**—BRIDAL SHOWER.**—Previous to her approaching marriage, Miss Ruth Metherell, of Rosebank, was tendered a miscellaneous shower at the beautiful home of Mr. and Mrs. Lester Profit. The bride-to-be was met at the door by little Ethel Hunter, who, after making a presentation of a bouquet led the guest of honor on a petal-strewn path through the decorated hallway to a prettily decorated arch in the living room. Miss Lella Profit followed wheeling a carriage trimmed in pink and white and laden with costly gifts. Mr. Leslie Dignman then read an address. Following this the gifts were opened and presented by Miss Pearl Craig and the reading of the accompanying verses caused much merriment. Miss Erma Palmer received the gifts and arranged them on a table. After a shower of apple-blossoms, Miss Metherell, in her winsome way thanked her friends one and all for their lovely gifts and accompanying good wishes. All joined in singing "For She's a Jolly Good Fellow." Lunch was served by the hostess, assisted by several of the ladies.

**—BLONDE GUN GIRL REWARD STILL UNPAID BY STATE.**

**NEW CASTLE, Pa., June 17.—(U.P.)**—Despite the fact that more than a dozen persons have claimed the reward offered for the capture of Glenn Dague and Irene Schroeder, executed for the murder of a Pennsylvania highway patrolman, none of the money has been paid. Lawrence County commissioners have been unable to determine who should get the money. Officials of Arizona, where Dague and Schroeder fatally shot a deputy in their flight, threatened to start a suit to collect the reward. The commissioners had hoped the suit would furnish a legal ruling for distribution of the money.

**HAT CAUSES AUTO ACCIDENT.**

**WOODLAND, Ill., June 17.—(U.P.)**—A woman's hat was responsible for injury to six persons in an automobile accident near here recently. The accident occurred when the wind blew the hat off the head of the woman, who was riding in a car with five others, and into the face of the driver. His vision temporarily obstructed, the driver lost control of the machine and it crashed into a culvert.

**SNOWSHOE BUSINESS GOOD.**

**NORWAY, Me., June 17.—(U.P.)**—The weather is warm but business is excellent in this town's ski and snowshoe industry. New machinery and other additional equipment is being installed in several factories. Norway produces 10,000 pairs of snowshoes and 60,000 hides of 3-5000 steers for snowshoe pairs of skis

**—SPLENDID CATCH.**—Some local fishermen have been reported to have been catching some very good specimens of trout lately; but the best catch of all to be told to the press was two large ones, weighing almost two pounds each and being in length about 15 inches long. Others in the basket were almost as large. The lucky fishermen were Mr. Dunn, who is the present manager of the Bank of Nova Scotia and Mr. Henry Noonan of Summerside. This is very good but they have still to beat a young man who caught one on the fly, two summers ago, weighing over two pounds and was 16 1-4 inches long and 4 inches deep.—S.

**PENNSYLVANIA LABOR TEST ASTOUNDING EXPERTS.**

**HARRISBURG, Pa., June 17.—(U.P.)**—A test to determine the will to work among men fed free at the Welfare Restaurant there turned out differently than expected, for it was necessary to restrain the men rather than to urge them to work. The experiment was centered on preparation of two plots of ground for cultivation. Trucks were stationed at the Welfare Restaurant for the accommodation of men who wished to work on the basis of two hours' labor for each meal served them. Previously meals had been served free and without labor to those who applied. Several hundred men appeared as volunteers for the work at hand. It was necessary to turn away the aged and the infirm. Further selection reduced the working force to 50, and that number worked through a light rainfall in cleaning the plot and clearing away weeds and bushes.

The crops raised on the plots will be used by the restaurant in its free meals. An average of 150 meals daily have been served since January 1.

**—GOVERNOR ROOSEVELT WILL SPEAK AT PITTSBURGH.**

**ERIE, Pa., June 17.—(U.P.)**—Governor Franklin D. Roosevelt, of New York, will speak in the new stadium here Labor Day. A crowd of 10,000 is expected to welcome him.

John Hemphill, candidate for governor at the last election, and John R. Collins, state chairman of the Democratic party, will be among the distinguished visitors.

**CARD FANS TO HAVE FIRST CHOICE OF SEATS.**

**ST. LOUIS, June 17.—(U.P.)**—President Sam Breardon has mailed letters to regular fans of the St. Louis Cardinal baseball club, advising them that this year they will get preference for World Series tickets. Anyone who buys ten general admission tickets for National League games here, will have first chance at tickets for the series—if played here, Breardon said. Decision to allot tickets followed criticism of last year's method when a "first come, first served" policy resulted in many local fans having to listen to the games here over the radio.

**MARRIAGE AGE SHOWS INCREASE IN CLEVELAND.**

**CLEVELAND, June 17.—(U.P.)**—The age at which Cleveland couples marry seems to be advancing, according to a single day's study of licenses at the marriage bureau. The average age of the June bride was 26 years and 9 months while her husband was 30 years and 11 months. The self-styled "confirmed bachelor" was far more frequently observed at the clerk's office than his younger, irresponsible brother.
