KING'S COUNTY TEMPERANCE ALLIANCE.

Annual Meeting Held at Montague Bridge.

The annual meeting of The Kings Co. Temperance Alliance was held in McKinnon's Hall, Montague Bridge, on the evening of Thursday 5th inst. In the absence of President Mr. Martin Mc. Kinnon was appointed chairman. Although the attendance was not large the proceedings were exceedingly interesting. The committee on resolutions reported that the manner in which the Scott Act was enforced in King's County, failed to give satisfaction to the temperance people, and that their experience with it in the past, gave them little hope to expect more from it in the future. Thereupon recommended the appointing of a Committee to ascertain the necessary steps to be taken in order to have the Prohibition Act, substituted for the Scott Act. The report was approved and adopted. The discussion which the resolution called forth, elicited the information from the Prosecutor, that the Stipendiary Magistrate was responsible in a great measure for the imperfect enforcement of the Act. Martin McKinnon, S. M. Martin and Wm. Kaneen were appointed a Committee to report at the next special meeting of the Alliance, when all temperance people will be expected to exert themselves to bring about the desired change. A resolution concerning the bonded Warehouse at Cardigan was submitted to the meeting and after discussion adopted. The following officers were appointed for the ensuing year. Martin McKinnon—President. William Kaneen—Secretary. Edgar Geddings—Treasurer. Honorary Presidents, Rev. William Phalen, Rev. Mr. Sinclair, S. M. Martin William McLeod. Rev. Mr. Sinclair and Martin McKinnon were appointed delegates to the next Alliance meeting at Charlottetown. WILLIAM KANEEN, Secretary.

LEGITIMATE ADVERTISING.

The rule elsewhere in Canada and in all cities where newspapers are printed is that local notices of concerts, socials and other meetings and entertainments, are treated as advertising, and their insertion in whatever part of the paper they may appear is charged for. Hitherto in Charlottetown the practice has prevailed of inserting gratuitously in the newspapers a considerable class of such notices. The object of these gatherings may be to disseminate information, to provide amusement or to promote some cause or movement; another object is to make or collect money.

It is felt by the managers of the daily newspapers of Charlottetown that all such meetings or entertainments where money receipts are the object aimed at are business enterprises and that all advance notices of such gatherings are in reality advertisements and ought to be paid for as such. They occupy valuable space which could be filled with news of interest or sold to regular advertisers. Quite frequently valuable news of general interest and even regular paid advertising is held out to make room for such notices. They cost in the aggregate a large sum in labor and material. The notices are valuable to those who profit by the increased attendance and receipts which such advertising brings. No merchant would ask or expect a newspaper to advertise his goods or direct people to his place of business without paying for the service.

For these reasons the daily newspapers of Charlottetown decided last week to adopt and adhere in future to the rule which prevails among newspapers elsewhere and make a reasonable charge for notices of all meetings or entertainments, where the object is to raise money. The rate will be five cents a line (of 6 words) for first insertion in either Daily or Weekly, and two and a half cent a line for each continuation. Where such gatherings are for a purely religious or charitable object one half the regular rates will be charged. Minimum price for all such notices fifteen cents.

For black type notices double price will be charged. Births, Marriages and Deaths will be inserted free, but verses accompanying the latter will be charged as above.

TEETH

FILLING AND CROWNING MADE ABSOLUTELY PAINLESS.

While improvements have been going on in science generally dentistry has not been standing still. The "Berlin System" is based upon the knowledge that the conditions of dental sensibility are numerous requiring a wide range of remedies. The "Berlin System" of painless dentistry embraces every method known to the profession of large, and some that are not generally known. It succeeds because it takes each of the various sensitive conditions into account.

DENTAL SPECIALIZATION

This is the age of specialists, and in no profession is specialization more important than in dentistry. Time was when one could acquire a knowledge of dentistry in a short time, but in the last few years the profession has grown by leaps and bounds, until now it is beyond the attainment of any one man. It is practiced by the co-operation of several men, each devoting his time to a special branch. In our office each man devotes his time to a special branch. We divide the work into parts and have specialists for each part.

NARCOTILE
for painless dentistry is a success. If you have tooth trouble we will be glad to talk with you face to face.
