Her mother, Mrs. Patrick Watson and a sister, Mrs. Raymond Arsenault of Moncton were with her for a week prior to her death. Two other sisters, Mrs. Albert Peters of St. Stephen, N.B. and Miss Victoria Watson of Worcester, Mass. arrived home in time for the funeral. — S

—ENJOYABLE EVENING — Mr. and Mrs. Ivan Harrington entertained at their home at Spring Valley on Tuesday, May 3rd, at an enjoyable social evening, under the auspices of St. Stephen's Anglican Church, Burlington. A pleasing program of readings, musical numbers and a singing contest was presented, with Mr. William J. Profitt as chairman. The singing contest was put on by Mrs. William J. Harrington and was won by Mrs. Charles McLellan, Mrs. Roy Tuplin, Adrian Gallant and Leigh Paynter. Humorous readings by Mrs. William J. Profitt and Mrs. Hiram Harrington, and a laugh-producing monologue by Miss Olive Champion were popular numbers. Two versatile young performers, Joyce and Harriet Campbell, appeared in instrumental, song and step-dancing numbers, to the keen delight of the audience. Songs by Everett Sudsbury, Ivan Adams and Charley Cole, were received with hearty applause. Violin music by Mr. Bernie McKinnon, with Mrs. Charley McLellan at the organ, was as usual, thoroughly enjoyed, and induced lovers of step-dancing to take to the floor. Mrs. Wilbur Bryanton, Mrs. Hiram Harrington, and Mr. Adrian Gallant and others entertained very pleasingly in this way. Perhaps the highlight of the evening, was an auction sale, with Mr. Ivan Harrington as auctioneer, when competition was strong and bids ran high, on fudge, beautifully iced cakes, and a variety of hand-made and other articles. A bountiful lunch was served, when the hostess was assisted by Mrs. W. J. Harrington, Mrs. Hiram Harrington, Mrs. Keith Harrington, Mrs. Everette Sudsbury, Mrs. Hubert Caseley, Mrs. Leigh Paynter and others. The absence of the genial rector, Rev. S.J. Davies, was a matter of keen regret, especially since it was due to an accident during the day, when he received a head wound requiring three stitches. Mr. Davies was working about his car when the hood of the trunk dropped, causing the injury. The congregation of St. Stephen's is deeply appreciative of the efforts of the Harringtons and others, who opened their homes for what proved to be very successful events. Bur.

power development program. Later he had arranged to bring 30 industries from the United Kingdom into his native Province.

"That," he said, "can be repeated in the Maritime Provinces."

He touched on the contentious freight rates issue and said it was something for Parliament rather than a Royal Commission to settle.

Social Security

The party leader stressed the question of Canada's trade relations, but he also mentioned several points in the Progressive Conservative platform. He said the party's social security program includes:

"1. Adequate old age pensions at 65 without a means test.

"2. Accident, sickness and disability benefits.

"3. Extended unemployment insurance benefits — to include payment for time lost due to accident or sickness.

"4. Family allowances regardless of the number of children.

"5. A national health program, including promotion of improved nutritional standards and effective preventative health services to assist research and control of cancer, arthritis and other diseases and to provide assistance for the construction of hospitals, health and recreational centres."

Mr. Drew added:

"You will find other provisions for social security in the program of our party. The point I wish to make, however, is this: No promise of social security, good wages for our workers, adequate prices for our farmers, proper pensions and care for our veterans, or any other undertaking can be fulfilled except from the money paid by our people from what they earn.

"There is no other source of money available to this or any other government. Promises on paper are meaningless unless we put our resources to work and maintain our national income by producing, distributing and selling at home and abroad at prices which will give us the national revenues we require."

Mr. Drew also said that a government under his leadership would amend the criminal code to deal with Communists.

this year Canada has delivered less than 14,000,000 pounds.

"In every single post-war year the Canadian Government has failed to fulfill commitments made to Scandinavian and other Eastern European countries for bacon supplies."

Mr. Coldwell said hog production had dropped ever since the Federal Government removed subsidies on coarse grains in 1947 and "at its present rate of decline, Canadian bacon production will, within a year of two, have dropped so that we can do little more than meet our domestic needs."

He said the only solution to the "trading crisis" is by "long-term contracts, bulk purchases between governments. That is the only kind of trading our best customers can undertake. If we are unwilling to trade with them that way, they will, and are, being forced to trade elsewhere.

"But the Liberal Government refuses to trade this way.. they are willing to sacrifice the prosperity of this nation rather than forsake their old-fashioned trade methods."

He said the Progressive Conservatives were "even more determined to restore the so-called 'free enterprise' kind of trading than are the Liberals."

Estimates Adopted By S'side Town Council

Councillor J. Lloyd Gorrill who delivered the budget for the year at the regular monthly meeting of the Summerside Town Council last night, estimated that there would be a deficit of $1,500.00. He also announced that the poll tax and property tax rates would remain the same.

Mayor J. F. Arnett presided at last night's meeting and there was a full attendance of the council.

The estimated total revenue for the year is $173,921.00 and the estimated total expenditure $175,501.00. Councillor Gorrill reminded the Council that last year's deficit came to $31,708.00 and he said that the committees would have to stay within their estimates. He said that the assessments for the year are higher than last year. He also reminded the council that some of the expenses of the town are being paid out of the profits of the electric light department. He said that the tax rate of $17.00 per thousand is the lowest for a town of this size in Canada.

Mayor Arnett said that if demands increase either the assessed valuations or the tax rate will have to be increased.

Councillor Henry Wedge thanked the council for making it possible for him to attend the coming annual meeting of Canadian Mayors and Municipalities where many important matters would be discussed. He said that the street department has taken the biggest cut in the estimates and the Councillors must realize that it will be necessary to cut down on some of the work.

He said that sidewalks would be laid in the near future on Water Street East, Duke Street, Milton Avenue and Northumberland Street and that the pavement would be patched where needed. He said that the Harvard Street pavement is in particularly bad shape and it may not be possible to repair it.

Councillor T. D. Morrison, chairman of the electric light committee, said that a report of the engineer submitted recently to the council estimated that in two years a new unit would be necessary to produce the required energy. In the first four months of this year there has been a thirty per cent increase in consumption. This has been due, to a great extent, to the installation of electric ranges.

He moved that the clerk be instructed to write Fairbanks-Morse Co. Ltd. to have a representative attend a special meeting of the council in the near future to discuss this matter and the motion passed. Councillor Wedge suggested that prices should be obtained from competing companies and Councillor Morrison agreed.

A motion was passed accepting the tender of Morrison and Harris to erect an office building at the electric light plant for $8,995.50. Wages and salaries of town employees were passed for the year. —S.

First Class Railway Fares Increase Today

MONTREAL, May 10 — (CP)— Increases ranging up to 15 per cent in first-class fares in Canada will become effective after tonight, the Railway Association of Canada announced today.

The increase, approved by the Transport Board, is equal to the Federal transportation tax repealed by the Federal budget in March.

The railways automatically increased coach-class fares 15 per cent a month ago because coach-class fares had been substandard and required no Transport Board approval to raise them.

A railway official said that although the Transport Board authority covers increases up to 15 per cent, full advantage of this will not be taken in all cases, depending on certain complicating factors such as competition.

A case where the boost would be considerably lower, he said, is in the one-way first class fare from Montreal to Vancouver. The present tariff is $99.80 and after midnight will be increased by only $2.

ment.

At stake in the elections, which continue until Saturday, are about 20,000 seats on 1,427 urban, rural and borough councils in England and Wales.

The councils are the local governing bodies, controlling police, fire, health and other public activities.

Voting for members of 106 councils in England and Wales was held today. Scotland ballotted for members of county and district councils, with nearly 1,000 candidates seeking election to the county councils and 1,360 more running for 200 district councils.

Results of those elections will not be known before tomorrow.
