**MALTEX BREAD**

MADE FROM

**MALTEX FLOUR**

Maltex Flour, which is produced by the scientific treatment of the choicest wheat flour, with the finest barley malt distase makes a bread of very fine, delicate texture, brown in color, and although containing no sugar, has a slightly sweet, nutty flavor. It is extremely delicious. MALTEX BREAD is proving a happy revelation as far as digestibility is concerned. It is one of the most appetizing and nutritious breads made.

I have secured the sole right from THE MALTED CEREALS Co., Montreal, Que. to manufacture MALTEX BREAD for Charlottetown, P. E. I.

Families who value pure and unadulterated foods should give this Bread a trial.

What might have been a serious accident occurred Friday evening. It appears that Mrs. William Daziel, Water Street discovered some kindling on fire in the oven and forthwith proceeded to throw them out. The sleeves of her garment immediately caught fire, and had it not been for the timely assistance of Samuel Bell who chanced to be passing at the time, another fatality might have occurred. Her hands and arms were badly burned; but beyond that no further damage was done.

**POOR GIRL, PITY HER.**

Growing! Yes, into weakness, but not strength. Studies plenty of them. Tired of course she is, and weak too. Does not eat enough, and digests far less than enough. The condition is so frequent, but how seldom noticed even by her parents. Give her Ferrozone, then watch her appetite improve, her cheeks and lips grow ruddy, her steps elastic, her spirits buoyant. All this simply the result of eating and digesting enough, making blood and thereby strengthening the nerves and brain power. Ferrozone gives a woman's strength to weak girls. Your daughter or wife needs Ferrozone. Get it today.
