Hitler's Version Of Events Will Be Given Reichstag

Parliamentary Body Will Assemble On Friday Evening To Hear Chancellor's Speech—Propaganda Minister Goebbels Severely Criticises Foreign Press For Its Reports Of Nazi "Purge".

By Elmer Peterson, Associated Press Foreign Staff.
BERLIN, July 10.—The 100 percent Nazi Reichstag, inactive survivor of Republican days, was ordered today to assemble Friday evening for what is expected to provide a dramatic carry-over from the tension and confusion of the "second revolution."

From the lips of Chancellor Adolf Hitler himself the Reichstag, the German people and the world are likely to hear an explanation of the summary executions and other bloody events of June 30 and the days immediately following.

As if in preparation for this "authentic" explanation from the highest source in Germany, Propaganda Minister Joseph Goebbels in a world wide broadcast this afternoon lambasted the foreign press for its reports of Hitler's "purge."

Goebbels lashed out vigorously against numerous European newspapers, but he made no charge of faking against any American paper or agency.

A large part of the foreign press he said embarked upon a campaign of lies which in its maliciousness can be compared only with the campaign of atrocity tales during the war.

The British, French and Russian newspapers especially received a bitter lashing from Goebbels, who declared that the German press sets an example of fair reporting, not only of events at home but of those abroad.

"I feel upon you to witness," he said, "that there have been cases of lies, slander and misrepresentation of true facts such as are almost without parallel in journalism."

HEPBURN CABINET IS SWORN IN

Ontario Has First Liberal Government In 29 Years—Only Three Ministers Have Had Previous Administrative Experience.

(C. P. By Guardian's Special Wire) TORONTO, July 10.—Mitchell F. Hepburn, 37-year-old Elgin County farmer who has yet to sit in the Legislature, became Ontario's fifth Liberal Premier tonight. Twenty-one days after his party swept to victory in a general election and a few hours after the Conservative ministry of Premier George S. Henry resigned, Mr. Hepburn and his new cabinet were sworn in.

Until the new premier gathered his colleagues around him for the official swearing-in ceremonies at Government House, home of Lieutenant-Governor Herbert A. Bruce, the personnel of the cabinet was not definitely known but forecasters had guessed it so accurately there was not a single surprise. Mr.

GOV'T. WILL FLOAT LARGE LOAN IN FALL

About \$400,000,000 Will Be Raised By Dominion For Refunding Purposes.

(C. P. By Guardian's Special Wire) OTTAWA, July 10.—Dominion loans maturing this fall will require flotation by the Government of one of the biggest issues since the war. About \$400,000,000 will be raised, chiefly for refunding purposes. This will be applied to maturing loans and to liquidating the debt of last year, including railways and relief expenditures. The bulk of the maturity, however, is a war loan of \$225,000,000 carrying a 4 1/2 percent coupon.

The government anticipates a rate more favorable than this with a consequent saving in interest. The loan negotiated in London last year bore an interest rate of 2.48 percent. This amounted to \$70,000,000.

It is intended to offer the current year's refunding loan in Canada and give the holders of the maturing bonds an opportunity to convert them.

SPAIN STRIKES AT FASCIST MOVEMENT

Primo De Rivera, Leader, and 250 Followers Arrested.

(A. P. By Guardian's Special Wire) MADRID, July 10.—The government struck today at Spanish Fascism, arresting young Jose Antonio Primo de Rivera, son of the late dictator and head of the movement, together with 250 of his followers.

All but about 50 of them were released later, including Primo de Rivera, after close questioning by Spanish authorities.

Police said they acted on government instructions through a tip that a clandestine revolutionary meeting was being held at Fascist headquarters. There had been published predictions of an imminent rightist revolt.

Their meeting was a regular seedbed assembly and denied it had any connection with "abused charges of a plotted uprising."

Among those apprehended in a sudden police raid were the Marquis of Elisenda, the Transatlantic Captain Julio Ruiz de Alda, and the noted writer, Jose Maria Alfaro. They were members of the Fascist Directorate, which was carted off to jail in Toledo.

Primo de Rivera, since he made the inaugural address of Fascism in Spain last Oct. 29, has twice been the target of assassins. Recently he was reported to have made a secret trip to Berlin to confer with Chancellor Hitler.

How Is Your Game Lately?

This might have been the topic of conversation which took place recently between His Majesty the King and W. M. Woodfull, captain of the Australian cricket team, which is in England to play in a series of test matches. His Majesty and Woodfull were snapped in a most informal pose.

Hon. R. G. Reid Sworn In As Premier Of Alberta

(C. P. By Guardian's Special Wire) EDMONTON, July 10.—Hon. R. G. Reid, former treasurer and Minister of Natural Resources in the Alberta Government, tonight was sworn in as Premier of Alberta.

Shortly afterward Premier Reid, who succeeds Hon. J. E. Brownlee, who resigned following the civil action brought against him by Miss Vivian MacMillan and her father, named his new cabinet and its members were sworn in immediately.

The new cabinet includes three new members, Hon. J. MacLellan, Minister of Public Works; Hon. J. Russell Love, Minister of Agriculture; Hon. Hugh W. Allen, Minister of Lands and Mines and Municipal Affairs. They are all members of the Legislature.

The cabinet ministers retained were: Hon. Perren Baker, Minister of Education; Hon. J. F. Lyburn, Attorney-General; Hon. George Handley, Minister of Health and Telephones; Hon. F. Grisdale, Minister of Agriculture, and Hon. Irene Fairby, Minister without portfolio.

Hon. O. M. McPherson, former Minister of Public Works, was the only member of the Brownlee cabinet dropped from the new administration. Besides the premiership, Mr. Reid retained the post of Provincial Secretary.

Of the new Cabinet members, Mr. Love has seen the longest service in the Legislature. He has been a member since 1921. Mr. Allen has been a member since 1926 and Mr. MacLellan was first elected in 1930.

Central Bank May Open Doors Jan. 1

(C. P. By Guardian's Special Wire) OTTAWA, July 10.—Canada's new central bank will begin operations about Jan. 1, it was stated here today with headquarters in Ottawa and branches probably in Montreal, Toronto, Halifax, Saint John, Winnipeg, Regina, Vancouver and either Calgary or Edmonton.

It was believed improbable the government would undertake revaluation of gold, hinted at plainly once or twice by the Prime Minister, until the Bank of Canada opens its doors. The present fixed value of gold is \$20.67 an ounce, whereas the current United States price is around \$35 an ounce.

Finance Minister E. N. Rhodes and officers of his department have been working on the set-up of the bank since the enabling bill was passed through Parliament. The governor of the bank, probably a Canadian, may be announced shortly.

Earth Shocks Cause Alarm

(A. P. By Guardian's Special Wire) TEGUCIGALPA, Honduras, July 10.—Two earthquake shocks were felt early today at Puerto Castilla, an important Atlantic seaport, following one at 7 p. m. yesterday.

The population was greatly alarmed. No casualties have been reported.

Price is around \$35 an ounce.

Finance Minister E. N. Rhodes and officers of his department have been working on the set-up of the bank since the enabling bill was passed through Parliament. The governor of the bank, probably a Canadian, may be announced shortly.

BARTHOU IS SATISFIED WITH VISIT

French Foreign Minister Is Assured That Britain Will Stand By Locarno Pact.

(A. P. By Guardian's Special Wire) LONDON, July 10.—Louis Barthou, French Foreign Minister, who came to England seeking assurance of British co-operation in event of war, left for home tonight expressing keen satisfaction in the outcome of his conversations with Cabinet members here.

Britain and France, he said, reached a "friendly understanding" and found they are "agreed on the European situation."

M. Barthou's enthusiasm was not supported by British comment and competent observers said they believed the United Kingdom would not change its attitude of aversion to any further obligations in continental Europe.

British Cabinet members have stated repeatedly that no pact will be entered beyond the Locarno agreement under which Great Britain, France, Italy, Belgium and Germany undertook to preserve the peace of western Europe.

VISITING TRAVELLER IS SURPRISED

Mr. Bob Davis States That Prior to His Visit He Knew Little of the Island's Attractions.

"I didn't know" was the theme of an interview with the Guardian had with Mr. Bob Davis, noted American writer and traveller, who arrived in the Province yesterday. Mr. Davis confessed that he had been taken completely by surprise at what he had seen, heard and experienced within a few hours after his arrival. The scenery, the prospect of fishing, the climate, the golf course charmed the visitor who during the next week will visit various parts of the province in search of copy for his column in the New York Sun. Mr. Davis is interested in people, their experiences, habits, and outlook, and his news stories are all of the human interest type. Controversial matters he is careful to avoid. His wishes in particular to meet old people of the genesis of the people of today. Old tales, folklores and legends are subjects of special interest to Mr. Davis, whose series of articles on the Maritime Provinces will appear in the Sun in August. These articles will later appear in a book, the author's ninth on travel.

In Nova Scotia Mr. Davis found a brand new story about the Bluenose, the famous racing, fishing vessel. He also discovered the room where Paul Revere received his second degree in Masonry.

On leaving the province, Mr. Davis will proceed to New Brunswick where he will continue his quest.

Fall Of Roof Kills Workmen

(C. P. By Guardian's Special Wire) TORONTO, July 10.—Preparations were underway tonight for a full probe into the fall of the roof of the Toronto Filtration Plant which today took the lives of two workmen and injured 11 more. Plans for investigation were backed by Mayor Stewart, who ordered Coroner Dr. M. M. Crawford to "go the limit."

The disaster happened when wooden supports of the newly-poured concrete roof of the Victoria Park Filtration Plant gave way, dashing those above to the ground and burying workers beneath. Clouds of dust prevented witnesses from seeing clearly full effects of the crash for several minutes. Rescue work began at once, as ambulances, police officers and fire crews rushed to the scene.

The killed were A. McEwan and C. Medec. Eleven men were in the hospital being treated for bruises, shock, and injuries.

C. N. R. REVENUES

(C. P. By Guardian's Special Wire) MONTREAL, July 10.—Gross revenues of the Canadian National Railways for the week ending July 7 were \$3,027,695 as compared with \$2,895,007 for the corresponding period of 1933 an increase of \$132,688.

Newer & Better Facilities For Public Library

Library Reopens Monday With Additional 4,000 Books—Encouraging Progress Of Carnegie Demonstration Library Reviewed By Miss Bateson.

The Charlottetown Public Library, which has been undergoing extensive overhauling, will reopen Monday morning with 4,000 new books from the Carnegie Demonstration Library on shelves specially provided, in addition to the 30,000 volumes already in the library. The new books, while kept apart from the other volumes, will be issued free of charge in the same manner and will be available to all library patrons.

To take care of the additional work involved, Miss Margaret Jenkins, Charlottetown, has been appointed assistant librarian, Miss Jean Gill, who for several years past has served library patrons with so much satisfaction, Miss Gill and Miss Jenkins are both graduates of the Prince Edward Island Library Institute. Mr. J. P. Gordon and Mr. J. E. Harris, architect, the contract for the renovation of the library building, will remain in charge of the extensive library and his valued experience and judgment will be available at all times.

In addition to special shelving accommodation, a modern registration desk, filing cabinets and other necessary library equipment have been installed. The library interior has been thoroughly renovated and repainted, and presents a most attractive appearance. Five handsome reproductions of celebrated oil paintings are being placed by the Carnegie authorities on the walls.

There will be no formal reopening on Monday, but all interested are invited to call and see for themselves the improvements which have been effected.

Children's Books Featured

Of the new 4,000 volumes selected and installed by Miss Nora Bateson, director of the Province-wide Carnegie Demonstration Library, upwards of 1,000 are children's books, many of them handsomely illustrated. Of the remainder, about fifty per cent are of non-fiction, embracing the best available works in history, biography, philosophy, sociology, art, drama, poetry, music, etc. Special attention has also been given to selecting a variety of books of such practical subjects as motor mechanics, carpentry, handicraft, gardening, etc. These books, it is anticipated, will fill a long felt demand.

Another important section will be devoted to Canadian literature, both prose and verse.

The Carnegie books most in demand will be retained permanently in the Public Library. Others of less enduring interest will be changed from time to time, though with less frequency than in rural districts where smaller libraries make changes more necessary.

Much of the planning in remodeling the library was done by Mr. J. P. Gordon and Mr. J. E. Harris, architect. The contract for the renovation of the library building, which was held by Mr. A. T. MacKinnon, for painting and electric wiring of the stacks by Messrs. Chappelle & Co.

The receiving desk of red oak, the magazine racks and newspaper stacks were made under supervision of Mr. A. T. MacKinnon. The mill work was done by MacDonald & Rowe. The special lampshades for the stacks were also made locally. Other office furniture was supplied by Mr. H. M. Simpson.

Wide Selective Range

As in the rural districts, local library patrons will have the wide advantage of the whole Carnegie Demonstration service so far as non-fiction books are concerned. Special requests for such books may be made to the librarians, and these will be obtained, if available, from other library branches. It is believed, however, that the present selection will, in most cases, meet ordinary requirements.

MILITIA UNITS NOW IN CAMP

(C. P. By Guardian's Special Wire) MONTREAL, July 10.—Canadian Pacific Railway today announced earnings for the week ending July 7 of \$2,341,060, compared with \$2,216,000 for the corresponding week of 1933, an increase of \$125,060.
