which they
started for home. I asked him if he
had any idea where Skerry was and
he said no unless he went out on
that vessel. I think he told me they
finished the bottle. I think I asked
him if Will was drunk and that he
(Skerry) had told the prisoner that
he was drunk, but that (prisoner) did
not think so myself.

It being after five o'clock the judge
decided that they would hear no more
evidence today and court therefore
adjourned until 10.30 tomorrow morning.

the prisoner. I asked O'Hearn if he
had seen Skerry in Tignish. He said
No. I said did you not see him around
the Cape. He said 'No, but I saw
him sitting in a buggy at the Pond.'
I said 'Are you sure?' He said he was.
I then waved my hat and sang out to the boys that Skerry
was on my way home the prisoner,
and several others came over to tell
me that Skerry was missing. Do not
think there was anything said as to
his whereabouts. After I got my
dinner I went back to the meat shop.
In talking of Skerry's absence, nothing
definite was said as to where he
