THE AUTO—The "Piton" Advocate says: "The auto has won out" on Prince Edward Island. The evidence of the victory is seen almost daily in Pitou's railroad yard in the form of carloads of auto bound for the gem of the Gulf. And it is worth noting that the cars, as a rule, are of the high priced order, an evidence that there is plenty of wealth on the island.

HEAVY ISLAND FREIGHT—Right along for many months now a night shunter crew has been working in the Pitou railway yard, the necessity being also heavy volume of freight bound for the island says the Pitou Advocate. There is not only a great amount of way freight, but Island merchants are buying in carload lots in many lines. The great increase in the value of farm produce has made wealthy the already prosperous island.

The aged couple enjoy the best of health and go out and in among their neighbors and friends pretty much as usual.

They were delighted with the crop prospects as well as with the thoughtful kindness of the Superintendent in explaining to them the different processes &c. Yesterday afternoon they left for Montserrat and intend visiting Georgetown, Souris and other points in the county. They expect to arrive in Charlottetown on return Wednesday.

APPEARED IN CHARLOTTETOWN—Rosely's musical comedy company, is advertised to appear at the Pitou Opera house next week. They were the best attraction in professional musical comedy last year, the fresh young voices of the artists combined with their graceful and artistic rendering of the songs which have since become famous insure them the favour of the community. Kathleen Barnes, who Mr. Gravesock claims to be the younger child of the musical comedy world, is being starred this season and has many friends in this city.

MERITED RECOGNITION—On Sunday, the 1st of July, 1917, a large respectable and grateful congregation attended the evening service at the Methodist Church, Murray Harbor South, when the worthy, esteemed and respected Pastor (the Rev. H. A. Brown) preached his farewell sermon which was delivered unostentatiously and clothed with eloquence, parting sorrow and affection and govt will. During Rev. Mr. Brown's sojourn, as Christian Minister and Spiritual Adviser, his moral religious, social pleasantly pleasing and genial characteristics, secured not only the endorsement of his own adherents and parishioners, but also, that of all classes, creeds and denominations, with whom he came in touch; yes; broad minded, unassuming, humble and unobtrusive, every inch a "gentleman and a scholar." His good gracious and amiable wife will also be lamentably missed, not only for her generous, affable and pre-possessing qualities, but also, her high gifted musical and melodious talent, was more than ordinary—above the average and would more than favorably compare with would-be professional critics and inspired adepts who arrogate to themselves, all that constitutes—voice, culture, melody, tune and taste, from the prelude and Jewsharp to the pianoforte, however, Mrs. Rev. H. A. Brown, as a songster, has materially and noticeably, elevated the standard of song, hymn and poem, in the Murray Harbor choir who took advantage of her instructions and musical leadership. On the eve of their departure from Murray Harbor, they were showered with numerous and valuable presents including a set of ebony brushes to Rev. Mr. Brown, the gift of the Teachers-Training class.
