THE ANSWER IN THE BOOK.

A certain statesman was talking with a friend of the many problems of life for which he could find no explanation.

"I often have caused to remember," he said, "an experience of my first year at college. I was having difficulty with my mathematics. I did most of my studying in the evening, and after two or three hours of work I found it hard to think clearly or even to keep awake. That worried me for a time, but at length I thought the matter out to two reasonable certain conclusions.

"The first was, that the problem had an answer and that answer in the book was right; the second was that anyone with my knowledge of mathematics ought not to find the

problem hopelessly beyond him. With a clear mind I could, no doubt, solve it.

"From that moment I ceased to work with the baffled feeling that formerly troubled me. I worked hard till I found myself getting sleepy; then turning out my light I went cheerfully to bed, resolved to rise and face the unfinished work in the morning.

"That experience comes back to me again and again when I face the deep mysteries of life and death, and grow weary in the effort to understand them. But when I have reached the end of my resources, I go cheerfully to sleep in the dark, with trust in the goodness of my Heavenly Father, and with faith that some morning I shall wake here or in the world to come to find that the answer in the book is right."

BAGKACHE NOT A DISEASE

But a Symptom, a Danger Signal Which Every Woman Should Heed.

Backache is a symptom of organic weakness or derangement. If you have backache do not neglect it. To get permanent relief you must reach the root of the trouble. Read about Mrs. Woodall's experience.

Morton's Gap, Kentucky.—"I suffered two years with female disorders, my health was very bad and I had a continual backache which was simply awful. I could not stand on my feet long enough to cook a meal's victuals without my back nearly killing me, and I would have such dragging sensations I could hardly bear it. I had soreness in each side, could not stand tight clothing, and was irregular. I was completely run down. On advice I took Lydia E. Pinkham's Vegetable Compound and am enjoying good health. It is now more than two years and I have not had an ache or pain since. I do all my own work, washing and everything, and never have backache any more. I think your medicine is grand and I praise it to all my neighbors. If you think my testimony will help others you may publish it."—Mrs. OLLIE WOODALL, Morton's Gap, Kentucky.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.
