Cuticura SOAP

For Sanative Uses.

Its remarkable, emollient, cleansing, and purifying properties, derived from CUTICURA, the great skin cure, warrant the use of CUTICURA SOAP, in the form of baths for annoying irritations, inflammations, and chafings, for too free or offensive perspiration, and also in the form of internal washes and solutions for ulcerated, weak, and for many sanative, anise: purpose which readily suggest themselves to women, and especially to mothers. The use of CUTICURA Soap with CUTICURA SOAP will suggest itself in the severest cases.

More Things to Puzzle Over.

"I'm puzzled about this custom of eating to music."

"How's that?"

"I can't understand whether the food is intended to keep your mind off the music or the music is intended to keep your mind off the food."

Prospectors and Miners.

Should take with them a supply of Dr. Fowler's Extract of Wild Strawberry.

It would be a wise precaution for those who are going out prospecting or surveying this summer, or who intend working in a mining camp, to provide themselves with a supply of Dr. Fowler's Extract of Wild Strawberry.

Diarrhoea and Dysentery are great foes of miners, prospectors and surveyors.

Offentimes they get wet and chilled, have to drink impure water or eat food that is not the best.

Far away from drug stores and doctors it is a serious matter to be seized with cramps and colic and prostrated with diarrhoea or dysentery.

Many an hour of agony has been endured, and many a life sacrificed, which could have been avoided by Dr. Fowler's Extract of Wild Strawberry.

It has a wonderful record of over 40 years of cures to its credit, and has never been known to fail even in the severest cases.

There are many worthless and dangerous imitations, some of them even called "Wild Strawberry," being put on the market by unscrupulous manufacturers, so see that full name, Dr. Fowler's Extract of Wild Strawberry is on every bottle you buy.

A Fair Schemer.

"You have a new dress, Anna?" "Yes. I went too near a freshly painted fence, and my dress was ruined and my husband had to buy me a new one."

"Oh, Anna, tell me where the fence is!"

"THEY ARE ALL RIGHT."

John L. Geddes' opinion of the famous Dodd's Kidney Pills.

Belgrave, July 24—Mr. J. L. Geddes, a well known blacksmith of this place, has received many enquiries concerning Dodd's Kidney Pills. He used Dodd's Kidney Pills two years ago for lame back. The last enquirer is a Toronto gentleman who is anxious to find if cures by Dodd's Kidney Pills of the commonest diseases, such as Bright's Disease, Diabetes, Rheumatism, Heart-Failure, Lumbago, Urinary and Bladder diseases, etc. are lasting. To this end he has sent out letters to various parts of the province.

Mr. Geddes answered him as follows: Belgrave, May 29th, 1899.

Dear Sir—Dodd's Kidney Pills are ALL RIGHT. They did me a lot of good. My back hasn't bothered me for two years.

Yours truly, JOHN L. GEDDES

She Was Saved!

When the manuscripts are set up in type a proof is pulled by a handpress and dispatched for correction—sometimes to the editor or sub-editor, sometimes to the leader-writer, and always to the proof correctors, who sit in narrow cells, like bathing machines, and look out for mistakes in the galley submitted to them. No easy task is the correcting of errors in print! There are so many blunders possible—blunders literary and grammatical, blunders telegraphic and of translation, blunders literal and of lifting, of which more hereafter. We have seen many in the press, but their severity is far stranger than their number. Some of them are numerous enough, and though the editor may tear his hair at sight of them, the public laughingly forgive.

Take for example, the paper which described a celebrated General as "battle-scarred" instead of a "battle-scarred" veteran, and subsequently apologized to the "battle-scarred" warrior for the first misprint; or the even more painful mistake made in the announcement of a death, which concluded, "Friends are requested to accept this, the only intimation"—the falling out of one letter having led to an appalling result. Sometimes when the type is pulled about to correct an error the lines become transposed in such a manner that the last state is worse than the first. Notice, for instance, a case where two paragraphs became intermingled with this result: "A large cast-iron wheel, revolving nine hundred times a minute, exploded in the city, after a long and painful illness. Deceased was a prominent member of the local temperance association."

No Other Remedy Can So Effectually Meet the Needs of Debilitated, Weak and Nervous Women.

One of the grandest and noblest of medical triumphs ever given to suffering women is Paine's Celery Compound. A medicine that has saved thousands of daughters, wives and mothers of our Dominion.

In cases of debility, weakness, nervousness, irregularities, lack of nerve force, impoverished or impure blood, constipation and stomach troubles, Paine's Celery Compound is the only reliable, true and certain agent for the banishment of disease and the establishment of permanent health.

Mrs. Hopper, of Thornhill, Ont., one of the many thousands of women who sing the praises of Paine's Celery Compound as a blessing to women, says:

"With very great pleasure and satisfaction I wish to add my testimony to what has already been said in favor of Paine's Celery Compound. For a very long time I suffered from general debility, nervousness and rundown system. Having heard of Paine's Celery Compound I determined to give it a trial, and I am happy to say it has done for me more good than I can express. For ten years I doctored with other medicines without any good results; but after using Paine's Celery Compound I am perfectly restored to health, can eat well, digestion is good, and my sleep is sweet and sound. Altogether, I am a new woman. I always recommend Paine's Celery Compound to my friends."

Neither can poor, weak, thin blood nourish and sustain the physical system. For strength of nerves and muscles there must be pure, rich, vigorous blood. SPRAINED BACK!

Sprains, Strains and Injuries of the Back often cause Kidney Trouble.

Doan's Kidney Pills the Cure.

Here is the Proof:—

Mrs. S. Hording, Glasgow Street, Guelph, Ont., says: "Doan's Kidney Pills are grand. I have not been ill since taking them, which was over a year ago last winter, and can give them my warmest praise: for they restored me to health after 25 years of suffering. Twenty-five years ago I sprained my back severely, and ever since my kidneys have been in a very bad state. The doctor told me that my life depended especially was in a very bad condition. A terrible burning pain was always present, and I suffered terribly from lumbago and pain in the small of my back, together with other painful and distressing symptoms, common in kidney complaints. I could not sleep, and suffered much from salt rheum.

"When I first commenced taking Doan's Kidney Pills I had little or no faith in them, but I thought I would try them; and it proved the best experiment I ever made. I had only taken two boxes when the pain left my back entirely. Three boxes more, or five in all, made a complete cure.

"After 25 years of suffering from kidney disease I am now healthy and strong again, and will be pleased to substantiate what I have said, should anyone wish to enquire."

Impressive.

"You've got back from New York, Hogan? Phwat struck ye'd most?" "Will, th' mounted cops made a verry dape impression on me." "Did they?" "Yis; put yer hand here on me head. Xn kin fale the impressiun yit."—Chicago News.
