### THE RECENT JAPANESE DISASTER.

One of the most thrilling and instructive stories written in recent years is contained in the official report of Captain S. Robinson, R. N. R., commander of the Canadian Pacific S. S. "Empress of Australia," on the Japanese earthquake, the fire and subsequent relief operations issued in booklet form by the Canadian Pacific Steamships, Ltd.

In the vernacular of the bridge, Captain Robinson relates the incidents of the disaster as they were brought to his notice, from noon of Saturday, September 1st, when, as his ship was preparing to leave the dock at Yokohama, the first earthquake took place, until Sept. 12th, when, after encountering innumerable difficulties—a fouled propeller, a sea of bruining oil—and serving as a hospital and relief ship for the earthquake sufferers, the "Australia" left the stricken Orient for Vancouver.

Stories of Captain Robinson's heroism, outstanding seamanship

with which he upheld the traditions of the Royal Navy Reserve, and consideration for the sufferings of great personal cost and effort have been accorded a little of the publicity which is their due, but the Captain's report is modest in the extreme, and although one can glean from it some of the great problems which presented themselves to him, the "hero of the disaster" reports only the good works executed by those identified with relief work. It is, therefore, fitting that the Company should include in the booklet letters addressed to the Captain by the refugees, passengers on the ship and the American relief committee, in recognition and appreciation of his skilful handling of the many critical situations which presented themselves.

The report is an historical document, recording the greatest natural disaster known to man, and certainly no library will be complete without a copy of the booklet which can be obtained without charge from the Canadian Pacific Offices at Montreal.

### Mothers know a dose of DR. CALDWELL'S LAXATIVE SYRUP PEPSIN Will keep them fit

**'First Aid' For Sick Children**

THE experienced mother is not alarmed when a child becomes sick. She knows that most of the ailments of childhood are trifling. If it seems serious she calls a doctor, but whether or not she calls him, she gives, first of all, a good laxative medicine. The doctor would advise that anyway. It is his "first aid." Such experienced mothers as Mrs. G. R. Paquette, Pierreville, Que., and Mrs. J. F. Beale, 325 Johnson Av., Winnipeg, always give Dr. Caldwell's Laxative Syrup Pepsin at the first indication of sickness. Such timely doses have saved them much worry.

**The Meaning of "Good"**

All doctors agree that a thorough cleaning out of the bowels is of first importance for it removes dangerous intestinal poisons. They will also advise a "good laxative," and by "good" they mean one that is effective and yet harmless. They know that there are physics that never should be given to children—calomel, which is mercury and loosens the teeth; phenolphthalein, a coal-tar drug that causes skin trouble; salts, which con-

centrate the blood and dry up the saliva. They consider Dr. Caldwell's Laxative Syrup Pepsin safe for all ages as they know it is a simple vegetable compound of Egyptian senna with pepsin and agreeable aromatics. The formula is on the package.

**Give Laxative for Colds**

Adults should have at least one movement of the bowels every 24 hours, and children two or three. Failure to have it means constipation, then headache, biliousness, drowsiness, lack of appetite. Give a dose of Dr. Caldwell's Laxative Syrup Pepsin at bedtime, and there will be health and good feeling by morning. A dose costs less than a cent, and a bottle can be had at any drug store. Colds and constipation come together, so if you notice coughing or sneezing stop it at once with Laxative Syrup Pepsin.

## IN MEMORIAM

**DONALD A. NICHOLSON**  
There passed away at the P. E. I. Island Hospital, Donald A. Nicholson, the little son of Mr. and Mrs. Allan Nicholson, Springton, P. E. I. About four weeks previous to his death he was stricken with appendicitis and at once he was removed to the Hospital to be operated on. Here it was learned that his case was quite serious and although every effort was put forth to restore him to health and strength the result proved fatal, and on Sunday evening, October 7th, he passed into the great beyond.

Death always brings great sorrow but most especially is this true when a young life with all its hope and promise is cut off suddenly. Little Donald was only seven years of age, but he possessed such an agreeable and lovable disposition that he endeared himself to all who knew him. How precious in the eyes of Him who so much loves little children is such a child as Donald, and what great comfort it is to know that he is forever safe in the Good Shepherd's care.

The funeral service was conducted at the home in Springton, on Tuesday, October 9th at 2 p. m., by the Rev. John Stirling of Bialbane. Mr. Stirling's message was one of great comfort and assurance to the heart-broken parents and family. The interment was in Springton cemetery.

## Farewell Address

The Sunday School class of the Methodist church, Kensington, waited on Hon. T. W. Bentley, at his home in Kensington, on Friday evening to take cognizance of his departure from Kensington. Mr. R. G. Laughlin read the address—  
Hon. T. W. Bentley, Teacher Methodist Sunday School Class:

Dear Sir,  
With profound regret have we learned that it is your intention soon to depart from us, and take up residence in the Capital city. We say regret, because we are losing one of our practically valuable citizens, a man who has discharged duties with equal efficiency and laudable exactitude. As a private and a public citizen, you have ever advanced interest of, or in advance of the citizen body, and thus you have set an example that has been stimulative of augmented good.

Your talents have made for you such recognition as was shown in the recent electoral contest; and although the result will deprive us of your immediate association still we are confident that your spirit will ever be with us, and we will always treasure fond remembrance of the beneficial lessons that you have ever imparted. No where was this more evident than in your unremitting labors performed in the Sunday School class, where your effective teachings aided in moulding the characters of the pupils who came within the sphere of your influence.  
But words alone are easily given, we, therefore, wish to emphasize this expression of our estimation of you by something more impressive upon the success; we now ask you to accept the accompanying gift in the same spirit in which it is given, and ask you to associate

# William Richmond played square with his son

W. T. Richmond, a widower, died practically penniless the year before his son was to enter college. It seemed like a veritable tragedy; for Fred Richmond, the son, was an exceptionally brilliant student and a great future seemed ahead of him. His friends were all pitying him. But the pity was misplaced—for William Richmond had played square by his boy.

"What is this?" Fred asked.  
"Your father took out a Child's Endowment policy when you were two years old. This policy guaranteed the payment of \$7,000 to you when you were seventeen, even if your father died before this time."

You may be surprised, as others have been, at the protection afforded all concerned in this policy. Send for our booklet "The Child's Endowment Policy."

## Despaired of Life at 50 Strong and Well at 70

Mr. Jacob H. Macksey, 336 Midland Ave., Midland, Ont. writes—  
"I have used Dr. Chase's Kidney-Liver Pills for over 20 years and I feel that I owe my life to them. I suffered severely from rheumatism and heart failure. One doctor just gave me one year to live, and even told me I might be found dead at any time. A neighbor advised Dr. Chase's Kidney-Liver Pills and I have been using them as needed ever since. I am now 70 years of age, weigh 217 pounds and can work as well as any young man."
