The following is the text of the letter of sympathy addressed to the widow of the late Hon. George Simpson, of Bay View by the New London Court I. O. F.—

It having pleased the great Author of life, in his infinite wisdom, to remove from the scene of earthly activities your beloved partner in life and our late loved brother, we, the members of Court New London, No. 1188, Independent Order of Foresters, beg leave to tender you and your family our sincere sympathy in the great affliction through which you have been called to pass. We will miss his kindly greeting, his brotherly sympathy, his wise counsel and his valued assistance in our fraternal gatherings, as well as in all the walks of life, and though we sincerely mourn our great loss, we rejoice in the assurance that he has done his life work well, and now having gone to the High Court of the universe, he hears the "well done good and faithful servant" from the Great High Chief of the brotherhood of humanity.

"Nor blame we death because he bare the use of virtue out of earth. We know transplanted human worth will bloom to profit other here."

"For this alone our death we weep the wrath that gathers in our hearts, He put our lives so far apart. We cannot hear each other speak."

Again tendering you our heartfelt sympathy, and commending you to the tender care of our High Chief and Elder Brother, in Liberty, Benevolence and Concord, on behalf of Court New London, I. O. F. we subscribe ourselves,

At Halifax, on Monday afternoon on the Wanderers grounds Acadia College defeated the Wanderers by a score of 3 to 0. The afternoon was cold and threatening rain and as a consequence but few witnessed the game. To the spectators the game was for the most part uninteresting, as the ball got out but seldom to the half line. The strong point in the visit was their scrum which did excellent work and won for them the game. Ross and Barclay on the half line and both quarters of the Wanderers played a good game. As will be seen elsewhere there is a strong probability that the Abegweits of this city and the Wanderers will line up before long for a battle.

Keith's Magazine for November is, as usual, full of interesting material for the home builder. The opening article by Arthur C. Clausen gives three very interesting object lessons in present day architecture.

An article on interiors gives us glimpses into four charming living rooms which are full of suggestions.

Illustrations and house plans for seven different attractive homes are given in this number, together with complete descriptions.

The usual departments are of a special interest to the housewife at this season of the year.

One of the most difficult questions for the home builder is the treatment of walls and ceilings, especially the latter. This subject is handled to excellent advantage in the November "Keith's," continuing a series of articles on walling in the present year.

Something that is always of interest to the home builder is the personal experience of others in the same line in interesting experience of this nature is described and illustrated in this matter.

REVIEW OF KEITH'S MAGAZINE ON HOME BUILDING

CURED PAINFUL IRREGULARITIES.

Strong Testimony From a Lady Resident of Clarksburg. Proving that Ferrozone Surpasses all Other Remedies.

The health of many women is constantly imperilled through failure of certain organs to work according to nature's requirements.

Where this condition occurs there is no safer remedy to employ than Ferrozone, which has a specific action in female troubles.

Not only does it act directly on the organs, ensuring regularity and freedom from pain, but by forming rich red blood fortifies the system against weakening drains.

Ferrozone possesses a volume of merit totally absent in the ordinary medicine, and its superiority to strong women is proclaimed by thousands of women who have restored to vigorous health.

From Mrs. F. G. Caldwell, owner the following endorsement, written from her home in Clarksburg: "I went through a most trying experience, with what is commonly known as 'Female Trouble.' It isn't necessary to state my symptoms, but I suffered a great deal. My health was well nigh ruined, and I got into such a condition that I couldn't even sleep. I was dreadfully nervous, weak and pale. Different prescriptions were recommended and I tried them. But Ferrozone was the first to help. I improved steadily under Ferrozone and normal conditions were finally established. I gained weight, my color and spirits improved, and my former health was restored. Ferrozone cured me and with a full heart I recommend this good medicine to all other women. Beware of imitations—don't allow a druggist to palm off anything else for Ferrozone, which costs 50c. per box or six boxes for \$2.50 at all dealers."
