FOR WOMEN

Much That Every Woman Desires to Know

About Sanative Antiseptic Cleansing

And about the Care of the Skin, Scalp, Hair and Hands.

Too much stress cannot be placed on the great value of Cuticura Soap, Ointment and Resolvent in the antiseptic cleansing of the mucous surfaces and of the blood and circulating fluids, thus affording pure, sweet and economical local and constitutional treatment for weakening ulcerations, inflammations, itchings, irritations, relaxations, displacements, pains and irregularities peculiar to females. Hence the Cuticura remedies have a wonderful influence in restoring health, strength and beauty to weary women, who have been prematurely aged and invalided by these distressing ailments, as well as such sympathetic afflictions as anæmia, chlorosis, hysteria, nervousness and debility.

Women from the very first have fully appreciated the purity and sweetness, the power to afford immediate relief, the certainty of speedy and permanent cure, the absolute safety and great economy which have made the Cuticura remedies the standard skin cures and humour remedies of the civilized world.

Millions of women use Cuticura Soap, assisted by Cuticura Ointment, for preserving, purifying and beautifying the skin, for cleansing the scalp of crusts, scales and dandruff, and the stopping of falling hair, for softening, whitening and soothing red, rough and sore hands, for annoying irritations, and ulcerative weaknesses, and for many sanative, antiseptic purposes which readily suggest themselves, as well as for all the purposes of the toilet, bath and nursery.

Cuticura Resolvent, liquid and in the form of Chocolate Coated Pills, Cuticura Ointment and Cuticura Soap are sold throughout the world. MUCH MONEY FOR CANADA'S HEROES

Nearly $200,000 Given Those Injured in South African Campaign.

The Ontario W. C. T. U. President Praises Prohibitionists of Maritime Provinces.

OTTAWA, Nov. 6—An official statement of the Canadian patriotic fund, subscribed for the relieve of those injured in the South Africa campaign, just published shows that there is $157,422 of a balance on hand on March 31 last. There has been paid out in relief $194,546. From March 31 until Oct 31 $1,477 was subscribed, and $59 500 paid out in relief.

H S Hart, Spencer Otis, T F Sheridan and E S Hart, of Chicago, and J F Smellie of Ottawa, have been incorporated by letters patent under the name of the Dominion Dump Car Company, capital stock $2,500,000.

The Women's Christian Temperance Union met here this morning in thirteenth annual convention and an attendance of about sixty delegates.

In her presidential address, Mrs. Annie Rutherford praised the prohibition sentiment which prevailed in the Maritime Provinces, particularly Prince Edward Island. The conditions placed upon the vote in Ontario last December, were of such a character that no sane person anticipated the prohibitionists would receive the vote necessary.

By a majority of 90,000, the voters of Ontario declared in favor of the act submitted by Mr Ross at the refrendum, an act copied from the Manitoba laws which was one of the strictest enactments known, and yet Ontario did not obtain prohibition. The reason was plain. It was because the politicians believed the voters would not follow up the referendum, by the election of men to the legislature to vote for prohibition.

It was difficult to get men to put principle before party, but she believed the time was coming when this would be done.

Mrs. Rutherford spoke of the efforts made to obtain the prohibition of the importation, manufacture and sale of cigarettes, and said that if there was another session of parliament, the fight to obtain such a law would be resumed where it was left off. Should a general election take place the campaign would have to begin all over again.

The president spoke of her successful trip to the west and the need of energetic efforts to combat intemperance, in view of the influx of immigrants that was taking place. She eulogized Mrs. Bulyea, wife of the minister of public works for her vigorous and successful efforts to spread the white ribbon cause, and on a motion, a telegram of appreciation was forwarded to that lady.

Miss Marie Brehm, president of the Illinois state league, is attending the convention. She conducted a Bible reading and spoke at a meeting in the First Baptist church this evening.

His excellency Monsignor Donatus S'Barretti, papal delegate to Canada, has returned from his trip to the Pacific Coast after an absence of about one month. The primary object of his excellency's journey was to invest with the pallium His Grace Archbishop Orth, of Vancouver, which ceremony took place on Sunday, Oct. 4.

Roman Baths in Derbyshire.

Every day fresh discoveries add to the interest that is been taken in the unearthing of the Roman fortifications at Brough, near Bradwell, and all full considerable numbers of people have visited the spot, many from Sheffield and Manchester making a pilgrimage thither. The very greatest importance is attached to the discovery of the Roman baths, almost in the centre of the fortifications, and it is now clear that the Roman road goes directly from this bath to the park at Buxton, ten miles away. For some miles right through Bradwell the road is in splendid condition. Saturday, Sept 5, a number of men were at work emptying the bath, but operations were impeded by the water, which comes in at the west end first, as it did 2,000 years ago. It is oblong in shape, of splendid worked stone, and the descent is by a flight of steps. A big inscribed stone of the second century, a very fine Roman altar, and a stone column were among the valuable discoveries, as well as a quantity of bones, and a ram's head with horns. These will be examined by Prof. Boyd-Dawkins. Although the bath has been emptied to a depth of nine feet, there is yet no indication of the bottom.

Are You Bilious? Blame the Liver.

Scores of the Common Ills of Life Due to Disorders of the Liver and Curable by the Use of

DR. CHASE'S **Kidney-Liver Pills**

If you are bilious, blame the liver. If your digestion is impaired and you suffer from headache and dizzy spells, blame the liver. If your bowels are irregular, constipation and looseness alternating, blame the liver. If you have pain under the shoulder blades, feelings of fullness after meals, aching limbs, a yellow, muddy complexion, blame the liver.

Torpid, sluggish action of the liver is responsible for all these symptoms, and while you have a right to blame the liver, it may be well for you to set about to help the liver out of difficulty.

Though bile, which the healthy liver filters from the blood, is nature's cathartic and is necessary to healthful and regular action of the bowels, it is poison when left in the blood and gives rise to many distressing symptoms. The use of Dr. Chase's Kidney-Liver Pills promptly cures torpid liver and biliousness, and because of their combined action on liver, kidneys and bowels ensure a thorough cleansing of the system.

There is probably no one organ responsible for so many ills as the liver. Over-eating, excessive drinking or irregular meals are very likely to upset the action of the liver, overload the system with bile and bring on biliousness or sick headache. Keep the liver in health by using Dr. Chase's Kidney-Liver Pills and you will avoid many of the common ills of life. There will then be no constipation, no stomach troubles, no danger of kidney and urinary derangements.

The position which Dr. Chase's Kidney Liver Pills hold to-day as the leading family medicine is undoubtedly due to their wonderfully prompt action on the liver and their combined effort on the kidneys and bowels. There is no medicine obtainable which is more useful in cases of emergency when the digestive, urinary or excretory systems are deranged than this great prescription of Dr. A. W. Chase. One pill a dose, 25 cents a box, at all dealers or Edmanson, Bates & Co., Toronto. To protect you against imitations the portrait and signature of Dr. A. W. Chase, the famous receipt book author, are on every box

Conan Doyle as a Detective.

A friend of Sir Conan Doyle once asked the great author of so many detective stories why he did not establish a detective agency and employ Sherlock Holmes' methods in solving his clients' mysteries and conducting his business.

"Well," said Sir Conan, "I have a very good reason. You see that all the knots of the Sherlock Holmes type were of my own tying, and, naturally, for me to untie them was simple. If I undertook to unravel the entanglements of other people I believe I should fail. On one occasion, however, I solved what might have been a puzzle to some. I was in a tailor's shop while a rather unattractive man was selecting a pair of trousers. He flatly objected to striped material, and I got the idea that he was an ex-convict. To satisfy myself I visited a number of prisons, and sure enough I found that man's picture in the rogues' gallery. Doubtless he had had enough of striped wearing apparel."

Cost of London Smoke.

It takes seven million tons of air a day to carry away the London smoke, compared with one million tons of water to carry away the sewage. This poisoned atmosphere has already proved fatal to many of the fine old trees for which the neighborhood of London, was once famous, and the destruction of the Kew arboretum "is only a question of time." Moreover, a bad fog may cost $25,000 a day for lighting alone, and Mr. J. C. Hawkshaw, an authority on the subject, thinks that $25,000,000 a year is not an excessive estimate for the total expense of smoke pollution to London.

BETTER THAN A PLASTER.

A piece of flannel dampened with Chamberlain's Pain Balm and bound to the affected parts is superior to any plaster. When troubled with lame back, or pain in the side or chest, give it a trial and you are certain to be more than pleased with the prompt relief which it affords. For sale by all druggists.

FOSTER ATTACKED IN BRITISH PRESS

His Canadian Temperance Record the Subject of Criticism

Ex-Finance Minister Electrified Audience by Allusion to Canada's Treatment of Britain.

Sir Henry Campbell-Bannerman, speaking at Meigle (Scotland), called on the government to give a definite statement of its attitude for or against Chamberlain. He declared Chamberlain's word was not security enough that the cost of living would not be increased by the food tax.

R. Hawken, writing to the Leader, attacks Chamberlain for importing Hon. Mr. Foster, a statesman that Canada had no use for. The Conservatives of Canada re commended him because of his unsuccess. He says he began his career as an advocate of the temperance cause and when he was returned to parliament told the deluded temperance folk he advocated their cause in a moment of weakness.

Hon. Mr. Foster, speaking at Twobridge yesterday was enthusiastically cheered when he remarked Canada had given England the preference treating her better than foreign countries. "Do let England give the colonies a preference and treat them better than she treats foreigners. Canada is certainly able to provide the surplus supplies of all the food Britain required.

The value of the Canadian preference to England was eloquently attested to by launching the steamship Lady Strathcona at Newcastle yesterday. The new vessel is a link between Newcastle and Montreal running in connection with the Canadian lake steamers Wm. Peterson, of the firm of Peterson, Tate & Company, said they had carried 40,000 tons of German rails for the Canadian railways, and these had been admitted free. Later the German manufacturers said they could not supply the other 10,000 tons, owing the to preferential advantage given England. The order was then placed in England, and part of it was carried this season, and part will be carried next. He considered Chamberlain the greatest man who ever tried to solve the problem of British shipping

Sir Renshaw, M. P., speaking at Houston yesterday, said that no force would compel him to vote a corn tax in favor of the well being of the colonies.

Liverpool, Nov. 6.– Lord Goschem, formerly chancellor of the exchequer, speaking here this afternoon, said he favored retaliation under extraordinary circumstances requiring heroic legislation, but he was opposed to giving the government a mandate authorizing retaliatory tariffs. The speaker added that Joseph Chamberlain's policy was dangerous and that it was unstatesmanlike to characterize those who were not prepared to accept it as being unfriendly to the colonies.

His lordship denied that there were any signs of the decay of the industries of the United Kingdom and he supported his statements by statistics. The speaker further asserted that "foreign communities are fleeced by the trusts" and declared that the system of "dumping" could not continue. He believed Mr. Chamberlain's policy would hamper trade and reduce shipping.
