"Oh, I Cannot Eat. There is Not a Thing that I Want"
"BUt you will never gain strength if you do not eat."
"NO, I suppose not."
"WHAT did the Doctor say?"
"HE blames it all on my nerves; says my nervous system is exhausted and that I have nervous indigestion."
"DOES he think you will soon be better?"
"NO; he says I will have to be patient and let my digestive system rest and my nerves gradually regain vigor."
"WHAT is that?"
"i would start in right now with Dr. Chase's Nerve Food. I have been nursing on so many cases just like yours and have seen so many restored by using Dr. Chase's Nerve Food that I am sure it is just what you need to build up your nerves and make you well."
"I have heard lots of my friends tell about using Dr. Chase's Nerve Food when they get run down, but it never occurred to me to try it myself."
"Well, I certainly would try it if I were you. I have never seen such results as a treatment for the nerves from any other medicine."
"if you will go around to the drug store and get me a box I will start in right now. Goodness knows, I need something to build up the nervous system so that I can eat and sleep and get some strength."
"All right, I will do that, and I know you will thank me for suggesting it."
