

TUESDAY
The Supreme Court resumed its sessions yesterday morning at eleven o'clock, when the case of the King vs. George E. Loder, James Loder and Charles Dobson, for breaking, entering and stealing from the store of Morris & Fyfe, Stanley Bridge, on 21st September, 1910, was brought on.

WEDNESDAY
Yesterday morning at the Supreme Court the case of the King vs. John Bell was taken up. The defendant was charged with burglariously breaking into the house of Theo Moore, Prince St., on Oct. 20th last. The Attorney General conducted the prosecution and A. A. McLean, K. C. appeared for the prisoner.

THE AVERAGE WOMAN NEEDS MORE BLOOD

Nerves Easily Irritated, She Worries Over Little Things.
To the woman in the home - the woman closely confined to the house either through household duties or the care of children, or both - Dr. Williams' Pink Pills are a positive blessing.

Dr. J. T. Jenkins and Mrs. Jenkins leave tomorrow for Alberta, where they will spend some months on the Doctor's ranch, with their grand-children.

"Pneumonia"

Pneumonia is nothing more or less than "Lung Fever," or as it used to be called, "Inflammation of the Lungs" and the results come entirely from a local source; such as taking a violent cold.

question to consider is the necessity of establishing the breaking and entering beyond a reasonable doubt. In order to constitute burglary it is necessary to remove all room for doubt. It is not necessary to break a lock to "break."

Wednesday evening, Dec. 14, 1910, the home of John and Mrs. Rose, Lakewood, was the scene of a pretty event when their eldest daughter, Ella May, was united in marriage to Freeman Garrett, of Fairfield.

MOTHERS APPRECIATE BABY'S OWN TABLETS

Because they are the only medicine which gives the guarantee of a Government analyst to contain no opium, morphine or other harmful narcotic. This medicine the mother can give with absolute safety.

APPLES FOR ENGLAND.

Editor Daily Guardian
Sir - I notice in an English paper that the Manchester Spinner in her last trip to England brought over 100 barrels of apples from P. E. Island.

as President of the Company. During this long period you have given freely and faithfully of your time. Throughout the early years of our business, competition was keen on every point, and were it not for your untiring and unceasing efforts we honestly believe that the Crapaud Creamery Company would not be in existence today, but we point with pride to our establishment and the success we have had.

The 2.10 trotters number 457 by the last tally. It is probably quite true that there are more 2.10 trotters today than there were 2.30 trotters in 1877. We are certainly stepping into 1877.

In 1877 three and four year old trotters that had made a record as fast as 2.30 could be counted on the fingers of the two hands, the former being 2.28, the latter 2.24. Today the three year old record stands at 2.04.

It does a chap good to visit Cape Traverse and view the nice sheet of ice which was made and remained on the Cape Traverse River since before Xmas. While there is no sleighing, horsemen, farmers and their sons manage to get to this ice, even some fancy men with their regulation gog, gles.

Brazilian and Parkside, their sons and daughters, have left many of their offspring around and about Xmas. Needless to say, they can all go some, even from Clydams. In fact, a trotter of some calibre can be found in every barn. Special mention must be made of a year and a half old filly, owned by Bert Dickie, whose sire is Israel Artie (4) 2.25, and dam Almost Wilkes.

This baby trotter acts now as if she will be fit to go to the race at Halifax next fall and come home with the first money, as did her sire, Tarte, not once, but thrice. Mr. Millington, too, has a good colt by Kaiol.

Mamie P. and Dominion D. turned around three times together Wednesday last. It was a feast for one's eyes to see those two stepping. To tell the truth they handed out some love, again, when Mamie P. came and hushed forever the sacred voice of the beloved mother, Lucy M. Dingwell, at the early age of 62 years. In infancy she was left an orphan and was brought up with her grand parents, William and Mrs. Underhay.

Palpitation of The Heart.

When the heart begins to beat irregularly or intermittently, palpitate and throb, skip beats, beats fast for a time, then go slow as if almost to stop, it causes great anxiety and alarm.

Many people are kept in a state of morbid fear of death, become weak, worn and miserable, through this unnatural action of the heart. To all such sufferers Milburn's Heart and Nerve Pills can give prompt and permanent relief.

Mrs. John Thompson, Mill Cove, N.B., writes: "Just a few lines to let you know what Milburn's Heart and Nerve Pills have done for me. I have been troubled with weakness and palpitation of the heart; would have severe choking spells, and could scarcely lie down at all. I tried many remedies but got none to answer my case like your pills did. I am so much better and feel highly satisfied with your heart and nerve trouble."

and after their death in the eighth year of her age, and about a year after with her uncle, J. C. Unruh, with whom, with all within in the circle of her acquaintance, she was a great favorite. She became the wife of John A. Dingwell, and a few years after settled in the home now so desolate because she will return no more to her family life.

A number of friends on hearing that J. A. McIsaac and J. H. C. Blackman, about to remove to Fredericton, N. B., waited on him and Mrs. McIsaac and presented them with a valuable and suitable memento and the following address:

Dear Friend:—We have long known you and we would say so we have known you to greater effort and to greater ambitions, far from your home, but the realization that you are going is none the less hard to accept.

Very Short And Right To The Point

Frank Miller Tells Why He Recommends Dodd's Kidney Pills

He Used Them for Rheumatism, Heart Disease and Lumbago, and They Went Right to the Root of His Troubles.
Elkmoor, B. C., Jan. 20 (Special)—Frank Miller, section foreman on the railroad here, whose work exposed him to all kinds of weather, has discovered that Dodd's Kidney Pills are a sovereign remedy for those kidney ills that almost invariably follow neglected colds.

At a meeting of the Presbytery of St. John, held at Norton Saturday afternoon, a hearty and unanimous call was extended by the congregation of Chipman to the Rev. Edwin Smith, M. A., at present on the staff of the Presbyterian Witness and formerly of Cardigan (P. E. I.) the call was presented by Rev. J. H. A. Anderson and supported by Messrs. Fraser, Baird and Ward of Chipman. Rev. Mr. Smith accepted the call. The induction service was appointed for Tuesday, Jan. 24th, at 7.30 p. m. St. John Telegraph.

The annual meetings held in the Presbyterian Congregation of Souris and Bay Fortunes a few evenings ago were by far the most satisfactory in recent years. The various reports submitted indicated advance in every department of the church work. Particularly gratifying was the report of the treasurer which showed that the congregation, which for years had been carrying a financial burden began the year 1911 free from debt. The report made special mention of the very generous contribution of P. R. Hertz, Esq., Charlottetown—one hundred and fifty dollars—towards the funds of the Ladies Helping Hand Society. The Secretary was instructed to tender the cordial thanks of the congregation to Mr. Hertz for his magnificent gift.

The attention of the Supreme Court was occupied all day yesterday with the case of John A. McInnis vs. A. G. Peake, an action for damages sustained by a fall in a hole on a wharf belonging partly to the defendant. A large number of witnesses were examined on both sides yesterday and in the afternoon the counsel for both sides addressed the court. The defence claims the defendant had no knowledge of the hole in the wharf, having received no notice and repudiated liability on the grounds that others were using the wharf. This morning the case will be concluded, the Judge's charge being yet to come. McLean, K. C. and McKinnon for the plaintiff and Gaudet and L. G. Hazard for the defendant. There are yet five civil cases to be tried before the court.

The news of the resignation of Hon. Wm. Laird, representative of the second electoral district of Queen's in the Provincial House, was received with general regret. Mr. Laird was continued illness, as a result his health is so impaired that he is obliged to retire from public life. His resignation was accepted at a meeting of the Executive Council on Tuesday evening. Mr. Laird has been identified with public affairs for a great number of years. He first entered the political arena in 1852 when he was unsuccessful, being beaten by one vote. Frequently after this he was offered nomination but refused until in 1908 he was elected to represent his district. He is a debater in the House of Assembly of 76 years of age. His many friends will look forward to Mr. Laird's recovery and it is hoped that the time when he will be restored fully to health is not far distant. The date of the nomination has been fixed at February 1st and the bye-election will be on February 5th.

The death occurred in this city yesterday morning of Mrs. Georgina Brown, wife of Alexander Brown, City, at the age of sixty-nine years. The late Mrs. Brown, who was a daughter of the late Hon. Geo. Coles, was an estimable woman and in her death the community suffers the loss of one who was beloved and most highly respected by all who knew her. She was an active worker for many years in St. Paul's Church and in the past has been connected with various departments of church work in which her earnest endeavors were to be of material assistance in forwarding the work of the Master. Besides her husband she leaves to mourn two sons and one daughter: Dr. George Brown, Montreal, who was home on a visit to his mother some short time ago; John Brown, in Ottawa and Mrs. David Starr of Glasgow, Scotland. She also leaves several brothers and sisters among whom are Mercy and Jean Coles, City, and Mrs. Swaby of Toronto. Mrs. George Longworth, Mrs. Ball and Mrs. F. Welsh, all deceased, were sisters. The funeral notice will appear later. The Guardian extends sympathy to the bereaved.

Seventy Nine Years Young "Fruit-a-lives" Keeps Health Perfect

Obstinate Constipation, Paralysis of the Bowels and Stricture of the Bowels can never be cured by common purgatives, salts, senna, "liver pills" and other which nature provides to move the bowels. They merely irritate the membranes lining the intestines. One may as well try to cure Constipation by pounding one's head against a stone wall, as to try to cure Constipation with common purgatives. "Fruit-a-lives" is the only true liver stimulant. "Fruit-a-lives" is fruit juices and nerve tonics, and will always restore the liver to its proper condition, and cure the most obstinate cases of Constipation. Price a box, 6 for \$2.50, trial size, 25c. At all dealers or sent on receipt of 50c by Fruit-a-lives Limited, Ottawa.

The auction sale of the Executors of the estate of the late G. Arthur Essory was held yesterday at the premises of the deceased on Grafton St. There was a good attendance and bidding was brisk. The sale commenced at 10.30 a.m. and continued until 3.30 p. m. L. Carter & Co., auctioneers, conducted the sale. Among the goods offered were harness, rugs, carriages, sleighs, office furniture and horses. The latter all brought good prices and were disposed of to the following parties: Stallion John H. Ringwood sold to D. J. McKinnon, City, \$195; Chestnut Devon mare sold to D. J. McKinnon, City, \$121. Others sold were a little pacing mare to Herbert Carver, Pownal; Knight mare, D. J. McKinnon, City; Black horse, Charles Livingstone, City; Bay horse, Alan McPhee, Grey Horse, Alan McPhee, Lady Carr, Nell McLeod. The total receipts for the sale was \$1990.30.

Last Wednesday evening, the 11th inst., about seventy-five people, representing all the Methodist congregations of the Murray Harbor Circuit, and some members of other denominations, assembled at the parlour of the Methodist Church for a social evening. The pastor, Mr. G. A. Selman, presided, and gave a pleasant surprise, and greeted them with hearty expressions of good will and good cheer. After the happy company had spent an hour or so in pleasant conversation and music, and just before they sat down at the table to partake of the sumptuous supper spread by the ladies with the bountiful supply of good things from their baskets, A. P. Frowse presented the pastor with a check for \$50, and read to him the following address:

To Rev. G. A. Selman:—The purpose of the gathering on this occasion is to express the sympathy shared in (as we verily believe) by all the friends of the Methodist Church on Murray Harbor Circuit, with you, which is the result of your recent illness, which obliged you to abstain from your ministerial duties, during a portion of the past year, and to cease your taking a vacation for some time. We are truly grateful however to our Heavenly Father that He has spared you to return to your pastorate, and that you are in good health and strength. It is our earnest prayer that you may rapidly regain your former strength and vigor, and thus be enabled to continue your work successfully in our midst. As a slight expression of our sympathy with you, and our appreciation of your work among us, we ask you to accept this purse, during the time our wish is that, and its contents you may remain with us, the most kindly feelings between pastor and people may exist. In behalf of the congregations: A. P. Frowse, C. Y. Brooks, W. A. Horton, Albert McLeod, W. S. Hogg, committee.

The pastor briefly replied, thanking his friends for so kind and generous an expression of their sympathy and appreciation. After supper and a few gramophone selections, the evening's social enjoyment was brought to a close by the singing of God be with you till we meet again, and prayer.

Overfatness Condemned

Fat, or even fatish, women are those who want to be in the mode this year must understand that the demand is for lines, not curves, and govern themselves accordingly. That means "off with the fat." It has become a duty. Many are trying to exercise or dieting; but it is certain they will find these methods too slow and unreliable. The cheapest and safest way to get in form for the new fashion is by means of Marmola's Prescription Tablets. Any druggist (or the Marmola Co., 1201 Palmer Bldg., Detroit, Mich.) will give you a large-sized case of Marmola's little fat reducers, containing good, generous supply of seventy-five cents, and even this quantity should be enough to make a decided impression on your excess fat. Many have lost as much as a pound a day. These Marmola's Prescription Tablets may be used with impunity, like-wise perfect confidence, for they are strictly in accordance with the laws of nature. Marmola's Prescription Tablets are, of course, quite harmless. They are rather beneficial than otherwise, in fact, never disturbing the stomach or causing a wrinkling of the skin.
