

Midget Hockey Organized In Charlottetown

Enthusiastic Meeting Held In Queen Hotel Last Evening - Four Teams In League.

Characterized by the best of feeling, the annual meeting of the Junior League was held in the Queen Hotel last night to consider the activities of the Juniors in the coming season, the President, Mr. J. P. Simmons in the chair.

In addition to the three teams operating from here last year, The Levine Fur Company team, City and Maritime Junior Champions; The Queen Hotel team, the Gyro team, there was admitted a fourth, the Mohawk, from the Southport district.

Opening the meeting, Mr. Byron Brown said that Moore & MacLeod might enter a team. Mr. J. E. Sterns, Vice-president, M.A.H.A., stated in an address that Charlottetown would be well advised to foster not only Junior, but also bantam and midget hockey as the school boys might be neglected. He had no report to make, he said, as he is not associated with Junior hockey directly.

Presenting his report for the Queen's Team, Mr. Byron Brown thought that there was a lot of potential strength in the Junior League.

Mr. Leroy Holman reported for the Levine Fur team. He was glad to support the team again this year, thanked the Forum for their support, was assured the Juniors would get as much and more this year. It is the intention of the Junior League to develop players for the future.

The movement of the League will be smoothly this winter, stated Mr. Tom Rogers, reporting for the Gyros, as proxy for Mr. Frank Fraser.

On a motion by Mr. J. E. Sterns, it was agreed that an executive be appointed representing each team in the League. Mr. Tom Rogers applied for admission of the Southport Mohawks. They were admitted.

Called upon to speak, Mr. Fred Moore said that Moore & MacLeod would be better satisfied to back a juvenile team than a junior one.

To rounds of applause, Dr. Ira Yeo, President of the Forum, said that the League was successful last year, the City Junior champions be-

N.B. SPORTS Maroon Lineup Still Undecided

WOULD BUY BLUENOSE Suspensions And Hold-Outs Make Personell Uncertain.

LUNenburg N. S., Nov. 13.—A group of New Brunswick men would like to buy the Bluenose, "Queen" of the North Atlantic fishing fleets, according to Captain Angus Walters, her famous skipper who told reporters today he was in receipt of a letter asking for a price on the schooner.

Captain Angus said the prospective purchasers felt the schooner should not go back to the fishing grounds, but should be kept as a racer. He quoted the letter to effect that if Nova Scotians did not feel like taking over the vessel from the owners there was enough sentiment in the community where the letter was written to buy her and have her haul from New Brunswick.

(Canadian Press) MONTREAL, Que., Nov. 13.—Tonight, twenty-four hours before they open their winter campaign, the lineup of Montreal Maroons in the National Hockey League, was by no means certain, it was authoritatively stated in hockey circles here.

Archie Wilcox is a hold-out and has been suspended; the Maroon directorate are reported seriously considering the recall of Flat Walsh, goalkeeper, from New Haven and the signing of Leo Bourgeault and Lionel Cosner for defensive duty; Norman Smith has arrived from Windsor and will play in goal for Maroons tomorrow night while Dave Kerr, Maroon goalie last year, has left for Windsor.

Paul Haynes left today for Windsor having been delayed here in concluding some personal business;

"Better'n BETTER!"

There's a lot of satisfaction in smoking a tobacco that is as thoroughly good and satisfying as Rosebud cut smoking... the first pipeful tastes fine, the second better and your satisfaction and enjoyment grow as you come nearer to the bottom of the big package. It's just the coolest, most fragrant smoke any Maritime pipe smoker can get.

LOUGHRAN BEATS THE WOOD CHOPPER

MADISON SQUARE GARDEN, New York, N. Y., Nov. 13.—Tommy Loughran, Philadelphia's master boxer, added another leading heavyweight to his list of victims tonight by outpointing Paulino Uzcudun, sturdy Spaniard, in a 10-round bout before a crowd of 10,000. There were no knockdowns. Loughran was hampered through the last five rounds by a slightly sprained right ankle.

Coach Hickson started his new duties with the Abegweits yesterday morning. After shaking hands with the boys and giving them the usual talk, he started them away to a fairly brisk practice.

"Break fast with short, snappy strides, pass the puck often and study your opponent closely," is some of the advice handed out by the coach. Other words of wisdom were, "watch for the breaks, and make the most of them at all times. Speed isn't the only essential, as perfect balance at all times must be had when carrying or back checking."

The large crowd of rail birds who were on hand for the practice, gave the new coach a thunderous ovation when he skated on the ice. This was a warm gesture and no doubt much appreciated by "Doug."

LOOKING 'EM OVER

(By Tec.)
Boys Like Him
Millionaires Here

Stan Burgoyne and his trusty Frederick crew arrived in the city last evening. They will practice at the Forum this morning between 10 and 11.

Hope He Gets It
It is understood that Roy Prowse has made application to the Amateur Athletic Union of Canada for reinstatement into the amateur fold.

It has been some years since Prowse engaged in hockey competition, confining his activities mainly to coaching. However, retaining a splendid physique, he feels the urge and wants to get back in the game. Let's hope Roy's application will meet a favorable consideration from the powers that be.

Football Today
Queen Square and Summerside High School are scheduled to meet on the Abegweit gridiron today.

Commendable
Mr. George Hooper, well known horseman of this city and lover of all branches of athletics has generously donated a trophy to be played for in the newly organized midget league. The idea of organizing a trophy are both commendable. Further still, the sponsors of the teams, two to date, Messrs. Moore and McLeod and P. J. Simmons are to be heartily congratulated in the whole-hearted co-operation they are showing in the promotion of smaller boys' hockey.

ROMANTIC MARRIAGE

(Canadian Press) LEXINGTON, K. Y., Nov. 13.—Lady Mary Heath and George Anthony Reginald Williams, both aviators by profession, who came to attend the Prince of Wales steppage, were married here today.

They explained they had been engaged a year but only decided to wed now after arrival yesterday. Lady Mary, who has been married twice before, said she was glad she was marrying a man about her own age and added:

"I was 34 the day before yesterday and he is 33, just a year younger. My first husband would be way past 80 if he were living now. He was Elliott Lynn. My second husband, Sir James Heath, was 56 when we were married." She was divorced in Reno, Nev., in 1929 from Sir James.

Governor Flem D. Sampson of Kentucky gave the bride away and the ceremony was attended by a throng of sportsmen and their wives. Williams is the son of the Rt. Hon. George Williams, a British official of the Windward Islands, and was in the British remount service during the Great War. He is less well known than his bride who won fame in 1928 by flying from Cape Town to London. He gave his occupation as professional aviator.

FOR L. OF N. COMPROMISE

WASHINGTON, D. C., Nov. 13.—(A.P.)—Undersecretary Castle of the State Department said today a compromise plan to be brought forward at the League of Nations sessions in Paris next week was the basis for the United States government's optimism over the Manchurian situation.

Although the secretary would not go into details, it was said in other official quarters the plan already had taken definite shape in communications between European and United States statesmen and stood a good chance of acceptance by both the Japanese and the Chinese governments.

Whether the plan involved the sending of a neutral commission to Manchuria was not disclosed.

FORUM BOX SEATS

All Box Holders at the Forum last season wishing to retain their seats for the present season must make application at the Forum Ticket Office between 9-12 Friday, Nov. 13th.

GOLF

The annual meeting of the ladies branch of the Charlottetown Golf Club was held yesterday morning in the G. W. V. A. rooms at 10:30 o'clock. Owing to the absence of the President, Mrs. W. H. Pethick the chair was taken by the Vice President, Mrs. W. A. McLaren. All the reports showed that the past year had been a most successful one. Following are the officers and committees elected for the season of 1932.

President—Mrs. A. B. Cosh.
Vice President—Mrs. N. H. DeBlols.
Secy.—Treasurer—Miss Helen A. Grant (re-elected.)
Match Committee—Mrs. T. W. L. Prowse, Mrs. J. P. Lutz, Mrs. Benj. Rogers (Sr.) and Mrs. C. G. Gregory.
House Committee—Mrs. C. E. McNutt, Mrs. J. R. Paton, Mrs. H. L. Palmer and Mrs. H. R. Stewart.
Handicap Committee (C. L. G. U.)—Miss Edith M. Rogers and Mrs. H. D. McKinnon.
Local Handicap Committee—Mrs. H. E. Henderson and Mrs. Benj. Rogers, Sr.

GERMANY GETS NOBEL PRIZE

STOCKHOLM, Sweden, Nov. 13. (A.P.)—The newspaper Dasgel said today that the Nobel prize for Chemistry for 1931 will be divided between the two German scientists Dr. Friedrich Bergius and Prof. Karl Bosch.

Dr. Bergius developed gasoline out of cheap oil and his product has been sold in Germany for several years. Recently he produced cattle fodder from wood and then developed his process to produce a sweet sugar fit for human consumption. He is one of the world's best known synthetic chemists.

Dr. Bosch is credited with having developed a means of utilizing Haber's synthetic ammonia process on an industrial scale. By means of his developments a German concern has established a factory whose ammonia capacity is now 10,000 tons a year.

CALGARY HAS SAFE SYSTEM

(Canadian Press) CALGARY, Alta., Nov. 13.—Calgary's street railway system during 1930 had the least number of accidents and the most satisfactory claim adjustments of any city on the North American Continent and word to this effect and announcing the award to Calgary of the Anthony J. Brady Memorial Medal, has been received by R. A. Brown, general superintendent city utilities from the American Railway Association.

All electrical railways on the continent, in cities of 300,000 population or less, were eligible for the medal. Calgary missed the award last year by a small margin while in 1928 the local system was second in the standing. A representative of the city will receive the medal this month at the annual convention of the Association in Atlantic City.

CATTLE EXPORT INCREASING

(Canadian Press) CALGARY, Alta., Nov. 13.—With approximately 6,000 head shipped from Alberta since the opening of the season in the spring, export of cattle to the Old Country has benefited Alberta ranchers to a great extent, according to J. J. Bowlen, M. P. for Calgary. In September, 1,000 head were shipped while the total export from the Dominion was about 22,000 head.

Government absorption of part of the freight charges had offset the drop in the pound sterling, he thought, and in some cases ranchers had earned more through export than by selling at home. Since the start of concentrated selling on the Old Country market a year ago much progress had been made in establishing Canada as a stock raising country. Only the best of the grade cattle had been shipped, Mr. Bowlen said, and this policy was being pursued.

HINDUS AND MOSLEMS MOURN DEATH OF SEER

POONA, India, November 12.—A Mohammedan prophetess named Babajan, who claimed to have been 125 years old, has died here.

For as long as any living person can remember Babajan sat under a tamarind tree, giving advice and guidance to all who came to consult her. Both Hindus and Moslems flocked to seek her counsel and events in her prophesies of fut-

U. S. NAVY BUDGET

WASHINGTON, D. C., Nov. 13.—With assurances that the United States fleet would not suffer loss of ship or man, President Hoover announced today that the navy budget would call for only \$343,000,000—all of \$90,500,000 less than the service originally requested.

This represents, if left alone by congress, a reduction of about \$15,000,000 from the total of the supply bill passed last year. An additional \$30,000,000 was appropriated for battleship modernization.

The budget cut will not involve abandonment of a single navy yard nor will it cause a single combatant vessel to be decommissioned. Mr. Hoover said. The enlisted personnel of the navy will not be decreased.

How the economy is to be effected, the President did not say, preserving to this extent the customary secrecy which surrounds budgets up to the time they reach Congress.

MELBOURNE, Australia, November 12.—The government of the State of Victoria has decided to pay a portion of the bills which farmers

ANNOUNCEMENT

At the request of a large number of our former patrons we have decided to open our Rink for the coming season.

We intend to do all possible to encourage the athletic spirit in our boys. We want them to play the game, for the games sake. It is a well known fact that all the "athletic glory" that came to the Island in the past, was due to the prowess of the Island's sons, and to them we must look for a return of that standard. It is our earnest desire to give a 1 encouragement to our own boys for the promoter of amateur sport.

The Arena Rink Company has decided to offer a Trophy for Interscholastic Hockey, to be competed for by schools of recognized standing, the matter to be in the hands of trustees who will make all necessary arrangements.

Our patrons will receive the same courteous treatment as in the past.

Arena Rink Co., Ltd.
