RED INDIANS LOSE THREE MORE MEMBERS

Moncton Juniors Leave for Montreal to Play With Upper Canadian Junior Teams.

Moncton's crop of promising young hockey players was further depleted Wednesday, when the departure of Raymond Malenfant, Claude Bourque and Rene Boudreau for Montreal brought to a total of five of the young local athletes who have migrated to Upper Canadian cities this year.

Earlier in the summer Gordon Drifflin and Harold Ingram, two flashy forward players, who last year performed with the Junior Canadiens and Red Indians, respectively, moved to Toronto and will perform with the Toronto Nationals in the coming hockey campaign.

Malenfant, Bourque and Boudreau have been regarded as three of the most consistent performers with the Red Indians, last year's Maritime junior hockey champions. They played important roles in their team's victories in quest for city and Maritime junior laurels and the two Transpacific trophies which are emblems of the titles. Again in Montreal, although the Indians were eliminated from the race for the Memorial Cup, their stellar play attracted the attention of scouts for the Canadiens club.

The three boys will take a course at the Montreal Catholic English High School, which is directed by the Reverend Brothers of the Presentation, while their hockey careers, providing they show the necessary ability, will be under the direction of Newy Lalonde, noted coach of the famous Flying Frenchmen.

Troops Fight Heath Fires In England

LONDON, Sept. 7.—(C. P. Cable)—The weatherman still offers no relief to parched England. Over great areas in the south heat fires are being fought, in some cases troops protected by gas masks having been called upon to assist in extinguishing the blazes.

Bournemouth, famous seaside resort on the south coast, was at one time ringed with fire. At Wareham in the county of Dorset the Royal Naval Cordite Factory was saved only after a desperate two hours' battle by firemen. Another fire in Surrey for a time threatened two sanatoria.

SOUS LOCAL CONVENTION

The Local Convention at Souris took place on Friday, Sept. 7, with Mr. Louis Gallant presiding and about sixty teachers present. Supervisor Murphy gave a short and interesting address in which he spoke of School Fairs, School Registers and Notices of Engagement. Supervisor Hynes in his talk dealt largely with the time-table, giving many helpful suggestions. A very interesting paper on composition was read by Miss Besse McLeod, principal at Fortune Bridge. She gave several examples of how to encourage pupils in oral composition as well as written. Miss Catherine McLean, Junior Red Cross Organizer, spoke in the interests of the Red Cross. Miss Shipley, of Amherst, entertained the teachers with two delightful action songs, which, she suggested, could be taught to school children. Miss McLeod representing the Carnegie Library, outlined the plan for placing libraries in the several centres of Prince Edward Island. The many questions, submitted to the Question Box, were capably answered by Mr. H. H. Shaw, Superintendent of Education. The following officers were appointed for the ensuing year: President, Mr. Louis Gallant; Vice-President, Marguerite McDonald; Secretary, Olga White; Executive, Kenneth McDonald, Helen Donahoe, Annie McGowan. The meeting adjourned with the singing of "God Save the King."

Golf Finals Closely Contested

(Special to The Guardian)

JASPER PARK LODGE, Alta., Sept. 7.—Playing under almost perfect golfing conditions favorites came through here yesterday during the second series of match play games for the Totem Pole championship. The result is that either Calgary or Seattle will enter the final in the top half of the draw while Victoria, Vancouver, Edmonton and Saskatoon will battle it out for representation in the lower half.

In the ladies' matches some very close games were played and the standing last night showed Victoria with two places. Mrs. Sayward Wilson and Mrs. D. R. Philliprick, Winnipeg, have two places with Miss Lois McLaren and Mrs. Gordon Konantz. The other four spaces are occupied by Vancouver players, Mrs. S. C. Sweeney, Miss K. Duff Stuart, Mrs. George Irvine and Mrs. J. Hamilton. Owing to the vagaries of the draw two Seattle men and two Calgary men will meet for the right to enter the semi-final at the top. Thomas Green, Medalist of Seattle, displaced of Mac O'Neill, Vancouver, and Charlie Adams, Seattle, beat Walter MacDonald, Winnipeg. This will bring Green and Adams together Thursday morning.

ABEGWEIT PRACTICE

All members Abegweit baseball team are requested to attend practice this evening, Abegweit Grounds at 5.30.

COMMISSION EN TRAINS FOR TORONTO

(By Ray Brown Canadian Press Staff Writer)

MONTREAL, Sept. 7.—With Quebec representations added to those of seven other provinces of Canada the Royal Commission on Banking tonight turned to Ontario. Montreal sitting of the Commission headed by Lord Macmillan concluded early this afternoon, and later the body entrained for Toronto to meet in that City tomorrow.

Every Province in Canada, with the exception of Ontario has now placed its viewpoint on banking and finance before the Commission which will report to the Dominion Government. Its report and recommendations will carry weight when Parliament turns to the post-poned revision of the Bank Act at next session.

Variety of Viewpoints

Today Lord Macmillan and his fellow Commissioners were given a variety of viewpoints on several topics. Interlocking directorates were condemned in no uncertain terms by Mrs. J. Bielby, representing the Women's Conservative Association, who asked for an amendment to the Bank Act which would make it impossible for Bank Directors to hold similar office in industrial corporations. The Beauharnois Power situation was held up by Mrs. Bielby as an illustration of what should not be allowed to happen.

Beauharnois

"The citizens of Montreal had built their hopes of an escape from the extortions of the Montreal Light, Heat and Power Corporation on the development of Beauharnois," she asserted. The Provincial charter had been granted to the Beauharnois Company for the purpose of creating a competing factory in the power market.

Upho's Present System

Earlier in the sitting the Commission had received a statement from John W. Ross, President of the Canadian Chamber of Commerce, in which it was averred that the present banking system had "stood Canada in good stead" during a particularly trying period. Mr. Ross made it clear that the Canadian Chamber of Commerce would have a submission to make to the Commission before it concludes sittings in Ottawa.

In an extensive brief, which was read by Professor Francois Vesina, of the school for higher commercial studies on behalf of Professor E. Montpetit, University of Montreal, arguments against a Central Bank were advanced. Professor Montpetit was unable to be present.

Instead of a Central Bank Professor Montpetit suggested the creation, within the Department of Finance, of a body to be known as "the Banking Commission." He listed the functions which it should fulfill. It would maintain control over rediscunt, draw up interest rates to suit circumstances, build up reserve funds in other countries with a view to having some influence on exchange rates, and lastly, to construct within the necessary period of time, the foundations of a financial and monetary policy.

"What time do you get up in the morning nowadays," asked the very earnest man. "As soon as the first rays of the sun enter my window," replied his friend. "Jove," exclaimed the earnest man, "that's jolly early, isn't it." "No," said the other; "you see my window faces the west."

UNITED STATES GOLFERS WIN FROM CANUCKS

(Canadian Press)

SEIGNIOY CLUB, Que., Sept. 7.—Canadian senior golfers tonight were still seeking the victory which has evaded them for ten years, a victory in team competition over the team of the United States Senior Golf Association.

For the 10th consecutive time since the International series began, United States golfers today routed the Canadians by a score of 21 points to 11 and thus renewed their hold on the Duke of Devonshire Cup.

BYRD

(Continued from Page 1)

about the South Pole," Byrd said—a trace of excitement in his voice as he talked of his newest venture. The bulk of this land, the explorer said, should lie between the South Pole and South America—most of it adjoining Evelyn Byrd Land, named for his mother—which was claimed for the United States on his expedition of three years ago.

Millionaire Backers

Col. Jacob Ruppert, millionaire brewer and owner of the New York Yankees Baseball Club, was with Byrd when he announced his plans and was disclosed as one of the financial backers of the expedition. John D. Rockefeller, Jr., also is a financial contributor to the expedition.

"Some 14,000 people—industrialists, business men and others," Rear Admiral Byrd said, "have contributed to making this scientific mission possible."

Two Ships

The expedition, more fully equipped than the first, will sail on two ships, the 2,500-ton steam vessel Pacific Fir, and the Bear, an old time coast guard cutter.

This equipment includes a trimotored aeroplane—in which Byrd, piloted by Bert Balchen, soared over the South Pole—a smaller plane, wireless towers, caches of gasoline and dog sleds.

"We'll probably find the houses we built under many feet of snow," Byrd said. "The ice age down there is in full flood tide. It's a question of what ice recession has left."

"There is an unlimited supply of coal some 300 miles north of the Pole," Byrd went on, "showing the region once was semi-tropical at least. There also should be an abundance of oil."

The commercial possibilities of these stores, however, is nil until changes in climatic conditions make the land inhabitable, or unless other stores are exhausted, Byrd added.

Commissioners had received a statement from John W. Ross, President of the Canadian Chamber of Commerce, in which it was averred that the present banking system had "stood Canada in good stead" during a particularly trying period. Mr. Ross made it clear that the Canadian Chamber of Commerce would have a submission to make to the Commission before it concludes sittings in Ottawa.

In an extensive brief, which was read by Professor Francois Vesina, of the school for higher commercial studies on behalf of Professor E. Montpetit, University of Montreal, arguments against a Central Bank were advanced. Professor Montpetit was unable to be present.

Instead of a Central Bank Professor Montpetit suggested the creation, within the Department of Finance, of a body to be known as "the Banking Commission." He listed the functions which it should fulfill. It would maintain control over rediscunt, draw up interest rates to suit circumstances, build up reserve funds in other countries with a view to having some influence on exchange rates, and lastly, to construct within the necessary period of time, the foundations of a financial and monetary policy.

"What time do you get up in the morning nowadays," asked the very earnest man. "As soon as the first rays of the sun enter my window," replied his friend. "Jove," exclaimed the earnest man, "that's jolly early, isn't it." "No," said the other; "you see my window faces the west."

Results Of Races At Fredericton Yesterday

(Canadian Press)

FREDERICTON, N. B., Sept. 7.—Results of today's horse races at the Fredericton Exhibition, the final card of three days' racing, were as follows:

Star G. (Cummings) 555
Neil Frisco (Purvis) 66 dr
Time: 2:06 1/2, 2:07 1/2, 2:09 1/2
2.15 Trot, Purse \$300
Addie McGraw, by The Klinker, Wellington McNeill, Southport, P. E. I. (McNeill) 121
Tease (Conroy) 212
Helen D. (Semple) 333
Time: 2:12 1/2, 2:12 1/2, 2:12.

Defending Champ Badly Beaten In Singles Ch'ship

Ellsworth Vines Loses in Three Straight Sets to Atlanta Youth in Major Upset of Tournament.

(By Alan Gould Associated Press Sports Editor)

FOREST HILLS, N. Y., Sept. 7.—One hundred and twenty pounds of gamecock tennis energy, wrapped up in the diminutive frame of Bryan M. (Bitsy) Grant, Jr., of Atlanta, Georgia, exploded right under a flock of official noses today and blasted the two-time defending titleholder, Ellsworth Vines, Jr., of Pasadena, Calif., out of the United States men's singles championship, in three one-sided sets.

By scores of 6-3, 6-3, 6-3 that were startlingly decisive in every particular, the 22-year-old Southerner sprang the major upset of the tournament, injecting himself unceremoniously into the front rank of American contenders and dixed a sensational fourth round of play.

Vines' Davis Cup mate, Wilmer Allison, also was decisively eliminated by the sensational 20-year-old Australian, Adrian Quist, 6-1, 6-3, 6-2, and the last two Japanese entries fell by the wayside in a day that was heavy with heat, humidity and surprises.

"Bitsy" bombarded Vines from the outset, out-volleyed the champion and broke through his vaunted service no less than seven times in three sets. Not since the challenge round was abandoned in 1912 has a defending champion failed to reach the quarter-finals, nor does the record reveal a titleholder so badly beaten.

HI-Y WIN THIRD GAME FROM STEWARTS

(C. P. Cable)

HI-Y Club, taking advantage of numerous errors by Stewart's Bakery team, went into an early lead in their softball game last night and were never headed, coming out on the long end of a 12 to 4 score. By winning last night's game the Club boys remained in the running for the Pickard Softball Trophy. The series now stands two games to one, in favor of the Bakery squad.

CRICKET RESULTS

(C. P. Cable)

LONDON, Sept. 7.—(C. P. Cable)—The M. C. A. Australian team obtained a lead of 40 runs on the first innings over H. D. G. Leveson-Gower's team in the second day's play of the match at Scarborough. Replying to the Australian eleven's total of 349 runs their opponents today scored 209. Mitchell scored 100 not out, Bakewell 51 and Townsend 56. G. G. side had obtained 54 runs without loss when play closed. The match will be concluded tomorrow.

Players had easily the best of matters in the match with the gentlemen. At the end of the day they had scored 469 for six wickets. Am's hitting up 201, Ashdown 81 not out and Woolley 54. The amateurs in their first innings yesterday scored 311.

DEVON LOSES TO KIWANIS

(Canadian Press)

ST. STEPHEN, N. B., Sept. 7.—St. Stephen Kiwanis, Maritime senior amateur baseball champions last year, earned the right to enter the final round in this year's championship race by defeating the Devon team here today, 3 to 2. The win gave the locals two games out of a three game series. Kiwanis will now meet St. Peter's, Saint John, in a five-game series for the 1933 title.

RIFLE MATCH

(By John L. Cooley)

(Associated Press Financial Writer)
NEW YORK, Sept. 7.—(A.P.)—Stocks drifted lazily to a lower closing today. Grains also declined and bonds maintained the downward drift which has been their direction most of this week.

Losses for shares were moderate and volume remained light. The market plainly lacked incentive for much shift of position either way and seemed to be largely in the hands of professional traders who sold in the afternoon after the list had failed to follow an early rally by the oils.

STATE OF UNCERTAINTY

With basic industrial statistics still testifying to a slackening of productive activity, Wall Street is currently awaiting light on what the fall season has in store for business. Particular importance is attached to the eventual trend because of the code regulations which should be in full swing; meanwhile, the financial community is in a state of uncertainty.

A feature of today's stock trading, which totalled 1,070,770 shares was the inactivity of many market leaders. Allied Chemical, General Motors, Santa Fe, American Telephone and others turned over in limited amounts. Steel issues again found their support thin, both U. S. and Bethlehem losing about a point and a half.

SLIGHT LOSSES

Westinghouse, Case, Union Carbide, New York Central, Consolidated Gas, General Motors, Pennsylvania and Southern Pacific were off. For General Electric, Chrysler, National Biscuit, American Tobacco "B", North American, Santa Fe, Baltimore and Ohio and U. S. Smelting the losses were fractional.

Seaboard, up more than two was a strong oil, but other members of that section lost heart after their forenoon effort. Alcohol issues were soggy. Homestake Mining lost several points, apparently because traders sold on the "good news" of the dividend expansion. American Telephone, whose July earnings increased rather sharply over a year ago, was steady to firm.

Hesitancy of consumers to place new business for steel products has brought another contraction in the operating ratio, as was expected. "Iron age" placed the current av-

Hit By Golf Ball Sues For \$100,000 Damages

(A.P.)

MONTICELLO, N. Y., Sept. 7.—Injuries received when struck by a golf ball are the basis of a \$100,000 damage suit against a Sullivan County Golf Club filed in Supreme Court.

August Sachs of New York City claims he was sitting in his car on a highway last July 8 when a golf ball allegedly driven by E. R. Fletcher, of Middletown, shattered the windshield of his machine. The glass, he charges, injured his eye. Fletcher is also made a defendant, charged with negligence.

League Totals: American, 544; National 417; Total 961.

verage at 45 percent of capacity against 47 a week ago, 50 percent two weeks ago and 53 per cent three weeks back. Customers are specifying more freely against third quarter contracts drawn on the basis of pre-code prices, but there seems to be a general disposition to stand off pending, as the review said, "a final adjustment of market practices to the conditions imposed by the iron and steel code."

ELECTRIC PRODUCTION

Electric power production last week was 11.8 per cent larger than in the corresponding period of last year and also rose from the previous week, but the percentage increase over 1932 was the smallest of the summer, attesting to the seasonal contraction in industry.

The New York Federal Reserve Bank allowed its 2-1-2 percent rediscunt rate to hold over, although there had again been some expectations of a reduction to align the borrowing charge more close with present money markets.

Not All Glamor In Movieland

(Canadian Press)

HOLLYWOOD, Cal., Sept. 7.—Here is a note of interest to movie-struck youth who hope to find fortune and fame in the film capital. The average pay of the 1,400 active extras listed by the Central Casting Bureau, was only \$8.22 a week from January 1 to July 1, 1933.

The Bureau declared there now is an "over abundance of underpaid men and women" in the ranks of film extras.

WINS UNIQUE GOLF TOURNEY

(A.P.)

W. R. Thomas, of Glasgow, Leads Field of One Armed British Army Veterans.

EDINBURGH, Scotland, Sept. 7.—W. R. Thomson of Glasgow, who lost an arm in the service of his King, today won the first one armed Golf championship ever held with the mighty creditable score of 83-87-169 from a field of 43 British Army Veterans.

The unique tournament brought out some fine golf with Thomson carrying the green with his drive on a 262 yard hole and another player, A. L. Groundrill of London scoring a birdie two on a 140 yard hole, putting his drive eight feet from the pin.

Douglas Smith of Oban was second to Thomson with 171 while in third place with 175 was J. P. A. Renick who left his right arm on menin Road before Ypres in 1918. Forty of the players lost their arms in the war while the other four were wounded in engagements before 1914.

Play Draw Game

(C. P. Cable)

LONDON, Sept. 7.—(C. P. Cable)—Notts Forest and Manchester United played a drawn game at Nottingham this afternoon in a second division English League Soccer fixture. Each team scored once.

In the Southern Section of the third division Queen's Park Rangers, playing at home, defeated Swindon Town, 1-0.
