## Builds New Blood Cells

It is estimated that there are over 75,000,000,000 red blood cells in the human body. These red blood cells move in the blood currents, carrying through the arteries each its little load of oxygen, which it transports to the distant tissues, that they may be invigorated and vitalized anew.

When the red blood cells shrivel and waste weakness and disease result, and it is by forming new blood cells that Dr. Chase's Nerve Food restores strength to the weakened and worn-out body.

Miss Marie Voigt, Midway, Ont., writes: "Dr. Chase's Nerve Food has proven worth its weight in gold to me. I was pale and thin and nervous, and my system was run down in every way. The skin became a yellow color, and I suffered great misery from it. By the use of Dr. Chase's Nerve Food my health has been fully restored. I have a good appetite and now feel strong and happy." Working hard in hand with Chase's Nerve Food is the surest means of building up a run-down system.

## THE EASTERN GUARDIAN

...IT PAYS to buy in this Province.

...F. G. JORDAN is Guardian agent in Souris. His office phone is 5.

...T. GORDON IVES is Guardian agent in Montague. His office phone is 18, and residence phone 20.

H. R. Mader, Bridgewater.

## JUDGE'S WATCH

CANONSBURG, Penn., Feb. 11.—While leaning over the side of a pig pen to get a good look at an especially fine porker on the farm of W. A. Hallam, near this city, Judge Charles W. Keeler, a noted poultry fancier of Winamac, Ind., dropped his \$200 watch into the water. Judge Keeler promptly swallowed it. Judge Keeler then bought the hog for \$100 and shipped it to Winamac, where he will butcher it and recover his watch.

Keeler was the judge who while passing on the merits of a prize hen in a western show last fall had the misfortune to have a large sized diamond pecked from its setting in a ring.

## For Two Years SUFFERED SEVERE PAIN IN THE BACK.

Many people fail to understand the significance of a lame, weak, sore or aching back.

When the back aches or becomes weak it is a warning that the kidneys are affected in some way.

Take notice to the warning and cure the backache on the first sign; for if you don't do this, serious complications are sure to arise, and perhaps develop into Dropsy, Diabetes or Bright's Disease, the three most deadly forms of kidney trouble.

Doan's Kidney Pills go right to the seat of the trouble, cure the back and prevent any further trouble from the kidneys.

Mrs. D. J. McInnis, Carleton, P.E.I., writes: "For two years I had a severe pain in my back. I was so bad that when I would stoop down I could not straighten up for quite a time. I got a box of Doan's Kidney Pills and they helped me so I kept on using them until I had used three boxes, and now I am completely cured. I think they are the only remedy for disordered kidneys."

Doan's Kidney Pills are 50 cents a box, 3 boxes for \$1.25, at all dealers, or mailed direct on receipt of price by The T. M. Doan Co., Limited, Toronto, Ont.

When ordering direct specify "Doan's"

Graduates of Mount Allison University in Charlottetown and elsewhere will be interested in the announcement that the Sackville institution is shortly to inaugurate a campaign with a view to very largely increasing its endowment. This college, established in 1858, has come to be regarded as one of the most valuable assets of the Maritime Provinces, and an institution of very considerable importance in the national life of Canada. Statistics show that in proportion to the total number obtaining its degree Mount Allison men stand at the head of the list of those listed meeting success in Canadian public life.

It has been the practice in the Sackville institutions to fix the tuition fees so low that one dollar's worth of instruction has been given for every forty cents of revenue. Students, but unfortunately the endowment fund has not been sufficient to make up the remaining sixty cents. The result has been shown in the way of an annual deficit and in rendering impossible such improvements, extensions in the work, as have from time to time been considered necessary and advisable.

For the purpose of enabling the university to meet the requirements of the present day, it has been decided to seek an additional endowment of one quarter of a million dollars. A campaign is now being arranged during which it is hoped all former students and other friends throughout Canada will come to the assistance of the college and aid in helping it not only to maintain its present high standard but to establish a number of students, provide new buildings, grant suitable remuneration to the professoriate, and generally to advance along such lines and in such manner as is demanded by modern methods of education. Its former everywhere in Canada and it is hoped they will generously respond when the time comes.

SELF MADE MEN.

Self-made—though there is really no creature of that sort in creation—

We offer, subject to prior sale

is the title which in current use has come to be received as a kind of indisputable challenge to admiration, a proof of intellectual nobility, and fit reward for high office. Great respect is doubtless due to the energy of any man who makes the most of his gifts or his opportunity.

Such men may here and there rise to the peerage of the world. But the self-made man is hardly made who is not ready to confess that other men might have made him better than he has made himself, and especially that institutions which gather and treasure up the wisdom of the past, and are complicated instruments perfected by ages, are likely to educate better than an individual mind, however vigorous, or an individual will however resolute, or a personal aspiration left to itself forever persistent.

Who would not rather have, as his ruler, his doctor, his preacher his attorney, or his judge the pupil of the best that the world has thought and learned than the pupil of a master who is master and pupil at the same time and who, therefore, at any given moment has an uneducated mind for his educator?
