

DIAMONDS

The most important feature in the buying of a diamond is the dealer you patronize. You must have absolute confidence in the house you deal with. Our reputation covers the value and quality.

For many years we have been selling diamonds to people who know and demand the best. Every stone is absolutely backed by our guarantee—a guarantee that has stood for a most unexacting honest policy for nearly half a century.

...ADDRESS TO TEACHER—Miss Mabel McIntosh, B. A., who for the past two years has conducted with marked success an excellent "Ice-cream" Department of Souris High School, has resigned her position and on Friday last, left for her home at Coley, Alberta. Before leaving she was gratefully remembered by her pupils who presented her with a very pretty present and the following address: Dear Teacher:—The pleasant duty has been assigned to me by my schoolmates of presenting you this token as an evidence of our lasting esteem, friendship, and love we could not consent to part with you without leaving in your hand some memorial, however trifling, of deep and abiding gratitude for your unceasing efforts to benefit us. When in future days you look upon this moment left it be a pleasant token of the deepest love and reverence of our young hearts. You are going far away from us but we shall never forget you. We wish you a pleasant journey and every happiness in your new home—from your loving pupils of Souris High School. Miss McIntosh made a touching reply and afterwards treated the children to candy. The evening before her departure, the teachers of Souris High School called at the Manse and presented her with a suitable remembrance, and the following address: Dear Miss McIntosh:—In consideration of the fact that we have been most intimately associated with one another for many months and learning with regret of your approaching departure we feel it would be most unjust to allow this opportunity to pass without expressing and conveying to you our feelings of warmest esteem and affection. During the time that you have, with us, conducted the classes in Souris High School, we have found you a most agreeable companion always courteous and obliging and ready and willing at all times to help along in every undertaking, however strenuous it may have been. We have long ago learned to appreciate your many excellent qualities and have regarded you as a genuine friend from the time we first had the pleasure of your acquaintance. You will be greatly missed, not only by us, your fellow teachers, but also by the little ones who have so successfully taught. We are well aware that you will soon be separated from us by distance, but this we think, will only tend to weld doubly strong the links of that happy friendship we have formed. In bidding you good-bye we would ask you to accept the accompanying small gift as a concrete indication of the esteem in which we hold you. We also beg you to accept our warmest desire for your welfare and we most earnestly trust that success may attend you in whatever walk of life you may adopt, and that we may, at no distant date, have the privilege of renewing that sincere friendship which now exists between us. Signed, Edward D. Feehan, May Walsh, Agnes MacInnis.

NOVA SCOTIANS NOW AT THE FRONT.

POLKESTONE, Eng., April 10.—The Canadian Field Artillery is doing consistently good work at the front. The Ninth Battery of Toronto, under Major McDougall, is mentioned as especially effective.

The division has had a comparatively quiet time lately; little is doing anywhere along the line, but they expect to be in some hot work soon.

Ten more wounded have arrived at Shorncliffe, including Sergeant Jones of the Toronto Highlanders. A large draft of reinforcements lately has been sent. All but seventy of the original Nova Scotian Battalion now are at the front with various units.

By Taking Lydia E. Pinkham's Vegetable Compound.

Chicago, Ill.—"I must thank you with all my heart for Lydia E. Pinkham's Vegetable Compound. I used to go to my doctor for pills and remedies and they did not help me. I had headaches and could not eat, and the doctor claimed I had female trouble and must have an operation. I read in the paper about Lydia E. Pinkham's Vegetable Compound and I have taken it and feel fine. A lady said one day, 'Oh, I feel so tired all the time and have headache.' I said, 'Take Lydia E. Pinkham's Vegetable Compound,' and she did and feels fine now."—Mrs. M. R. KARSCHNICK, 1438 N. Paulina Street, Chicago, Illinois.

The Other Case.
