The Business of This Place is to Raise Salaries

Do You Want Congenial Work With More Salary?

If you are one of the really ambitious and want to earn more money and succeed in life, cut out, fill in, and mail to us the below coupon. We will show you how you can fit yourself easily and quickly, in your spare time, to get more money in your present position, or change to a more congenial and better paying occupation.

Mind, the sending of this coupon does not obligate you to pay one cent. It simply gives the I. C. S. the opportunity of proving how easy it is for you to improve your condition right at home, without neglecting your present work.

The I. C. S. has taken a day laborer and qualified him as an electrician, with a salary of \$3000 a year. It has taken a brick-layer and qualified him to become a building contractor with a business of his own of \$200,000 a year. It has taken a sailor and qualified him to start a business worth \$175,000 annually. It has taken tens of thousands of men and women of every age and in every walk of life and in a few months, qualified them to double, triple, quadruple their salary.

Go where you will, you find in high positions men who have risen from the ranks solely by the help of the I. C. S.; men who were earning but a dollar a day; men with wives and children to support; men with no education, but the ability to read and write.

Go where you will, you find these men to-day as Foremen, Superintendents, Managers, Engineers, Contractors, Owners. Their success reads like romance; and yet it is all readily understood once you know how easy the I. C. S. makes the way.

Work—what you may, live where you will, choose what occupation you like, the I. C. S. can qualify you for it, by mail, in your spare time. It costs nothing to fill in, cut out, and mail the coupon, so do it now.

LET THESE MEN TESTIFY.

W. A. Winfield, formerly of Charlottetown, Inspector to General Manager of Telephone Co., took Electrical Engineering.

Kenneth H. Gordon, Georgetown, axeman to Rodman, Nav. Transcontinental Ry., survey; salary increased. Took Railroad Engineering.

George Dewar, formerly of Charlottetown, lineman to local manager of Telephone Co., Winnipeg. Took Telephone Engineering.

Geo. E. Frye

NEW GLASGOW, N. S.

During March 310 students voluntarily reported an increase in salary and position as direct results of I. C. S. training.
