(C. P. By Guardian's Special Wire)
MONCTON, N. B., Nov. 14—Appearing before the Board of Railway Commissioners here this morning, to present the application of the Maritime Transportation Commission for a reduction in the rates on potatoes by three cents per bushel or five cents per one hundred pound carload lots to correspond with reductions already granted in Ontario and Quebec, C. J. Burchell, K. C., of Halifax, termed the hearing one of the most important ever to take place before the tribunal. He called the Maritime Freight Rates Act the lifeline of the Maritime trade and said that unless it were implemented, the Maritimes would find themselves in a serious plight.

Highlights Of British Election

(By George Hambleton Canadian Press Staff Writer)
LONDON, Nov. 14—(C. P. Cable)—The second election result heard tonight meant the defeat of John Grippa, Labor, 22-year-old son of Sir Stafford Cripps, in his first venture at Exeter, which was held for the Conservatives by A. C. Reed.

Miss Susan Lawrence, chairman of the Labor Party in 1929, was another defeated candidate in Stockton-on-Tees.

P. T. Eckersley, well-known as a cricketer, was elected as a Conservative in the exchange division of Manchester, but the 1931 majority was cut in half.

Capt. Harold MacMillan, Conservative, returned again in Stockton-on-Tees, served as A. D. C. to the Duke of Devonshire when he was Governor-General of Canada.

Hon. W. W. Astor, who was aided by his mother, Lady Astor, during the campaign, regained Fulham East for the Conservatives. He defeated J. C. Wilmot, Labor, by a bare 1,000 votes.

Vice-Admiral Gordon Campbell, Conservative defeated by W. A. Burk, Labor, in Burnley, was the originator of the mystery "Q-boats" which took a heavy toll of German submarines during the Great War.

POPE SEEKS TO STAVE OFF SANCTIONS

Feels Postponement Of League Action Would Lead To Earlier Conciliation In African War.

(By John Evans, Copyright 1935 by The Associated Press)
ROME, Nov. 14—Earnest efforts by Pope Pius to obtain postponement of sanctions in the interest of world peace became known today—four days before the League of Nations and Italy are scheduled to raise their economic draw-bridges. But despite the Holy Father's hope that 51 world powers will delay their stiff economic boycott of Italy because the Fascist state has made war on Ethiopia, sanctions generally were expected to become effective next Monday.

GIRL FLYER OVERDUE

(A.P. By Guardian's Special Wire)
RIO DE JANEIRO, Nov. 15—Jean Batten, New Zealand flier who became the first woman to span the South Atlantic alone yesterday, was overdue in Rio De Janeiro early tonight.

No word had been received from her since she passed over Pernambuco earlier today. That city is 186 miles from Natal, where the 15 year old flier landed yesterday after her flight from Africa.

Aviation officials said Miss Batten should have arrived here by 6:45 p. m.

Trade Treaty Details Will Be Made Known Monday

OTTAWA, Nov. 14—Premier King left here today for Washington where he will sign the Canadian-American reciprocity treaty tomorrow. Secretary of State Hull will sign for the United States, the ceremony probably being held in the White House.

A wave of official silence greeted representatives of Canadian manufacturers here today who sought information as to the treaty's effect on their industries. The Government has been determined to prevent leaks on the terms of the treaty until it goes into operation.

The treaty will not be published as soon as it is signed and present arrangements call for it to be published in Monday morning papers, simultaneously in United States and Canada.

The Prime Minister held a press conference this afternoon, a few minutes before boarding his train. His Government had been in power three weeks today and he enumerated to the press some of its accomplishments. In addition to the Washington Treaty he listed Cabinet reduction and consolidation; decision to appoint parliamentary secretaries; application of sanctions against Italy; abolition of Harbor Boards; creation of a Committee of Cabinet Ministers to supervise operations of the wheat board and reference of the reform laws passed at the last session to the Supreme Court of Canada.

LABOR CUTS DOWN GOVT. MAJORITIES

Liberal Party Shattered, Samuel Defeated.

(By George Hambleton, Canadian Press Staff Writer)
LONDON, Nov. 15—(Friday)—The National Government will have a good working majority in the next Parliament. So much is clear from the results so far declared for yesterday's polling.

Liberal Party Shattered, Samuel Defeated.

Not half the total results were announced by this morning, for in many constituencies there was no counting last night. But last night's results were chiefly in the industrial areas where Labor expected to make its chief gains. While Labor gained and the huge Conservative majorities of 1931 went crashing down, the government still retained sufficient seats to make its position reasonably secure. The rural areas to be heard from today are generally regarded as Conservative strongholds.

Party Gains

LONDON, Nov. 15—(C. P. Cable)—Following is the Canadian Press list of party gains with 346 seats to come and 222 unchanged.
