 beaten at the close with 76 runs.

**Great Britain Faces
 Labor Strike**

(By Edwin Johnson, Canadian
 Press Staff Writer)
 LONDON, Dec. 2.—Great Britain,
 within recent years free from
 industrial upheavals, faces the
 prospect of a winter's siege of lab-
 or or strife. Already the warning sig-
 nals have been heard on several
 fronts with trade unions represent-
 ing more than 2,500,000 workers
 formulating demands for increas-
 ed wages and a general review of
 working conditions.
 The most powerful unions seek-
 ing revision of agreements embrace
 railwaymen, engineering and kind-
 red trades, ship-building workers
 and the midland herry trade.
 Negotiations have been in progress
 for several weeks, but preliminary
 skirmishes give little hope of
 speedy settlement.
 It is generally agreed there is no
 danger of a general tie-up while
 machinery of conciliation and arbi-
 tration remains in operation, but
 industrialists and labor leaders
 alike fear the possibility of a de-
 feat. Both sides recalled the dread
 consequences of dislocation
 about major clash—the general
 strike of 1926, and are anxious to
 avert the worst of moments.
 At present the nearest approach
 to a deadlock has developed over
 the demands made by the three
 railway unions, the National
 Society of Railway Employees and
 Society of Locomotive Engineers and
 Firemen and Railway Clerks
 Association. Representing about
 600,000 employes these unions are
 demanding a minimum wage of 50
 shillings (\$11.70) a week, 12 days'
 annual holiday with pay and a 40-
 hour working week for railway
 workers.

The railway companies, estimat-
 ing the wage demands would cost
 them an additional \$675,000 a
 year, rejected the claim. The dis-
 pute was then referred to the rail-
 way staff national council, but to
 no avail and the union has now
 decided to appeal to the final
 court, the national tribunal which
 will meet early in the new year.
 The tribunal is composed of Sir
 Arthur Saker, independent mem-
 ber of Parliament, as chairman,
 and two commissioners not associ-
 ated with the railway industry.
 Its findings, however, are not bind-
 ing on the parties.
 Not only do the railway com-
 panies oppose the union demand,
 but have given notice they will
 apply for relief regarding labor
 costs unless revenues reflect ma-
 terial improvement for the last
 quarter of the current year.
 For the first nine months of the
 present year, the companies claim
 to have lost on an average of \$112,-
 000 per week compared with the
 year's revenue. They estimate the
 net revenue for 1938 will not ex-
 ceed \$30,000,000, although the
 standard envisaged by the rail-
 way act of 1921 was fixed at \$50,-
 000,000.
 It is lack of freight, not pas-
 sengers, that is hitting the rail-
 ways. Instead of carrying 330,000,-
 000 tons of merchandise—their car-
 rity load—they don't expect to
 carry more than 280,000,000 tons
 this year. They attribute the drop
 to inroads of motor transport,
 as a means of relieving this sit-
 uation, the railway companies have
 asked transport Minister Burgin to
 grant them freedom from all leg-

**Prices Fluctuate
 On N. Y. Market**

(By Frederick Gardner, Associated
 Press Financial Writer)
 NEW YORK, Dec. 7.—The stock
 market scurried back into its rut
 today after popping out for a fore-
 noon rally.
 Leaders for a while looked as if
 they were off on a worth-while re-
 recovery. Steel, motor, copper shares
 and other industrials were bid up
 as much as 2 points but demand
 petered out around noon and the
 market sank again.
 Final prices were mixed and
 little changed on the average. A
 five-point break in Devoe & Rey-
 nolds 'A' following omission of
 the dividend on the common, stir-
 red the market toward the close.
 The Associated Press composite
 price of 60 stocks ended at 57.7 up
 2 of a point.
 Expectations of new appropri-
 ations in the next session of Con-
 gress for expanded air defense and
 of more industrial improvement in
 1939 directed speculation for the
 rise into aircraft, steels, motors
 and miscellaneous industrials.
 Canadian issues were generally
 steady. Fractionally improved were
 Dominion Stores, International
 Nickel, McIntyre, Walkers, Lake
 Shore and Massey Harris. Distil-
 lers, Dome, Industrial Alcohol and
 Ford were easy.
 Transactions totalled 1,104,800
