Sales of Famous Soap, Silver Bar and the other products of the P. E. Island Soap Works have increased at a really remarkable rate since the first of the present year. In Charlottetown the lead is still held by the soaps. But there is still plenty of room for expansion in this local field. The making of soap is an industry which has every right to thrive in this Province. Everyone who believes in Prince Edward Island should give it a shove along. When it is proven a real success, it will lead to the establishment of other similar undertakings.

Worth's Band occupied the forepart of the steamer and furnished music throughout the delightful trip. The moon was shy, being veiled by fog but this did not detract from the pleasure of the occasion. Refreshments were obtainable in profusion and the band and citizens interested in moral and political reform are requested to attend. Representation from all city churches and other organizations interested is solicited. It is hoped that a constitution on broad enough lines to take in all shades of opinion may be adopted and committed to the members to take definite phases of reform work.
