**'Build a Better Mousetrap and ...'**

It's unlikely that the world will beat a path to the doorway of Sgt. Philip J. Bianco of Cleveland, Ohio, but the rattrap he built on Cape Gloucester seems to merit it. Photo-diagram above shows him demonstrating the gadget. Idea is: rat travels runway (1) to get bait (2), but last section of runway (3) is hinged, and rat's weight sends him kerplunk into can, (4). Bianco caught 65 in one night.

*Towards the Great Day—*

In your mind's eye, yearningly, you picture it . . . that great Tomorrow when the papers headline "Victory" . . . when the church bells ring the glory of the news across the land . . . when the beating of glad and thankful hearts will be like an echo of marching feet, as our boys come home again.

Victory Bonds . . . and then an extra Bond. It may mean scraping bottom on your budget, but remember . . . your extra Bond may be the one that tips the balance.

What can you do to hasten the day? Put Victory First. Buy

Yours may be the Bond that brings the sunrise . . . sooner than you dared to dream . . . on the day when Victory sends the boys back to Canada again . . . safe at last, and proud and smiling, as they swing down the road to home.
