YORK RIFLE RANGE

On Saturday, June 27, a competition between the married and single men of the York Rifle Club was shot on the York Rifle Range. Ten single boys challenged ten married men for a seven shot match at 200, 500 and 600 yards.

There is some promising new material on the teams and with just enough members of the big League to be very interesting.

A prominent citizen, it is expected, will throw the first ball.

It would be well for all who desire to see a good game of ball to be at Victoria Park tonight at 6.45. The following is the schedule of games for the season:

June 30, Methodist vs Kirk. July 3, Anglican vs Zion. July 7, Union vs Kirk. July 10, Zion vs Methodist. July 14, Anglican vs Union. July 17, Kirk vs Zion. July 21, Methodist vs Anglican. July 28, Anglican vs Kirk.

and the Methodist Church teams meet. As was the case last year, great interest is being manifested in the Church League, in which the same teams are competing as last year, namely, The Anglicans, St. James, First Methodist, Zion and the Union team—the last named being made up of members of Grace, Methodist and the Baptist Churches.

Who Can Beat It?

Owing to the phenomenal success of this Company, the Directors have been importuned by several to make an addition to the ranch, so that they might be given a chance to buy stock in a going concern, that has had such signal success.

Accordingly at a meeting of the shareholders called to consider the proposal of making an addition to the ranch, the Directors were given discretionary power of increasing the number of pairs for next year, up to the number of foxes produced in the ranch.

The old shareholders were given the first opportunity of subscribing for the new issue of stock up to June 20th. As this date is passed and as there is still some of the stock left unsold, it is now thrown open to public subscription.

This is not a recapitalization as the term is understood by fox-financier. It is simply an addition to the ranch. The price of the old foxes is not increased, but is left at the figure at which they were put in. The young are placed in the ranch on the basis of \$16,000 per pair.

This includes the ranch, the building of additional pens and all other incidental expenses, except the keep of the foxes.

The Ranch and Management

The Company in addition to the foxes owns the ranch and two acres of land on which the ranch is situated. The ranch is located on the farm of J. M. McLean Esq., New Perth. Mr. McLean is ranch manager and has proven himself a most valuable asset to the shareholders. He is one of the Company's largest shareholders, and the Directors have entered into a most satisfactory agreement with him, whereby he feeds and cares for the foxes for the coming year at a price that will only amount to a fraction of 1 p. c. of the value of the estimated increase.
