No Let-up In Hindu-Moslem Class Riots

Lindbergh Says He Is "Broke"

Spent \$200,000 In Search For His Baby Boy — Feverish Hunt On For Kidnappers.

(By Francis A. Jamieson, Associated Press Staff Writer)

HOPEWELL, N. J., May 16—The first step of the aging "Jafale" carried him tonight along the circuitous trail toward the extortionist to whom he paid \$50,000 ransom while the police formally requisitioned the wide flung forces of the government in the task of avenging baby Lindbergh.

Dr. John F. Condon, the educationist who came out of virtual retirement at 72 to assist Colonel Charles A. Lindbergh, peered at the rogues galleries of jails and prisons in Westchester County, New York. He was hopeful he might find the likeness of the extortionist, who appeared to be a Scandinavian and was known to him only by his first name. This was the man to whom he gave \$50,000 in a Bronx (New York City) cemetery—\$50,000 supplied by Colonel Lindbergh which the Colonel raised, according to one published account, by borrowing \$25,000.

Beginning tomorrow Dr. Condon also will attend the daily police lineup in New York City on the theory that either the extortionist might be a professional criminal or that he might endeavor to hide himself in jail for a minor offense. Dr. Condon, it was officially stated, told police he met personally only one member of the gang, with whom he dealt, but that this member is presumed to have told him that there were four other men and a woman. The shadowy figure he treated with in the cemetery also claimed that one member of the gang was acquainted with Dr. Condon.

These bare uncontroverted facts still left open to conjecture the question of whether the criminals in contact with Dr. Condon were one and the same as the five man gang with whom John Hughes Curtis communicated off the Atlantic seaboard.

The day's official activities included these salient developments: Colonel Lindbergh wrote to Governor A. Harry Moore expressing satisfaction and appreciation for the investigation conducted under the direction of Colonel H. Norman Schwarzkopf, State police head.

Governor Moore, who has followed the case with untiring interest from the outset, conferred with prosecuting and police authorities in determining the matters of jurisdiction. He reiterated, Colonel Schwarzkopf will have charge of all police activities.

The Governor also formally accepted the renewed offer of Federal cooperation tendered by Attorney General Mitchell at the direction of President Hoover. He expressed the thanks of the State for the assistance already given by the government and endorsed the suggestion that A. Edgar Hoover co-ordinate the various Federal agencies and communicate with Colonel Schwarzkopf. Mr. Hoover is chief of the Bureau of Investigation of the Department of Justice.

Colonel Schwarzkopf telegraphed the Treasurer of the United States at Washington requesting that further efforts be made to trace the serial number of the bills which Dr. Condon paid to the extortionist.

The determined hunt along the eastern coastline by government craft, more than 100 in number, for the boat with which Curtis and Colonel Lindbergh conducted fruitless negotiations, was given new life. Captain Randolph Ridgley, Commander of the Coast Guard in the New York area, said the identity of the vessel sought was known to authorities and that it had been in New York waters within the past two weeks.

In order that no opportunity for

SEA DISASTER TAKES HEAVY LIFE TOLL

MARSEILLES, France, May 16—The Surete Generale, the French "Scotland Yard," revealed tonight that trouble had been forecast mysteriously for the French liner Georges Phillipar before its maiden voyage that ended in destruction of the ship by fire off Somaliland today.

The vessel was searched and watched closely before it sailed for Yokohama as a result of rumors at her dock here that trouble awaited her. Two detectives of the Surete Generale searched the boat, but discovered nothing. She was rushed through the Suez Canal, leaving Port Said ahead of schedule, the Surete Office said. Pierre Pasquier, Governor General of Indo-China, was scheduled to board the ship at Saigon for Marseilles, but cancelled his passage at the last moment.

The passenger list had not yet been received here and Adrian Monge, Director General of the Compagnie Des Messageries, said he was without direct news of the disaster.

ADEN, Arabia, May 16—(A.P.)—An undetermined number of persons were killed today when the French motorship Georges Phillipar, carrying 600 passengers from the far east to Marseilles, was wrecked by fire five miles from Cape Guardafui, Italian Somaliland.

The first hint of fatalities came late tonight in a wireless message from the Master of the British ship Mahsud, who assisted in taking off the survivors.

"Am burying the corpses of young French girls," the message said. "Georges Phillipar still burning this evening."

The Japanese steamer Hakone Maru passed an empty lifeboat in addition to the Mahsud, a Soviet ship was standing by assisting in the work of getting off passengers.

Prince Weds Princess

HERE ARE A PRINCE AND PRINCESS

It took a world war and a Bolshevik triumph to make this picture possible, Prince Vasilii Romanoff is seen here with his lovely bride, the former Princess Natacha Galitzine. They are spending the month with his brother and sister-in-law, Prince and Princess Rostislav, in their Chicago apartment. Although they were born to the splendor of great palaces, the pomp and ceremony of Imperial Russia's royalty, they are now selling per fume—and liking their work.

NAT. DEFENCE ESTIMATES NOW BEFORE HOUSE

OTTAWA, May 16—(By the Canadian Press)—An appropriation of \$4,844,000 for the permanent force of Canada passed the supply committee of the House of Commons tonight.

OTTAWA, May 16—(By the Canadian Press)—National Defence Department estimates were taken up in the House late this afternoon and items totalling three million dollars passed in the first few minutes. On the vote of \$2,462,000 for naval services J. S. Woodsworth, (Lab., Winnipeg North Centre), asked that the Canadian Navy was doing, referring to reports of its participation in occurrences in foreign ports during the last few months.

Col. D. M. Sutherland, Minister of National Defence, said the destroyers went to southern waters in the winter when weather was not suitable for training in Canadian waters, and returned north in the summer. That was the custom with all navies, he said.

"Aren't these destroyers really patrol boats?" asked Mr. Woodsworth, "or are they training ships."

"Certainly they are for training purposes," replied Col. Sutherland. "And there has never been any suggestion that they were anything but training ships."

"What guns do they carry?" Mr. Woodsworth continued.

"The new destroyers, the Skeena and Saguenay, carry 4.5 guns, I think," Col. Sutherland replied. He explained that these destroyers were new, having been commissioned only last year, and he assured the House that they were the last word in construction and modern efficiency. The Vancouver and Champlain were older, having been built during the war.

This item passed along with others under the headings of Topographical Survey (\$20,000); Royal Military College, (\$360,000); Radio Service, (\$187,000); Battlefield Memorials, (\$146,800), and War Claims, (\$82,500).

Bombay Streets Strewn With Dead

64 Killed And 650 Wounded In Yesterday's Disorders Between Moslems And Hindus.

(Associated Press)

BOMBAY, India, May 17—(Tuesday)—Armored cars from Poona patrolled the streets of Bombay today and troops rushed here in their wake to quell fierce fighting of Hindus and Moslems in which sixty-four have been killed and at least 650 wounded during the last three days.

Whole districts of Bombay were in a state of siege last night as the riots between the hostile races raged unabated, after having taken a further toll of 40 lives during the day.

The second battalion of the Green Howards, a British regiment stationed at Poona, left today aboard fast special trains for this city. The tanks had been ordered here only a few hours before. During the night mobs of men, wielding forbidden iron rods, knives, stones and bottles, swirled through the streets in fierce combat by the light of huge bonfires that blazed from one end of Girgaum road to the other. Other mobs looted Moslem shops.

Police futilely struggled to restore order, firing into the rioters in several parts of the city. Many of the police were on the verge of collapse from the three days of almost ceaseless duty under conditions of tremendous difficulty.

The situation was so serious that Sir Frederick Sykes, Governor of the Bombay Presidency, who left Saturday for the summer mountain resort of Mahaleshwar, returned by aeroplane.

An Indan regiment at Poona was ordered to stand by prepared to leave for Bombay at a moment's notice. The armored cars were rushed toward Bombay early today to assist in suppressing the riots, which began Saturday with an attack on two Hindu boys by a group of Moslems. Temples and mosques were stoned. Several Hindu buildings, including a four story tenement were set on fire. Police Commissioner Patrick Kelly prohibited anyone except properly authorized persons from carrying weapons for a month, but the battle broke out again yesterday.

As darkness fell the dust and din of combat was more intense than ever. The combatants laid about them with knives and rods while stones and bottles hurtled through the air. Leaping, fighting figures were silhouetted against the flames in Girgaum road. The road was strewn with goods of every description from looted Moslem shops.

A touch of com's relief in the macabre surroundings was provided by a party of Moslems whose supplicious complacency as they waddled down the road aroused a suspicious police picket. The Moslems were searched and their bodies gradually became leaner and leaner as yard

Scots Expect Great Things Of Conference

(Canadian Press)

MONTREAL, May 16—In Scotland great things are expected of the Imperial Conference, but it is realized the practical effects might not be realized for some time, the Duke of Montrose said in an address today before the Canadian Club. His Grace is honorary President of the Scottish trade mission which arrived here over the week end aboard the liner Letitia.

"And as time is pressing and we must act without delay to maintain our trade, we Scots folk are now going to sit down with arms folded and wait for things to come to us; we are going out to look for business and prosperity and where else should we go but to our best friends—to that great dominion where so many of our countrymen have gone and the pages of whose history their names adorn. I say we could not possibly have come with our wares to any better place or to a more friendly land than Canada."

The Duke recalled the fact that it was 29 years ago that he had first visited Montreal, as navigator in the late Lieut. Brasse's famous yacht the Sunbeam when the fifth congress of the Chamber of Commerce of the Empire was being held in Canada.

MONTREAL, N. B., May 16—Dr. W. P. Kirby, F. A. C. S., a prominent surgeon in this city sustained a paralytic stroke last night just as he was completing an operation in the Montclair Hospital. He now is a patient in the same institution and the latest reports are that his condition is serious.

ANNOUNCEMENTS, COMING EVENTS, MEETINGS, ETC.

- Talkies Bouris Thursday, 3128-5-17-11.
- Talkies and Dance Montague Saturday, 3128-5-17-31.
- Rummage Sale, Trinity Social Hall, Tuesday, May 17th, at 7 p. m., 3087-5-14-31.

Purpose Of The Special Income Tax

OTTAWA, May 16—(By The Canadian Press)—The purpose of the Government in introducing legislation applying a special income tax of 10 per cent to Judges, officers of the Air Force, the Royal Canadian Navy, the permanent force and the Royal Canadian Mounted Police is to enable them to make a contribution to the Federal Treasury equal in proportion to those civil servants who sustained the 10 per cent salary cut, Hon. E. N. Rhodes, Finance Minister told the House of Commons today. He emphasized that the contractual character of the salaries paid the personnel affected exempted them from the general provisions of bill 19, the legislation covering the civil service reduction, but that the amendment proposed to the income war tax produced a result that would have the same effect.

New Pres. Of Japan Named

Home Minister Accepts Post, Succeeding The Assassinated Suyoshi Inukai

(Associated Press)

TOKYO, May 17—(Tuesday)—Kisaburo Suzuki, Home Minister, accepted the Presidency of the Seiyukai (Government) party today and thus became virtually certain of succeeding the assassinated Suyoshi Inukai as Japan's Premier.

His informal agreement to fill the late Premier's place in the Seiyukai's leadership averted dissensions that threatened to split the ruling party. Elder men of the party, who decided to support him, persuaded Takejiro Tokonami, Railway Minister, another possible candidate, to give up his ambition for the Presidency early today.

Mr. Suzuki will be formally installed as President of the party at a mass meeting of the Seiyukai's parliamentary members this afternoon. It was taken for granted he would be the next Premier in accordance with Japanese custom.

Reports abroad of a naval mutiny proved entirely groundless today on the basis of an official checkup, which found all naval bases quiet. Admiral Minea Osugi issued an order declaring "all naval personnel must observe the utmost caution to prevent a disturbance of the public mind." Meanwhile army headquarters announced that eleven cadets who surrendered to the military police Sunday night will soon be tried by a court-martial and dealt with according to military discipline.

The city was quiet. The Tokyo, Osaka, Nagoya, and Kobe stock exchanges remained closed. The rice and silk markets in the cities resumed trading. Prices tended downward.

Five Slain In Less Than Five Years

(By The Associated Press)

Assassins have slain five nationally prominent Japanese in less than twelve years. These included three Premiers and two powerful bankers.

Premier Takamashi Hara was slain in Tokyo on November 4, 1921, by a demented youth named Konichi Nakaoan, fired by opposition accounts of the Premier's policies.

Yuiko Hamaguchi, Premier of a Liberal coalition, was shot by a young fanatic on November 14, 1930. The Premier was so dangerously wounded he was forced to resign, and he died last year.

Junnosuke Unouke, Governor of the Bank of Japan, and Minseito party leader declared as material for the Premiership, was shot down at a political meeting February 10 of this year by a young patriotic zealot.

Baron Takuma Dan, manager of the vast Mitsui commercial interests, was wounded by another patriotic farm youth in front of the Mitsui Bank on March 5 of this year. He died a few hours later.

Yesterday Premier Suyoshi Inukai was shot down at his official residence by military terrorists. He died several hours later.

\$13,000 Fire

GRAND FALLS, N. B., May 16. (By the Canadian Press)—A building owned by Joseph I. Cormier and valued at \$6,000 and stock worth \$7,000 were destroyed by fire here early today. The ground floor contained a pool room, bottling works, Barker's shop and suite of offices, and the two upper floors consisted of apartments. Two adults and six children escaped. Cause of the fire was unknown.

Discovery of burglar's tools by the safe of the C. P. R. office here indicated an attempt at robbery was made during the fire. Nothing was stolen, leading to the belief the fire slain had frightened the would-be burglar.

News Briefs

(Canadian Press)

ST. PIERRE, May 16—The French three-masted fishing vessel *Gladiateur*, arrived here today with 35 members of the crew of the vessel *Gloire A. Dieu*, which sank off the Grand Banks recently.

SHANGHAI, May 17—(Tuesday)—(A.P.)—Japanese officials here said early this morning they had received no information about any mutiny in the Japanese navy and therefore did not believe anything of the sort had happened.

WASHINGTON, May 16—(A.P.)—The United States Senate today refused to restore the high war time income tax rates in the revenue bill in the first major test on the compromise measure reported by the finance committee.

POONA, India, May 17—(Tuesday)—(A.P.)—Armored cars were rushed today to Bombay to assist in breaking up the fighting between Hindus and Moslems which has been going on since Saturday.

OTTAWA, May 16—(By The Canadian Press)—The House of Commons today passed a government bill reducing by ten per cent salaries of civil servants and sessional indemnities of Senators and members of Parliament.
