THE QUEEN'S COUNTY GUARDIAN

Head Offices in New Prowse Block - Charlottetown.

Gordon Ives, Montague, is in the City.

Rev. Mr. McLean will conduct Divine service in Hampton at 11; Tryon 2:30 and Bonshaw at 7 o'clock on 15th.

Rev. A. D. McKenzie, missionary to Demerara, will conduct the service in Zion Church this evening.

A very pleasant social time was spent last evening by the members of the Alpha Rebekah and their friends in their lodge room.

The Rev. D. MacLean will preach at Lot 48 on Sabbath the 15th at 10:30 a. m.; Highfield 2:30 and in the People's church at 7 p. m.; Glasgow Road Monday the 16th at 7 p. m.

The oldest registered Monday night was two above zero and the warmest yesterday was thirteen above. At nine yesterday morning it was two and a half degrees above and at nine last night eleven above.

The P. E. Island Presbytery will conduct the Designation Service of Rev. William McLeod as Missioner in Hampton etc. in Hampton Presbyterian church at one o'clock on 15th. A collection for Presbytery Fund will be taken at service.

D. Montgomery, Alberton, P. E. I., and J. A. Thibault of Charlottetown, P. E. I. telegraphers have gone to Ottawa where they will interview the minister of railways with regard to an increase in salary. It will be remembered that this committee went to Ottawa some months ago on the same errand, but the interview was not granted on account of the minister being ill.

A most pleasant social, arranged by the Ladies Aid of the First Methodist Church of this City, took place last night in the church basement. There was a large attendance and at the reception which preceded the social many members of the congregation became acquainted with the pastor, Rev. H. E. Thomas. After the reception a fine program of entertainment was rendered. E. Higgs acting as chairman. The proceedings wound up with refreshments kindly provided for those present.

The circumstances of a rather pitiable case have come to light through the proceedings of the City Police Court. A young woman of this City, Hazel Galbraith, appeared charged by another young woman, named Corbett, who occupies part of the same house with having stolen some of the latter's wearing apparel. It appears that the accused was so much in need of clothes that it was with difficulty she could come sufficiently clad into Court. She was let off on promise of her good behaviour in future.

The Guardian learns that, owing to an attack of grippe, followed by rheumatism, and under the advice of his physician, Dr. Carruthers, His Honor the Master of the Rolls has applied for leave of absence for six months from the active duties of his office, and that on Monday evening last he received a telegram from the Secretary of State promptly granting the application. This is the first time during the seventeen years that Judge Hoggins has been on the Bench, that he has been absent on leave, and the holiday is well deserved. Nothing, however, could exceed the courtesy and promptness with which the application was received and acted upon by the Federal Government, as the request only reached Ottawa on Monday morning last, and on the afternoon of the same day telegrams were received from the Hon. R. W. Scott, Secretary of State, stating that leave had been granted, and that the order was returned to him immediately forwarded, and that in the meantime the Master of the Rolls was to act upon it.

At Wonderland last night one of the most magnificent programs that this house has yet provided, was greeted with a splendid success. Owing to the length of time required to set the stage and apparatus for Satan's Courtship, the Sours were compelled to postpone their grand scenic act until this evening. But as a consolation performance they separately appeared, and if their work of last night is not counted as their star work, there is a wonderful treat in store for theatre-goers when Satan's courtship is presented. In blackface comedy that is worth paying a high price for Jesse Sours is a star. He took the audience at once, and had to respond to three recalls, doing a difficult baton act as a final. Beatrice Sours worked as a trapeze performer. Charming and sweet in appearance, graceful and supple in every movement, she was perfectly at home in the distant trapeze one moment swinging from side, the next suspended by foot in mid air, her body answering every swing and more of the aerial support. She closed her act by suspending herself by the neck from the trapeze, and she demonstrated her self as one of the cleverest, most beautiful and daring aerial workers of the present age. Viola Wentworth was her own inimitable self -- the audience more than delighted with her, and her recall was so many that the pictures had to be put on, despite them. Miss Clifford always scores another notch towards the top in favor, and last night was simply splendid. Wonderland has a magnificent show this week, and tonight Satan's Courtship will, without fail, be put on by the above team, Jesse and Beatrice Sours.

The lecture in Grace church last evening by Rev. T. F. Fullerton on Robert Burns was well attended. The subject which was a choice one to the lecturer, was most clearly written and most pleasingly delivered, the excellent views adding greatly to the interest. At the close a vote of thanks was moved by Rev. Mr. White and seconded by Isaac Carter.

Advertisers are again reminded that their "changes" must be received at this office not later than one o'clock sharp and their business locals no later than three o'clock of each week, exclusive of statutory holidays, to insure insertion in next issue. All received later than the above hours will also appear when they do not interfere with the setting in type of the regular news of the day.

A number of sleigh loads of people from Church Hill, St. Catherine's and Nine Mile Creek, greatly surprised Rev. Daniel MacLean on last evening when they entered the home and presented the Rev. gentleman with a purse containing about seventy-five dollars as a gift. Mr. MacLean, who was much surprised over the affair made a few well spoken remarks and thanked the brethren for their kind remembrance. The happy company stayed for several hours and a very enjoyable time was spent. Mrs. MacLean with Miss Minnie soon prepared a very tasty repast, and the happy band returned to their homes feeling that they would survive the sleigh ride home. The address and the gift was nicely presented by Mr. MacNeill (teacher) St. Catherine's.

THE WAY TO BE WELL

Healthfulness of Oranges.

The one lesson which most people ever seem to learn is, how to guard their health.

We have been eating oranges since time immemorial, yet how many of us know that orange juice contains a medicinal principle which has a marked action on the stomach, bowels, kidneys and skin. Some physicians go so far as to say that they can cure the average case of indigestion, constipation, biliousness and dry skin with orange juice, and proper diet.

This can be easily proved to the satisfaction of any sufferer. Take the juice of one or two oranges every morning before breakfast, take one or two "Fruit-a-lives" every night at bed-time, exercise a reasonable care in diet, and the proof will be found in health.

The cure will be greatly assisted and hastened by taking "Fruit-a-lives" in conjunction with the orange juice. "Fruit-a-lives" are fruit juices in which the medicinal principle of oranges, apples, figs and prunes are many times increased by the special way in which they are combined. Then tonics are added and the whole made into tablets. "Fruit-a-lives" may be obtained at all dealers, or will be sent postpaid on receipt of price--25c a package for \$2.50. "Fruit-a-lives," Limited, Ottawa.

The Marshall's Automatic Brake Pipe Coupler, once installed will last as long as the car itself, besides there is no risk to the lives of men going between the cars to make coupling as with the Marshall's automatic Brake Coupler, there are no such couplings to be made.

The old style rubber hose couplings will not stand more than 70 pounds air pressure, whereas the Marshall's Automatic Brake Pipe Coupler being made of metal, will stand all the pressure the engineer has under his control.

The shares of stock of this company are now being offered at one dollar each per value, fully paid up and non-assessable, although they have had their stocks on the market but a few weeks, the sales have exceeded their most sanguine expectations.

Parties wishing to avail themselves of this proposition, can do so by making remittance to any bank of place of the old worn out ones, at an expense of over \$2.50 thus making an annual needless expense of over two million five hundred thousand dollars, whereas with the Marshall's \$1.00dw.
