

When One Cent Means \$400,000 Daily in Extra Earnings

EVERY time the retail price of gasoline goes up 1¢ a gallon, it means \$400,000 (based on an average daily consumption of 40,000,000 gallons) of additional income daily to the oil industry.

Since February 1, the price of gasoline has increased an average of 1/2¢ a gallon—which means \$600,000 added daily to the earnings of the oil companies.

Indications seem to point clearly to further increases in the price of gasoline—further increases in the income of the oil industry.

There is an unusually sound way in which you can profit from the increased prosperity of the oil industry:

temple set, 400 years old. The Japanese table and chair are especially fine pieces. On the stairway wall is seen framed a piece of the tapestry used to decorate Westminster Abbey for the coronation of King George and Queen Mary. Above it is hung a fine engraving of the scene in Westminster Abbey during the Jubilee celebration of Queen Victoria in 1887. Over the door are swords of the Franco-Prussian War. Beside the door is hung the set of chimes and a large bronze plaque. A painting of the interior of Fort Garry hangs above the fireplace.

Through the door is seen the dining-room which is paneled in mahogany. Part of the very fine set of pewters which Mrs. Campbell has collected is seen on the plate rail. The furniture is mahogany. A massive candelabra of silver stands on the table.

The library has been called a shrine of Sir John A. Macdonald. His picture hangs over the fireplace, which is of oak and blue tile. The bookcases which line the walls are also of oak. Above them on the wall facing the fireplace hang several rare pictures of the first prime minister of the Dominion of Canada. One of them is autographed, and at one time belonged to the late Hon. John Norquay. On this wall also hangs a facsimile of Magna Charta, with "seals of ye kings securities and shields of ye barons in arms." Busts of Burns, Dante, and Shakespeare are on the mantel amid family portraits.

Mrs. Haslam of New York, who came home on a short visit to her parents Mr. and Mrs. John Saunders for their 50th anniversary on Wednesday last, leaves this morning on return, accompanied by her mother who will be her guest for a few weeks.

The many friends of Mrs. R. V. Goodwill will be glad that she is convalescing nicely after her operation of a few weeks ago in the Royal Victoria Hospital.

It is with deepest sorrow and grief we chronicle the death of Mr. Charles Dawson, Albany, on Mr. and Mrs. Lemuel Dawson, at the early age of 24 years. It seems hard to part with one so young and in the prime of manhood. Just three weeks ago, Mr. and Mrs. Dawson lost their youngest daughter, which makes it so much harder to bear. "Charlie" as everybody called him, was only bedfast a few days. He steadily grew weaker until he peacefully slipped away. Mr. Ellis Bradshaw and daughter Miss Sadie, Middleton, was a visitor to Summerside last week. Come forth and cheer us, dainty May! Thy tender buds, in haste to blow, Are checked and chilled by frost and snow; We sigh for thee, both night and day. Then come and cheer us, gentle May! The poets shout thee to the skies, But lo! their murmuring fainting dies; This frozen in the cloudy grey,— New colder greetings welcome May, Then melt it, Love, and make it thine. And all shall hail thee, May divine!
