WE APPRECIATE YOUR PATRONAGE

Address And Presentation

On the evening of May 14th the people of Kingston gathered at the Hall to do honor to the following boys from the district who so valiantly answered their country's call and did their part wherever duty called— Dr. Ray Barrett, Earl Docherty, Ralph Green, Wilbur Willis, Harvey Newson, Maurice Cahill, Merrill Green, Clyde Holmes and John Docherty.

Rev. J. R. Skinner acted as chairman. He explained the purpose of the gathering, and spoke fitting words of remembrance for Eugene Clow who made the supreme sacrifice.

After the singing of "O Canada," Mrs. Horace Willis called the roll mentioning Robert Younker who has not yet returned from overseas.

The speakers for the evening were Mr. J. Walker of the Canadian Legion, Col. Thompson and Mr. Walter Shaw. Mr. George Beers entertained by singing.

The chairman then called upon Mrs. Horace Willis to read an address while Mrs. Calvin Holmes and Miss Joyce Willis presented each boy with a signet ring.

Dr. Ray Barrett on behalf of the boys made a fitting reply. Wilbur Willis and John Docherty also spoke words of thanks. After the singing of the National Anthem, a dainty lunch was served by the ladies.

The following is the address.

Dr. Ray Barrett, Earl Docherty, Ralph Green, Wilbur Willis, Maurice Cahill, Harvey Newson, Merrill Green Clyde Holmes, John Docherty.

Dear Friends,

It is with a feeling of great pleasure that we, your friends and neighbours, have assembled here tonight to celebrate this very special occasion.

We extend to you all our heartiest congratulations that kind Providence has brought you back safe and sound from the various theatres of war. To the one who has not yet returned, we wish a safe return.

We deeply appreciate your offering yourselves — even your very lives—to defend our country and people.

We realize the years you have spent in warfare have not been pleasant but life has dark intervals which make us appreciate the bright ones more, and whatever your hardships, God has been kind to you all, and spared you to return to your families and friends.

Our joy and gladness at seeing you home with us once more is tempered with sadness when we think of the many homes bereaved of their loved ones. We to not forget the one from our midst, who so gallantry has paid the supreme sacrifice.

But we most not dwell to long on the dark pictures of war. We hope that never again will the people of the world be called opon to face the dangers and trials of war.

Now we ask you to accept these gifts as a slight token of our esteem. We would ask you to receive them as an expression of our admiration and goodwill. Our appreciation of what you have done for us is too deep for words and will ever live in our memory.

To each and every one of you, we wish the happiness and success which you have so rightly earned.

Signed on behalf of the people of Kingston.

TORONTO, Ont., May 19 — At the second Canadian Internationla Color Slide Exhibition of Photography, held recently at the Art Gallery here, under the sponsorship of the Toronto Camera Club, 728 photographic slides were entered by Canadian photographers, of which 135 were accepted for the salon. From the United States, 448 were accepted out of 2,172. Mexico sent six and had two shown. Jasper National Park was well represented. Of the eight slides from Alberta that were exhibited, six were made from photographs taken in this section of the Canadian Rockies. Charles V. Phillips, chief game warden of Jasper Park, had four accepted—a view of Dome Glacier, photographs of a mountain trail, a silver brich and a Rocky Mountain sheep. Other entries included photos of "Maligne River", "The Ramparts", Mount Edith Cavell and Athabaska Glacier, all taken in Canada's largest national park.

Veterans' Training —News and Views

The number of Island Veterans in training under the Dominion-Provincial joint project has been increasing by leaps and bounds during the past few months. As you may note from the following summary, the co-operation of Island employers in training on-the-job has been excellent. This, plus the many training opportunities, offered us by the Provinces of New Brunswick, Nova Scotia, Ontario and Quebec accounts for the steady increase observed recently. Right here it may be well to point out that the training centres in other Provinces are set up to accommodate applicants from their own area and it is only through the courtesy of Provincial authorities that we are able to place applicants in these classes. This fact might explain to some veterans the long delay they are experiencing in obtaining courses they have requested. As of May 7th, there were 221 Islanders in training in 62 different trades. Of this number, 137 were taking training in P. E. I., 25 in Nova Scotia, 39 in New Brunswick, 11 in Ontario, 8 in Quebec and 1 in U. S. A. This does not include the 67 students taking pre-matriculation training, 17 of them in the C. V. T. Tutorial Class and 50 at P. W. C. Nor does it include the substantial numbers undertaking articled training in Law, Pharmacy, Chartered Accountancy, Nursing, etc. There is also quite a few Island veterans training in other Provinces of whom we have not records as they made their applications in these Provinces. All in all, it is good to see so many interested in becoming skilled tradesmen. It augurs well for the future of vocational training in this Province, a type of educational training neglected in the past.

On Thursday, May 9th, the local Students' Veteran's Organization, drawn from the "Vets" attending P. W. C. and S. D. U. met in conference in the City Council Chambers. Summer employment was the main topic of discussion. A committee was named to co-ordinate their efforts in this regard headed by Mr. Alphonsus Keefe, P. W. C. student. Student veterans seeking summer jobs are to register with them. Following dissolution of classes a canvass will be made among employers. It is hoped that the public will give their needs sympathetic attention, particularly since their allowances are cut off during this period and they are no longer eligible for the "pogy" or out-of-work benefits.

We must refer again to the lack of applicants for an excellent course being offered us by the Province of Quebec. This is their course in Hotel Management and Catering, which by all accounts, is very good. We have been granted ten vacancies and so far but three veterans have applied. It is felt that with the future of the tourist industry in this Province as bright as it seems, many veterans with an eye to the future could profit immensely from such training. So, come on, fellows! Go in and talk it over with your friend, Dan Bell, at D. V. A. He will explain the set-up and if you don't like it—no harm done.

It is with regret that we announce the cancellation of our proposed course in Salesmanship. The lack of applicants made it impossible to set up this course, except on a very temporary basis which prevented us from obtaining the services of a capable instructor.

The training branch of our local D. V. A. have forwarded recently to all veterans awaiting training an inquiry regarding their continued willingness to accept training. We understand this will be a regular feature of their future procedure, and they wish to point out that applicants failing to answer within seven days will be stricken from the rolls.

MacDonald College in Montreal is offering a course in Rural Repair work which should appeal to any of our rural veterans thinking of starting a repair shop catering to the farming community. It is understood that carriage building, machinery repair, tractor maintenance and all items of rural repair work will be covered in this syllabus. Any veterans interested should contact the local office of the Department of Veterans' Affairs.

A recent addition to the training staff of our C. V. T. school is Mr. Cyril Lambourn, Kensington, P. E. I. Mr. Lambourn has taken over the instruction in Draughting for our Carpentry Class. He is a native of England and was educated there. He served with the R. A. F. from 1935 to 1946.

The genial Chief Executive of C. V. T., Major Howard Court, left the Province last Tuesday to attend the annual convention of the Canadian Legion in Quebec City. He will be absent for about two weeks. C. V. T. staff wish him a very pleasant stay in old Quebec.

Energetic Doug. "Small Fry" MacLennan, ex-F/O R.C.A.F., now a student in C. V. T. Tutorial has organized a softball team from among his fellow inmates. The "Boys" first encounter with Ed Bagnall's P. W. C. squad ended in defeat, but by a very narrow margin. The "Atomic Invaders" as they have named themselves, are out for vengeance—so look out, Roughriders!

Mr. E. S. Chandler, Superintendent of C. V. T. Workshops, and Mr. Leo Chaisson, our Purchasing Agent, have moved their office to the new Technical Building. It is expected that all our vocational classes will be in there 'ere long.

Clarence W. E. Foster, our Field Representative for Charlottetown, has been arranging an unusual number of contracts for T. O. J. lately. Perhaps its just spring fever, but we know better—eh Jack!

One of the large blacksmithing establishments in the City are willing to train a veteran in their craft which includes Welding of all types and Carriage Building and Repair. However, the veteran must be willing to accept a permanent position with the firm. This is an excellent opportunity for the right man. Veterans desiring information contact the Training Branch, D.V.A.

Among those starting the C. V. T. sponsored training recently are the following: L. J. Duffy in Well Drilling with Douglas Brothers; J. H Gallant in Motor Mechanics with Martin's Garage; William J. Rooth in Motor Mechanics with Duvar's Garage; Miss Ann Hyde in Commercial work with the Union Commercial College.

THE KIRK PULPIT

Preaching last evening at the Service of Solemn Thanksgiving for the Sacrament of Holy Communion celebrated earlier in the day, the Minister, the Rev. T. H. Bussell Somers, said: In this present world of shadows and of sorrow, have we not often longed for an authoritative voice? Are there not mysteries on every hand of us, that press with a terrible insistence on our hearts? And men try to explain these things to us, and such men may be taught of God, yet the noblest explanation leaves a ring of cloud so vast, that we can only bow the head and say, Now we know in part and see in part. It is true that God does not leave us in the darkness—His word is a light unto our feet. When we trust Him there is always light for the next step and it is the next step that is the road to glory.

Still, there remains much doubt and much uncertainty, baffling us and sometimes overwhelming us, and these always will remain till one who knows us thoroughly speaks to us from the very centre of authority. That is the meaning of the Lamb in the midst of the Throne. Before the mountains were created or the hills were formed, that throne was there. From it the worlds were created; from it the nations were fashioned; from it has gone forth the plan of every life. Every shadow was foreseen there, every tear and every grave—and from the midst of that throne the Lamb shall feed them. Does not that illuminate the joy that cometh in the morning? Does it not assure us that we shall be satisfied?

With such thoughts we close another Sacrament Season as we give thanks again to God for the bread and wine, which are the symbols and pledges of the Lamb, the spotless Lamb of God.

In Memoriam

MRS. ROBERT B. MacLEOD

Many friends will learn with regret of the passing of Mrs. Robt. B. MacLeod, French River, aged and respected resident.

She leaves to mourn, four children, Pearl, Mrs. J. A. Campbell, California; Myrtle, Mrs. D.T. MacNeill, Detroit; Ira W., of French River, and Ivan, near Winnipeg. One son, Capt. Geo. MacLeod was lost at sea some years ago; also fourteen grand children and eleven great grand children.

Mrs. MacNeill came from Detroit and tenderly cared for her mother during her last illness.

The funeral service, which was largely attended, was conducted by the Rev. J. A. McGowan.

Mrs. MacLeod was laid to rest in the Geddie Memorial Cemetery beside her husband who predeceased her some thirty-seven years. Hymns sung were "Asleep In Jesus", "The Lord's My Shepherd" and "Abide With Me". Mrs. McAdam, a niece, sang very beautifully a favorite hymn of the deceased, "Oh That Will Be Glory."

The pallbearers were Messrs. Walford McEwen, Claud McEwen, Everett MacLeod, Wm. Bernard, Geo. Ferguson and Eliphalet Howatt.

"Till the day breaks and the shadows flee away."

OLD SCOTTISH ESTATE FOR NATIONAL TRUST

HUNTLEY, Scotland, May 19—(CP)—Leith Hall, Aberdeenshire seat of the chief of Clan Leith for nearly three centuries, has been presented to the National Trust for Scotland by Hon. Mrs. Leith-Hay because the male line of her family became extinct with the death of her son in the war.

The house will continue to be used as a residence but the public will have access to some rooms and will be able to see family portraits and heirlooms from Stuart times.

George III

SIGNED THE CHARTER FOR CANADA'S FIRST UNIVERSITY

RECOGNIZED as the oldest university in Canada, King's College, then at Windsor, N.S., was granted a Royal Charter by King George III in 1802. The college had been founded 14 years earlier, by act of the Nova Scotia legislature.

Your signature on a Canada Life Assurance contract can guarantee the advantages of a college education for your children, even if unforeseen events should take you away from them before they reach college age.

Whether your immediate problem is to provide funds for educational purposes, for family income protection, or for your own retirement income, your Canada Life representative can help you arrange the right kind of insurance contract to do the job most efficiently.

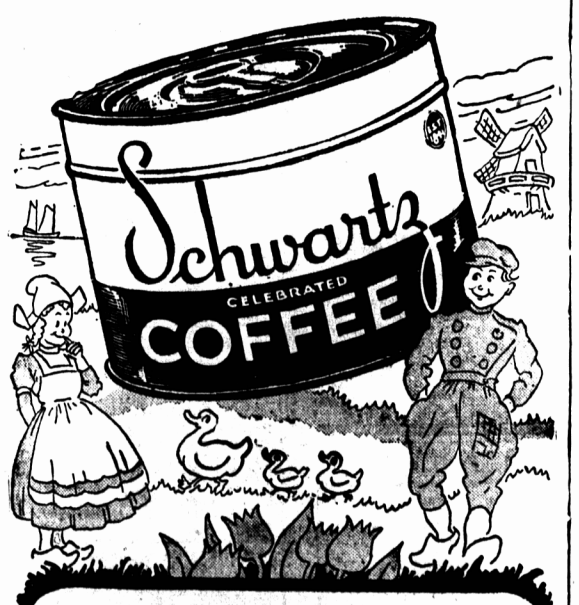
BRIGHTER TOMORROWS FOR YOU AND YOURS



SCHWARTZ SATISFIES THE Exacting!

WHEN the connoisseur calls the roll of the best-known coffees and comes to Schwartz he pauses appreciatively and says: "Now there IS a fruly fine Coffee." Even more flattering will be his comment when he tries the new Thermalo roast Schwartz has lately introduced.

The Thermalo method gives a cup that is noticeably clearer . . . richer in flavor . . . fuller in body . and deeper in aroma. That's because every bean is given a COMPLETE ROAST inside and out.

Enjoy this fine coffee at its best in the Schwartz vacuum-packed and flavor-sealed tin. Get a pound today. Make it the Schwartz way and you'll have "the cup you can't forget!"

But say Schwartz and be Sure!

IMPORTANT: In all tires today, regardless of make, correct inflation is essential for maximum mileage and service. Consult your Goodyear dealer for proper pressure.

● Driving over the holiday? Play safe! Make sure you replace your worn tires with Goodyears . . . for all makes of tires are not alike, not by a long shot. Goodyear's greater experience in building millions more tires than any other manufacturer makes Goodyears better . . . better by far. They give you greater resistance to skidding . . . greater blow-out protection . . . greater mileage.

Make sure of these plus features . . . see your Goodyear dealer . . . today.

No other tire—at any price gives you ALL these six advantages:

1. 4-way, non-skid diamond tread—for greater safety.
2. Cut-resisting compression tread—for longer wear.
3. Patented Supertwist cord—for blow-out protection.
4. Buttressed sidewalls—for greater strength.
5. Self-cooling criss-cross ventilating tread channels—for greater mileage.
6. Goodyear research, skill and experience—for long, trouble-free service.
