

# When the ground was cursed

For sinful Adam's sake, well knowing all the ills to which human kind would be subject, God made it to bear herbs of all-healing. Among these herbs none was more widely distributed, or more potent for good than the clover. The scientists of olden so found out the wonderful effect on the nervous system exercised by clover root, making it one of the chief ingredients in their most successful receipts for blood elixirs, sleeping draughts, and for the curing of diseases of the skin. Women in their most delicate years, when their faces to try to cover up the effects of bad, impure blood. They had work to do, and must keep themselves well, and did so with these teas made from the herbs of the field. A German scientist, one of the leading physicians of the time, has revived the use of clover in medicine. This is known as Karl's Clover Root Tea, and is a veritable elixir of life,

gently stimulating the stomach and bowels, causing them to secrete naturally the various juices needed for the processes of digestion and assimilation of food, and by keeping the bowels open and regular, relieved the body of all waste, poisonous matter, which, if allowed to remain, taints the blood, frequently causing rheumatism. In other words, Karl's Clover Root Tea restores health by making pure blood, without which no one can have either strength or beauty. An absolute cure for sick-headache, backache and sleeplessness. Your money refunded if it fails to cure.

"Gentlemen: I am so well pleased with Karl's Clover Root Tea, and the good results derived from it, that I hardly know how to express myself. For years I have had indigestion and eruptions of the skin, and found no relief until I began using Karl's Clover Root Tea."

## S'SIDE AND PRINCE CO.

Mr. Charles Doyle, formerly of this town and now of Montreal is spending the summer in this his former home in Summerside.  
A CABLE received yesterday announces the safe arrival of the Barque Rita, Capt. Olsen, at Penarth. This barque was loaded with oats at Summerside by Mr. Richards.  
Mr. Robb, Maritime Secretary of Y. M. C. A. spent yesterday in Summerside and in the evening by invitation of Rev. J. M. Withycombe addressed the Boy's Brigade.

The Campana arrived here yesterday from Montreal bringing a fair freight and ten passengers who are making the round trip. She left at four for Picton and intermediate ports.  
PART at least of the equipment of the P. E. I. R. has recently been put in good shape. Six conductors donned yesterday a new official suit each made by Mr. John McKenzie, the champion tailor of this town. The suits are nobby and very becoming, and are a credit both to the railway and to the tailor.

THE GUARDIAN understands that negotiations are in progress with a view to securing the Summerside Driving Park for the annual Scottish Gathering to be held here in August of this year. Should the arrangement materialize no doubt Prince County will attend in masse as on the last occasion when these popular sports were held here.

Just received, a fine lot of fresh confectionery in penny goods, mixtures, etc. All kinds of temperate drinks, Kola, Ginger Ale, Sarsaparilla, etc. Fresh fruit always in stock at the Railway Grocery, J. B. Strong, 831.

Preparations are in progress for a grand series of races to be held on the Summerside Driving Park on Dominion Day. There will be three classes, a free for all for a purse, \$150; a 2.40 class for \$100 and a three minute class for \$100. Races to start at 1.30. Entrance fee 10 per cent of purse. Entries close on 18th inst. Further particulars will be given later.

MR. JAMES A. HOUSTON of Spring Valley has already revolutionized his new farm at Burlington. When this farm came into his possession about a year ago it was covered with forest. There are now several well tilled fields consisting of about 20 acres clear and sown, and already giving promise of an abundant harvest. A number of men and several teams are constantly employed. Mr. Houston gives promise of making as brilliant a success of farming as he has of teaching.

## LOCAL LEGISLATURE.

(Continued from the Fifth Page.)

Hon. D. Gordon said he did not hope to live long enough to hear such a defence as has been made by the Hon. member from Sprinkton. He believed the sale of liquor in the Club was a direct contradiction of the object of the Bill. If the amendment to the Bill is not passed the people will have an institution where men will go and have their wine, whiskey, etc. He would never give his voice against any thing that he would want himself. Last year the Leader of the Government brought in a bill to license the liquor sellers to sell for \$200 each. The bill is a delusion without the amendment.  
The discussion was then continued by Messrs. Peters, Farquharson, Shaw, and Birch.

Mr. McKinnon's amendment was then put and was lost on a straight party vote, 14-10. Campbell, DesRoche, Jas. E. McDonald, Opposition, absent.

Mr. M. McKinnon said that it was discouraging to offer amendments when they were voted down, but he wished to move the following, seconded by Mr. A. P. Prowse:

That section four is hereby amended by inserting after the word agent in the second line thereof the words following, Steward, Secretary, Butler, or club or association Manager.

Mr. McKinnon's amendment was defeated on a straight party vote 12-11. Some very slight verbal changes were made in several sections.

Mr. Birch moved in amendment to Section 7, seconded by Mr. A. P. Prowse. That the giving, selling, bartering, or division to or amongst the members thereof of intoxicating liquors, purchased or acquired by a club or by an association, organization, or by a combination of persons for social purposes for the use of such club, association, organization or combination of persons for social purposes shall be considered a sale within the meaning of this Act, and the person giving, selling, bartering or dividing such intoxicating liquor to and amongst such members shall be considered a seller of intoxicating liquors within the meaning of this Act and be liable to the penalties thereof.

The amendment was lost on a straight party vote of 12-11.

Mr. Shaw moved an amendment that the word June in the second line of section 20 be struck out and the word December be inserted in lieu thereof and that the figures 1901 be struck out and the figures 1900 be inserted.

The amendment was defeated on a straight party vote 12-11. The Speaker then took the chair and the Bill was reported agreed to with amendments. The several amendments moved in committee were again moved and rejected and the Bill

was unanimously agreed to by both sides of the House.  
Some further business was done and the House adjourned at 1.50.

## CATARRH CURED!! ABSOLUTELY.

The most acute and disagreeable forms of this loathsome and dangerous disease disappear when Japanese Catarrh Cure is used.

It cures by healing every diseased portion of the Mucous Membrane. The only absolute cure.

Mr. John Baird, 393 King street west, Toronto, writes:—"I have every reason to feel grateful for the benefits derived from Japanese Catarrh Cure. I have been very badly troubled with catarrh since having la grippe in 1895. The drooping in my throat and pain across my eyes was almost constant, and my breath at times became very offensive. I used only a few boxes of Japanese Catarrh Cure, and it has completely removed every symptom of catarrh, and from my experience the cure will be permanent. It certainly does all claimed for it, which I cannot say of many other remedies tried. Japanese Catarrh Cure is the only permanent cure for catarrh yet discovered. Price 50 cents, by all druggists. A free sample will be sent to any sufferer from catarrh. Address: The Grimms and Macpherson Co., Limited, 121 Church street, Toronto, Canada.
