

Especially For Women

FRUIT-A-TIVES are the finest medicine in the world for women.

As a mild and gentle laxative—as a positive and speedy cure for Constipation and Biliousness—as the only cure for weak and irritated kidneys and especially for "that pain in the back"—as a positive cure for headaches—and as a general tonic to build up and invigorate the whole system—**FRUIT-A-TIVES** stand supreme.

In cases of irritated Ovaries, Ovarian Pains, Vaginal Catarrh, Excessive and Scanty Menstruation, Ulcerations, Bearing Down Pains—and all those troubles peculiar to women—

Fruit-a-tives
OR "FRUIT LIVER TABLETS"

have the most remarkable effect. Ninety-nine out of a hundred of Female Troubles are due to neglect. Bowels become constipated—kidneys irregular—skin neglected—and the poisons of the body, which should be carried off by the important organs, are taken up by the blood, carried to the female organs and poison them, thus starting up a train of female troubles.

FRUIT-A-TIVES are made from fruits and by their remarkable action on bowels, kidneys and skin, rid the system of poisons, purify the blood, and restore the delicate organs of generation to new vigor and health.

No woman, who suffers, should ever be without them. See a box—6 for \$2.50, at your druggist's or sent postpaid by **FRUIT-A-TIVES LIMITED** - OTTAWA.

SIR ROBERT HART ABOUT TO RETIRE

PEKIN, July 28.—Sir Robert Hart, who is stopping at the seaside, has written to a friend in Pekin that he has finished his work for the Chinese customs, and proposes to devote a few months to arranging his affairs and then retire to England.

Sir Robert's decision appears to confirm the evidence that the new customs board proposes to assume executive duties. No one expected that Hart would accept a secondary position in the service he has directed for nearly half a century.

NO QUARTER FOR THE REBELS

BERLIN, July 28.—The official report of the government concerning the result of the war against the native rebels in German Southwest Africa contains appalling details of the campaign of extermination which has been carried on by the German commander there in revenge for the various reverses that the German forces encountered in the earlier days of the campaign against the blacks.

In the initial campaign the rebels numbered 90,000 men, and outnumbered greatly the Germans sent against them. So soon as the German forces were able to assume the offensive a campaign of "no quarter" was inaugurated, and carried through. Death was the portion of all rebels, and the German forces were so disposed that their enemies were soon driven into the desert, where they perished by the thousands of hunger and thirst. An immense area of the arid land is now strewn with thousands of corpses and bones from which the flesh has been devoured by birds and beasts. The terror-stricken fugitives dug holes in the desert to a depth of 60 feet, using their hands, being without tools, in the vain hope of finding water. After hours and days of desperate digging, which finally proved futile, they laid down and died in the wallows which they had created by their own efforts.

It is estimated that 40,000 natives perished in the desert, of whom many were aged men, women and children. The campaign is declared to have been without a parallel in point of ferocity in recent years, and is likely to prove a strong weapon for the Socialists at the next meeting of the Reichstag.

House-Clean Your System!

Keep it Pure And Clean If You Desire Good Health.

The inside of your body requires attention just the same as the outside. A great accumulation of effete matter is clinging to the various organs, and must be moved off.

Some gentle laxative and tonic should be used.

The system must be relieved of its burden if you are to enjoy a happy, healthy summer.

Physicians who have examined the formula of Dr. Hamilton's Mandrake and Nutrient Pills say no medicine could be better.

Whether ill or not, thousands rely on Dr. Hamilton's Pills which are truly marvelous in preventing debility and sickness.

Begin Dr. Hamilton's Pills without delay. You'll feel stronger, eat heartier, digest better, sleep sounder, and gain more in weight.

Mr. Ed. Maynard, an old resident of New Westminster, B. C., writes: "I don't say Dr. Hamilton's Pills will cure everything, but they make a quick job of building up my run-down system. I had kidney disease and constipation, and was wholly unfit for work. Pains shot through my limbs and lodged in my back. Headaches often made me desperate. I had no appetite, an awful color, and felt dependent. Sometimes I was a little rheumatic. After a few days I began to mend, and kept up Dr. Hamilton's Pills till I was restored to my present top condition."

Can you afford to miss the benefit of this marvel-working medicine? Think of it. All dealers sell Dr. Hamilton's Pills, 25c per box, or five boxes for \$1.00. By mail from N. C. Polson and Co., Hartford, Conn., U.S.A., and Kingston, Ont.

THE COD FISHERY OF NEWFOUNDLAND

St John's, Nfld., July 30.—Of the several branches into which had cod fishery of the Newfoundlanders is divided that prosecuted along the rugged coast of Labrador each summer is the most perilous and toilsome, and its annual record of disaster and death, hardship and tragedy, is depressing in the extreme. This fishery is the chief pursuit of the settlers along the east and north shores of the island, and its success or failure means comfort or destitution for them. Its importance can be best judged by the fact that the entire families proceed to the desolate seaboard, the men and boys to catch and handle the fish and the women girls and young children to engage in the different processes incident to drying and curing. A visit to the little hamlets of the Newfoundland coast in summer shows nearly every house unoccupied, the owners having gone to Labrador for the cod fishery, in which annual emigration some twenty thousand people, with their goats and poultry, household goods and portable possessions, engage every season. The rest of their belongings remains safe from disturbance, as the island laws visit with exemplary severity the thefts of any property from such houses, the stealing of fish off the drying platforms where it is left at night and the deserting by any man of the fishery service in which they are engaged.
