TO DRAG ROCKEFELLER FROM SICK BED

WASHINGTON, Dec. 30.—William Rockefeller is to be brought before the money trust investigating committee if he has to be taken from a sick bed. Repeated attempts to serve subpoenas on him have failed, it is believed by the committee because he always has had advance notice of the going to New York of House officials. This time not only will a hotel be searched but all private sanitariums in New York in the belief that he may have taken refuge in one of them. House Sergeant-at-Arms Widdell is now in New York with three of his men to conduct a search.

Deafness Cannot be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one remedy, and that is by constitutional remedial treatment. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, it causes a running or imperfect hearing, and when it is entirely closed, deafness is the result. It is not the inflammation that can be cured, but the tube must be destroyed and a new one formed. This is done by the use of the "Hearer" or "Hearer's" operation. It is a simple, safe, and permanent cure. It is the only cure for deafness. It is the only cure for deafness. It is the only cure for deafness.

IT PAYS to buy in this Province.

CONNOLLY'S FUNERAL.—The funeral of the late Mrs. Mary Connolly took place from her late residence on Fitzroy St., Charlottetown, yesterday afternoon at 2.45 to St. Dunstan's Cathedral, thence to R. G. cemetery, and was largely attended. Rev. Thos. McDonald officiated at both services. The following were the pall-bearers: Wm. Braden, P. H. Trainer, Michael Walsh, L. B. Mrs. Bridges of Medford, daughter of the deceased, was present at the burial, but her other daughter, Miss Mary who is at present undergoing treatment in the Charlottetown hospital, was unable to attend. Among the floral tributes were a beautiful wreath from the employes of Bruce Stewart & Co., and a lovely sheaf of wheat from Dr. and Mrs. Ledwell.

AMERICAN PASSION PLAY.—Never perhaps in the history of the People's Theatre, Charlottetown, has a more fitting program been presented to its patrons than that shown last night in the production of "The Holy City" adapted from the well-known song. A description of the picture is hardly necessary as it is well known to many readers. But in photography, acting and scenery the American Leclair Manufacturers certainly turned out a picture that was perfection in every respect. It is called the American Passion Play and is indeed worthy of that title. Some, not many, have puerile objections to a moving picture show, but it may safely be said that if they had witnessed last night's program at the People's Theatre they would possibly have a different opinion of the silent drama. The most pleasing feature was the rendering of the Holy City by about fifty young voices, who were trained by Elmer Ritchie, during the production and the appropriate music by Mrs. Tomlinson certainly helped to make the pictures more interesting.

McLeod of Charlottetown who had for some months been residing with friends at Dartington, died shortly after the opening of the new year having attained the age of about 90. The deceased was born in Scotland but had lived for many years in Charlottetown where he was well and favorably known as an upright and honorable business man and a model citizen. He had been for a number of years a member of Zion Presbyterian Church. The funeral will take place from Zion Church to the People's Cemetery immediately upon the arrival of the western train this morning about 11 o'clock.

ADDRESS AND PRESENTATION.—On Tuesday evening Professor Theodore Ross, Charlottetown, addressed a meeting of the Farmer's Institute at Rollo Bay. Although the roads were very bad the meeting was largely attended. In his opening remarks he outlined the program of the Short Course to be held in Charlottetown, January 27th to February 8th, and emphasized the importance of the Education side of the Institutes. His address dealt chiefly with the Poultry Industry and the best way of increasing egg production. He also urged on the farmers the necessity of saving well for their dairy cattle, and pointed out the possibilities before any breeder of cattle and do their best to improve them. Quite a number of questions were asked after which the usual vote of thanks was passed with something more than the usual enthusiasm. A pleasing incident of the meeting was a presentation by Rev. E. Walker on behalf of the Institute to Professor Ross of an address and a beautiful gold watch fob. Professor Ross was taken entirely by surprise but acknowledged the kindly expression of feeling and presentation in a suitable manner.

NEW YORK, Dec. 30.—Under the title, The World's Unsolved Enigma, in which he declares that the ruler of every country knows that the greatest blessing for the world at large is international peace. Andrew Carnegie today sent to his friends his greetings for the New Year. In conclusion the greetings read: "International peace is not a party question in the republic. Democratic presidents and statesmen, equally with Republicans, are its zealous champions. I venture the prediction that negotiations will soon be resumed under the most favorable conditions between Britain, France and America—Germany gladly co-operating as before. "In such a holy cause there can be no such word as fail. Sooner or later the killing of men in battle is to be banished from civilized lands."

POULTRY EXHIBIT AT CHARLOTTETOWN

(Continued from page three.)

The exhibition will be open till Friday evening. All interested in poultry culture should make it a point to attend. The show is excellent and a great credit to the province. Birds have been entered from nearly all over the island numbering about 4200. The placing of the awards is in the hands of an expert judge. Both phases of the enterprise are represented; the fancy and the utility, and valuable lessons present themselves clearly to those who would learn. Examples of what may be accomplished by well directed effort are in evidence and of course there are useful lessons in what to avoid both in exhibition and utility breeding. A special effort has been made to induce the farmers this year and really they are standing in their own light if they do not take advantage of this opportunity to see for themselves what can be accomplished by correct methods of breeding. It should be carefully borne in mind that this applies to all branches of the industry. Farmers should wake up and take advantage of this opportunity to make this annual exhibition full of interest and profit to themselves.

1,000 TONS COAL AND SEVERAL BRIDES

ST. JOHN, N. B., Dec. 31.—The Donaldson liner Letitia, Captain William McNeill, docked at the west side last night after a fairly rough trip from Glasgow.

The Letitia is the latest addition to the Scotch line, and while designed especially for the passenger service, is adapted for carrying a large cargo and on her maiden voyage to St. John brought out 4,000 tons of freight, including 1,000 tons of Scotch coal.

The steamer sailed from Glasgow on Dec. 21, with 150 passengers, and despite the bad weather, made the voyage in nine days and proved herself to be a very steady boat.

The Letitia had on board eighteen thoroughbred horses which are being taken to the west.

The passengers will be landed this morning and among them are several young ladies who are on their way west to be married.

THOUSANDS MASSACRED BY SERBIANS IN ALBANIA

LONDON, Dec. 31.—A terrible record of atrocities from information gathered by Austro-Hungarian authorities is given in a Budapest despatch to the Daily Telegraph revealing, according to these official reports, a deliberate policy of extermination of the Moslems adopted by the Serbian General Janovitch in the march of his army through Albania to the sea coast.

Between Kumanova and Uekup, 3,000 were done to death. Near Pristina 5,000, exclusively of Arnauts, were massacred under circumstances of the most horrible cruelty. Villages were burned and the fleeing inhabitants shot down. Helpless women were forced to watch their children being carved to pieces with bayonets.

Executions were the daily diversion of the Serbian soldiers. Where ever persons were found in possession of arms they were shot or hanged. The route of the troops on which the bodies of Albanians were left hanging. The atrocities were not even confined to Albania. The deeds committed in Dhrilip, Kosovo, and Werschitz exceeded anything the Albanians suffered under Turkish rule.

At Verizovitch the Serbian commander invited the fugitives to return and surrender their arms. Four hundred of them did so and were immediately shot down.

In many cases the Serbians killed their prisoners. Near Kratova General Stephanovitch placed hundreds of prisoners in two rows and shot them down with machine guns. General Zikovitch ordered 950 Albanians and Turks killed because they had opposed his progress.

FIGURE SKATING

MONTREAL, Dec. 30.—Louis Rubenstein of Montreal who won the figure skating championship of the world at St. Petersburg in 1890 says it will be next to impossible for American or Canadian skaters to do anything in the direction of competing at the Vienna tournament in February first because of insufficient time, and second, because it is exceedingly doubtful if there are any skaters either in Canada or the United States who are sufficiently conversant with the figures required by the European Association at the championship meeting. Mr. Rubenstein names O. H. Haycock of Ottawa and Irving Brokaw, New York as the figure skaters from this side of the water who would be more likely than any others to approach the high standard set at the world's championship series and, at that, it is doubtful whether either of these is entirely at home with the figures required.

YONKERS MARATHON POSTPONED AGAIN

YONKERS, Dec. 30.—Heading the protest of the runners who were to have participated in the marathon race here on Saturday because they said the snow would make such a race a fiasco, the Mercury Athletic Club decided to postpone the race indefinitely. The event was to have been run on Thanksgiving Day, but rain at that time caused it to be postponed.

MUDGE HELD IN \$33,000,000 FRAUD

BOSTON, Dec. 30.—Benjamin Mudge, president of the Oxford Linen Mills, North Brookfield, who with eight others is indicted, charged with using the mails to defraud, in connection with the Sterling Dyeing and Finishing Company, to the extent of some \$33,000,000, is alleged, is free in \$2,000 bail after surrendering himself in New York.

He was sought in vain by United States Deputy Marshall Bancroft in this State. One arrest in the east was made in Massachusetts last week.

BOY KILLED WHEN GUN FIRES DYNAMITE

Miss Thompson although taken by surprise replied in fitting terms thanking the pupils for their kindness and wishing them all a very Merry Xmas and a Happy and Prosperous New Year.—Dear Teacher—As the holiday season is fast approaching and our hearts are filled with mirth, we think it fitting at this time to express in some way our appreciation of your efforts in our behalf. Since you have come amongst us we have learned to love you and our studies, instead of being a task, have become a pleasure. Although we have sometimes been disobedient and careless, yet you have always dealt with us kindly and patiently, far more so than we have at many times deserved. Please accept this gift and with it our heartiest good wishes, for a very Merry Christmas.
