

# WEAK, NERVOUS WOMEN FIND NEW STRENGTH

## After Taking Lydia E. Pinkham's Vegetable Compound

MRS. T. BARRITT  
Aubois Mines, Box 114, P. Quebec

### Run-Down Condition

"I took Lydia E. Pinkham's Vegetable Compound for a weakness of the female organs and for a nervous and run-down condition and got good results from it. I was sick for five years and I saw about the Vegetable Compound in the little booklets you send out. It is a good medicine and has given me a wonderful appetite. I have also taken your Pills for Constipation. I recommend the Vegetable Compound for all women and am willing to answer any letters asking about it."—Mrs. J. E. MARSHALL, Box 25, Hampton, Nova Scotia.

Get a bottle from your druggist to-day.

"After the birth of my second child I was always feeling tired, nervous and weak and had headaches, backaches and terrible pains every month. I suffered two years before I tried Lydia's day.

Balsa, the tropical wood that is the lightest known, has been found very valuable as insulation against both heat and cold.

Without removal brake drums on an automobile can be resurfaced with a new machine that is operated by the car's power.

### Daily Selections FOR Guardian Readers

July 11, 1928

**EQUALITY BEFORE GOD**—The rich and poor meet together: The Lord is the maker of them all. Prov. 22:2.

**PRAYER**—We thank Thee, Lord, that Thou hast made of one blood all that dwell upon the face of the earth.

### HAPPY LAND

There's hope and joy—so I understand, If you'll take a journey to Happiness Land!

There are flowers in the hedges for all to see, There are birds which sing in each leafy tree:

There are jolly smiles—and the glint of the sun— And never a frown—nor, a sneer— not one!

But everything's glad with a gladness grand, If you'll take a journey to Happiness Land!

There are just these things that you all must do! You must listen for carol and chant and psalm:

You must search for blossoms of beauty and balm! You must open your heart—till its message of love

Is frank and sweet as the skies above. And, gripping your neighbor with friendly hand, You'll pull him along into Happiness Land!

—Happy Mag.

### Presbyterian Summer School

The Presbyterian Summer School and Missionary Conference under the auspices of the Prince Edward Island Presbytery will be held on the Y. M. C. A. Grounds, Canoe Cove, August 6th—13th. All Ministers and Student Catechists, Sunday School Superintendents and Teachers and all Missionary Workers and Young People over sixteen years of age are urged to be present.

The School will be under the direction of Rev. W. M. Kannawin, D. D., Toronto. Send in names to Rev. R. Hensley Staver, Hunter River, Clerk of Presbytery at the earliest possible date.

Folders with full particulars are being sent to all Presbyterian Churches and Sunday Schools.

### Pilgrimage To France And Flanders

LONDON, July 9.—The Prince of Wales will take part in the pilgrimage of the British Legion to France and Flanders in August. The Prince will make his headquarters at Lille, and among the other distinguished visitors staying there will be Marshal Foch, Marshal Petain, General Gouraud, General Weygand, Admiral Jellicoe, President of the British Legion, Countess Haig and her son.

Altogether there will be 11,000 pilgrims from the British Isles and the Dominions. Ceremonies of homal opening of the pilgrimage on the 14th anniversary of Britain's entry into the war, and the 20 parties to leave England during Sunday, August 5, will proceed to towns and cities in France and Belgium, mostly on the Somme battlefields.

A great concentration memorial service and parade will be held on August 8th at Ypres, and it will not be possible to accommodate anyone in the town on that day with the exception of the inhabitants and the pilgrims, and no one will be admitted without the printed pass of the British Legion. The scene of the concentration will be the Menin Gate Memorial, where the Prince of Wales will lay a wreath after the service and all of the pilgrims will march past his Royal Highness, later commencing their return journey.

### Reply To U. S. Note Will Soon Be Forwarded

(Special to the Guardian) LONDON, July 9. — Sir Austen Chamberlain, Secretary to the Foreign Office, assured the House of Commons today that there would be no unnecessary loss of time in replying to the latest United States note on the anti-war pact. Conventions with the Dominions, the foreign secretary explained were by no means yet complete.

### Tennis

After a brisk game of tennis prevent stiffness by using Minard's

Minard's Liniment for insect bites.

## WESTERN CROP REPORT

(Special to the Guardian) MONCTON, N. B., July 9.—With the daily showers and warm weather which has prevailed throughout the whole of Western Canada, during the past week crops of all kinds have made remarkable progress. A few local districts in the South-eastern part of Manitoba report some damage from excessive rainfall. At Three Hills, Alberta, and in the Carman to Belmont, Manitoba districts, there has been slight damage from hail. Wheat is reported as well advanced in the spot blade and some districts throughout the central parts of Saskatchewan report it fully headed out to the extent of 80 per cent and present indications are that it will be a heavy crop.

Coarse grains are also making rapid growth and a few districts in central Manitoba report barley heading out. Fall rye which at present bids fair to be a record crop is expected to harvest two weeks earlier than last year. With the exception of a few local districts in North Western Manitoba and Central Saskatchewan, which report some growth of weeds in last year's summer fallow, there does not appear to be any loss through weed trouble.

At Craik and Bienfait, Saskatchewan, some sign of rust is reported but in neither district is it considered serious. Owing to favorable conditions for breaking there is considerable new land being brought under cultivation throughout the Prairie districts of Central Saskatchewan and Alberta. Northern and Central Alberta report excellent hay crops which are also very promising; throughout Manitoba and Saskatchewan.

Present reports from all districts would indicate that there is sufficient moisture at the present time to last for three weeks and that only warm weather is needed for the development of crops in order that they may mature properly without excessive growth which might have a tendency to delay maturing in the proper season.

At the present time optimism prevails among the farmers in Western Canada and with favorable weather conditions everything points to a record crop.

### GLADSTONE NOTES

The annual examination of the Gladstone School was held on Friday, June 29th. Besides the pupils nearly twenty parents and visitors were present. The pupils were examined in their studies by their teacher Miss A. Mabey and showed a good knowledge of the subjects taught. The children entertained the visitors by an excellent programme. Mr. A. E. Richards presiding. The following was the programme.

Chorus, O Canada; Recitation by Edward Mutari; Recitation by Harry MacKay; Dialogue, Red, White and Blue by four boys; Recitation by Josephine Kirby; Recitation by Muriel MacKay; Recitation by Lea Louie Cuddy; Chorus, Welcome; Dialogue, A Boy and a Swallow by E. Richards and G. MacKay; Recitation by Milton Livingston; Recitation by Ernest Richards; Dialogue, June by 4 scholars; Recitation by John Kirby; Recitation by Gordon MacKay; Dialogue, Canada East and West by 11 scholars; Chorus, Closing Day. Candy was provided by Miss Mabey and Miss M. Richards.

Miss Muriel MacKay received a prize for perfect attendance and Miss Josephine Kirby second prize for good attendance.

John Kirby received a P. S. Certificate. Complimentary remarks were made by Mr. A. E. Richards and Mrs. J. M. Penny and a vote of thanks was tendered the teachers and pupils for their excellent programme rendered. The singing of the National Anthem brought an enjoyable meeting to a close.

The stork visited Gladstone Tuesday, July 3rd leaving a fine baby girl at the home of Mr. and Mrs. C. W. Cuddy.

The many friends of Mrs. Isaac Kirby are pleased to know that she is recovering from her recent illness.

Miss Janet Richards is spending a few days at home, after spending the winter in Lower Montague.

Messrs. G. MacKay & H. Fraser are visiting friends and relatives in Gladstone and vicinity.

Mrs. A. McKay who has been visiting her parents in Greek River, has returned home.

Mr. Ernest Kirby is busy hauling gravel for the Murray River School house.

### Death Of Bank President's Wife

(Canadian Press) TORONTO, July 9.—Mrs. Matilda Ana Moore, wife of Samuel J. Moore, President of the Bank of Nova Scotia, died here from heart failure yesterday afternoon after a week's illness.

A captain operated by compressed air has been invented to handle the hawsers of ships and the heavy hose used in transferring oil to and from vessels.

A process has been developed in Belgium for producing thinner plate glass than formerly, reducing the material to be ground away and lessening the polishing costs.

## Improves Stock With P. E. Island Trout

(Special to the Guardian) WAREHAM, Mass., July 9.—H. L. Hatch, proprietor of one of the largest trout hatcheries in the world, has found that introduction of trout from Prince Edward Island has greatly improved his stock.

Much of this improvement, according to Hatch, is to be seen in the delicate pink tinge coloring the underpart of the fish now in his hatchery and the waters he has stocked.

Handy annually raises hundreds of thousands of trout and at the present time there are over 200,000 trout ranging in size from five to ten inches in his hatchery. Feeding the horde of rainbow fish is no small problem. Handy says the larger fish consume four tons of smaller fish and fish weekly. The smaller fish, those newly hatched and up to fingerling size, are fed liver, ground to almost liquid consistency. This is introduced into the clear, cold water absolutely necessary to trout.

### NATIVE WINE TAX TO BE ABOLISHED

According to representations on behalf of grape-growers of the province, the Ontario Government, it is understood, is now prepared to relinquish its tax of 50 cents a gallon on domestic wines. Such a change would be effective only at end of the fiscal year, and no action is necessary at the moment, but an official announcement is expected in due course.

Government liquor stores make a profit of 31 1/2 cents, which with the luxury tax amounts to 81 1/2 cents, it was stated in the Legislature last session by T. J. Mahoney, South Wentworth, who pointed out that manufacturers sell the wine to the Control Board at 65 cents a gallon. In other words, the province made a profit of 15 per cent on a product which was entirely that of Ontario.

### Larger Acreage Available.

Quebec takes about 800,000 gallons a year of Ontario wine, as compared with 400,000 gallons used in this province. Australia pays a subsidy of 75 cents a gallon on export wine, and as result of this and the Empire preference there is now 110,000 acres of vineyard in Australia.

Ontario has 50,000 acres, and it was estimated by Mr. Mahoney that the province has along Lake Erie another 50,000 acres which could be utilized for the crop if the industry were encouraged.

### Not Denied By Ministers

Ministers spoken to did not deny the likelihood of the tax being abolished.

"We can give no assurance as to what may take place," said Hon. Dr. Monteith, Provincial Treasurer. "The Government has not under contemplation any change in the situation at the present time."

### In Memoriam CHARLES DAWSON

In the early evening of Monday, April 30th, Charles Dawson, the youngest son of Mr. and Mrs. Lemuel Dawson, Albany, passed peacefully away at the early age of 24 years.

The deceased had never been possessed of a very robust constitution and yet up until less than three months ago no one ever thought of his not being able to tend to his work. In the month of February last he was taken down with a heavy cold but for some weeks he paid but little attention to it. As the weeks went by he found that it was getting more deeply rooted until when the doctor was called in he found that there was very little hope of his recovery.

His loved ones hoped that with the return of spring his health would be restored to him but in the providence of God it was willed otherwise. His strength gradually waned until on the eve mentioned his gentle spirit winged its homeward flight.

Besides a sorrowing father and mother, Charles leaves to mourn the loss of a kind and loving brother, two half-brothers and one half-sister and two full brothers and three full sisters.

The half-brothers are Frank Dawson and Major Dawson, New York and the half-sister is Mrs. Augustus Waddell, Tryon, and the full brothers are Murdock Dawson and Shubert Dawson, Albany, and the full sisters are Mrs. Albert Brown, New York, and Misses Christie Dawson and Sadie Dawson at home.

Charles, who was a general favorite with all who knew him will be much missed by his many friends and admirers. By his gentle spirit and kindly manner he endeared himself to all.

Death is sad when it comes at any time but is especially so when the young are called away, and to Mr. and Mrs. Lemuel Dawson such came at this time with a double sadness, because only three weeks before they were called upon to mourn the loss of their loving daughter, Miss Margaret Dawson.

But even in the midst of their great sorrows of life, if we believe that God is all-wise and kind we must believe that all things work together for our good and for His glory. With faith in the goodness and the love of God, the loved ones bow in submission to the Divine decree saying, "Not our will but Thy, but Thine be done."

During his somewhat prolonged illness Charles was very patient. He bore his sufferings with great calmness and Christian fortitude. As the end drew near he was still calm and unmoved. His faith in the great all-wise father, whose love never falleth was unshaken. He passed away as one falling into a deep and peaceful sleep.

The funeral which was one of the largest ever seen in this section of P. E. Island, was held on the afternoon of Wednesday, May 2nd. The service was conducted by Rev. R. Hensley Staver, assisted by Rev. George Somers. The floral tributes were beautiful and consisted of the following:

Pillow—The Family. Crescents—Major Dawson and Mr. and Mrs. Albert Brown, New York. Spray—Mr. and Mrs. Charles McKenzie and family. The pall bearers were: Messrs. Arthur McKay, Frank McKay, Ambrose Noonan, Raymond Cameron, Lorne Cameron and Basil Sherry. Interment was in the Church of Scotland Cemetery, Cape Traverse.

# Fired!

THE blow has fallen! Fired—he knew it was coming. He had seen it in the manager's face for many weeks. He knew he was slipping and tried desperately to put new vim in his job. But 'twas no use. Too old!

His pittance in the savings bank won't last long—and then, the frantic search for another job that may not be found. He was always going to take out a policy to protect his old age but never did it.

No man ever saves in the future— he has to start now—or he will be broke to the day of his death.

A Retirement Income Policy in The Imperial Life is the answer to the problem: what will become of me when I am old? Moderate annual deposits are really easy to make during your years of good earnings. Protection for your family should you die and a regular monthly income for your later years,—or if you should become totally disabled,—are additional benefits.

### New Auxiliary Organized

On Monday afternoon, July 9th, an enthusiastic meeting of a number of the ladies of the surrounding districts was held in the Protestant Orphanage, Mt. Herbert. Some ladies were out from Charlottetown, and Mrs. Edgar Hearty, East Royal, President of the Provincial Ladies Auxiliary of the Protestant Orphanage spoke on the work of that organization.

It was organized with the following officers:—President, Mrs. Malcolm McDonald, Mermaid; Vice President, Mrs. Percy Mutch, Mt. Herbert; Secy., Mrs. John McDonald, Bannockburn, Mt. Herbert. Treasurer, Mrs. James Munn, Mt. Herbert.

It was decided to hold the opening meeting in the Orphanage Tuesday, July 17th, at 8 p. m.

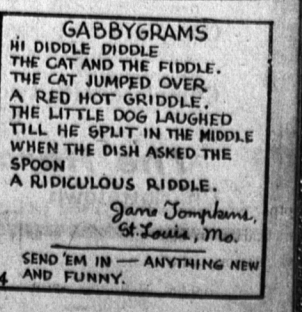

To be built into the wall of a room a cabinet has been designed to hold a man's neckties and collars, having a drawer for buttons and jewelry and a mirror on its door.
